EXECUTIVE SUMMARY

This report is provided annually to the Congress to determine and quantify the extent to which the Minority Small Business and Capital Ownership Development Program (herein referenced as the 8(a) Business Development (BD) program) has assisted in the development of firms owned and controlled by socially and economically disadvantaged individuals. The Small Business Act requires the U.S. Small Business Administration (SBA) to provide information on participants in the 8(a) BD program for the Report year and the status of the business concerns that completed their 8(a) BD program term during the preceding three fiscal years of the Report year. The Fiscal Year (FY) 2011 Report will report on FY 2011 firms and will provide information on firms that left/completed the program during the three preceding fiscal years, e.g. FY 2008, FY 2009 and FY 2010.

FY 2011 marked the 43rd year of the SBA's 8(a) BD Program. During fiscal year 2011, a total of 7,814 businesses participated in the 8(a) BD Program (defined as in the program at least one day during the fiscal year). These firms made significant contributions to the Federal, state and local tax bases and contributed an estimated 275,256 jobs to the Nation's economy. Between October 1, 2010, and September 30, 2011, a total of 621 new firms were certified to participate in the program.⁴

The 7,814 FY 2011 8(a) firms reported on year-end financial statements including total revenues (i.e., 8(a) sales and non 8(a) sales⁵) exceeding \$13,728,125,209. These 8(a) firms reported 8(a) revenue exceeding \$6,477,774,738 which represents 47.19 percent of total revenue for FY 2011 firms.

In order to assess the current business status of former 8(a) firms that exited and *completed*⁶ the program during the past three preceding fiscal years, SBA utilized Dun and Bradstreet (D&B) data to provide information on these firms for the reporting year of FY 2011. Between October 1, 2007 and September 30, 2010, a total of 1,925 firms completed the term of nine years before exiting the program. Data was available for 1,803 of the firms. From these 1,803 firms, 1,704 firms were actively engaged in business operations; 99 firms ceased operations; 55 firms substantially curtailed business operations; no firms were acquired by another firm or organization owned and controlled by other than socially and economically disadvantaged individuals.

Based on the 1,704 active firms within the group of 8(a) firms that exited and completed the program during the past three preceding fiscal years, these firms reported revenues for FY 2011 of approximately \$6,810,086,730 and provided jobs for approximately 81,954 persons.

⁴ Data regarding jobs (employees) and revenue was pulled from SBA's internal database (e8a System) on March 30, 2012.

⁵ Non 8(a) sales are defined as commercial, local government, Federal other than 8(a) and state government sales.

⁶ The term completed in the context of the 8(a) BD program means that the firm spent the full nine program years in the program and then exited.

PROGRAM INITIATIVES

- 1. Mission:** The purpose of the 8(a) BD program is to assist eligible small disadvantaged business concerns to compete in the American economy through business development. These small disadvantaged businesses are owned and controlled by socially and economically disadvantaged *individuals* or by economically disadvantaged *entities*, to include Tribally Owned, Alaskan Native Corporations, Native Hawaiian Organizations and Community Development Corporations. The 8(a) BD program fulfills its mission by providing business development resources, such as marketing, managerial, technical, and financial and procurement assistance.
- 2. Business Development:** The 8(a) BD program promotes business development over a nine year period. Each participant's progress is monitored and measured, and its developmental needs are identified through an annual review, including an analysis of the firm's business plan. The 8(a) BD firms can receive guidance from many organizations outside of the SBA, to include Service Corps of Retired Executives (SCORE), Small Business Development Centers (SBDC), and Women's Business Centers (WBC). In addition, through award of sole source and limited-competition contracts, the 8(a) BD program provides a logical and systematic approach to market access and enterprise growth to small businesses owned and controlled by socially and economically disadvantaged individuals.
- 3. Management and Technical Assistance:** Under Small Business Act Section 7(j)(16)(B)(i), the SBA provides specialized training, professional consultant assistance, and high-level executive development to eligible firms. This authority allows the SBA to provide assistance to 8(a) BD program participants as well as to other small disadvantaged businesses, low-income entrepreneurs, and small businesses in labor-surplus areas or areas with a high proportion of low-income individuals. 8(a) certified firms also receive assistance through SCORE, SBDCs and the United States Export Assistance Centers (USEAC), as well as the mentor-protégé, joint venture, surety bond guarantee, and SBA loan programs.

NET WORTH OF NEWLY CERTIFIED PROGRAM PARTICIPANTS

SMALL BUSINESS ACT – SECTION 7(J)(16)(B)(i)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

The average personal net worth of individuals who own and control concerns that were initially certified for participation in the Program during the immediately preceding fiscal year. The Administrator shall also indicate the dollar distribution of net worth, at \$50,000 increments, of all such individuals found to be socially and economically disadvantaged.

1. **Personal Net Worth⁷**: The personal net worth, for program purposes, is the net value of the remaining assets of an individual, after total liabilities are deducted from his/her total assets. During fiscal year 2011, 657 individuals were initially certified to participate in the 8(a) BD Program. Table I presents data on the personal net worth of the 657 individuals who used their eligibility to qualify 621 firms (more than one individual may use his/her social and economic disadvantage status to qualify a single firm). The average personal net worth of these individuals was \$203,317.01.

Individuals with a personal net worth ranging from less than zero dollars to \$50,000 constituted 24.5 percent of owners controlling firms that were certified; individuals with a personal net worth of \$50,001 to \$100,000 constituted 13.4 percent; and individuals with a personal net worth of \$100,001 to \$150,000 constituted 12.6 percent. Approximately 50.5 percent of the individuals owning and controlling firms that were certified had a personal net worth ranging from less than zero dollars to \$150,000.

1. **Adjusted Personal Net Worth⁸**: The adjusted personal net worth, for program purposes, is defined as personal net worth less the disadvantaged individual's equity in his or her primary residence and the individual's ownership interest in the applicant concern. In determining personal net worth, the Small Business Act requires the SBA to utilize adjusted personal net worth. Thus, for determining whether or not an individual may be considered economically disadvantaged, the adjusted personal net worth is used. For FY 2011, the average adjusted personal net worth of individuals owning and controlling firms and initially certified during FY 2011 was \$58,538.58.

⁷ See Table I. Data for Table I and Table II was pulled on January 27, 2012 and was verified against the electronic source documents in Business Development Management Information System (BDMIS) between March 1 and March 15, 2012. BDMIS is the database of record for 8(a) application reviews.

⁸ See Table II.

Individuals with an adjusted personal net worth ranging from less than zero dollars to \$50,000 constituted 47.0 percent of owners controlling firms that were certified; individuals with an adjusted personal net worth of \$50,001 to \$100,000 constituted 19.8 percent; and individuals with an adjusted personal net worth of \$100,001 to \$150,000 constituted 16.3 percent. Approximately 83.1 percent of the individuals owning and controlling firms that were certified had an adjusted personal net worth ranging from less than zero dollars to \$150,000.

BENEFITS AND COSTS OF THE 8(a) BUSINESS DEVELOPMENT PROGRAM TO THE ECONOMY AND GOVERNMENT

SMALL BUSINESS ACT - Section 7(j)(16)(B)(ii)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

A description and estimate of the benefits and costs that have accrued to the economy and the Government in the immediately preceding fiscal year due to the operation of those business concerns that were performing contracts awarded pursuant to section 8(a).

During FY 2011, a total of 7,814 firms participated in the 8(a) BD program. This total includes all firms that were in the program at least one day during the fiscal year. These firms provided employment for more than 275,256 people.

Based on year-end financial statements submitted by participants in the program during the fiscal year ending September 30, 2011, total revenue exceeded \$13,728,125,209 with 8(a) revenue exceeding \$6,477,774,738, or 47.19 percent of the total revenue. Maintaining a balance of revenue for program participants between 8(a) revenue and non 8(a) revenue is in line with the business development guidance of the program.

1. Benefits to the Economy and to the Government

In principal, the benefit to the economy represents the incremental gain to disadvantaged groups from employment and income supported by 8(a) business development assistance as well as incremental gains in business sustainability. The following are areas in which 8(a) participants are contributing to the gross domestic product: the Nation's tax base, employment, and the individual wealth and well-being of all Americans.

- a) **Long-term Business Development Efforts:** While 8(a) BD contract value figures represent a very small percentage of total Federal procurement dollars, they serve as an indicator of the development of firms owned and operated by individuals and entities that historically have had limited access to capital, credit and public/private contracting opportunities. Additionally, these contracts and values can serve as gauges to the Nation's economic growth and to the diversity of much needed new jobs.
- b) **Employment:** The 7,814 8(a) BD firms provided employment to an estimated 275,256 people during FY 2011, representing an average of 35.2 employees per company. The 8(a) BD program is a source of employment in all fifty states, including the District of Columbia, Guam, Puerto Rico and the U.S. Virgin Islands.

Costs to the Government

The SBA's Office of Business Development (BD), under the Government Contracting and Business Development (GCBD) office, is responsible for the administration of the 8(a) BD program.

a. Program Administrative Costs⁹

SBA program administrative costs consist of personnel, travel, supplies, training and normal business expenses. In FY 2011, the 8(a) BD program had actual costs of \$58,273,883, including \$9,644,390 attributable to Headquarters, and \$48,629,493 attributable to the Field Office (District Offices).

b. Management and Technical Assistance¹⁰

Section 7(j) of the Small Business Act mandates that the SBA obtains and maintains a cadre of qualified individuals and organizations that provide assistance to socially and economically disadvantaged individuals. For FY 2011, Section 7(j) assistance had actual costs of \$6,502,224 of which \$6,354,392 is attributable to contracts awarded for training and \$147,832 is associated with 7(j) program administrative expenses.

c. Advance Payments

There was no advance payments made during FY 2011.

⁹ Program Administrative Costs data were provided by SBA's Office of Chief Financial Officer (OCFO) and are the same as what OCFO sent to the Congress.

¹⁰ Management and technical assistance data were provided by SBA's Office of Chief Financial Officer (OCFO) and are the same as what OCFO sent to the Congress.

EVALUATION OF FIRMS THAT EXITED/COMPLETED 8(a) BUSINESS DEVELOPMENT PROGRAM DURING THREE PREVIOUS FISCAL YEARS

SMALL BUSINESS ACT - Section 7(j)(16)(B)(iii)

([T]he administrator shall submit a report to the Congress...that shall include the following :)

A compilation and evaluation of those business concerns that have exited the Program during the immediately preceding three fiscal years. Such compilation and evaluation shall detail the number of concerns actively engaged in business operations, those that have ceased or substantially curtailed such operations, including the reasons for such actions, and those concerns that have been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. For those businesses that have continued operations after they exited from the Program, the Administrator shall also separately detail the benefits and costs that have accrued to the economy during the immediately preceding fiscal year due to the operations of such concern.

The SBA utilized data provided by Dun & Bradstreet (D&B) to analyze the 1,925 firms that completed their 8(a) Business Development Program terms between October 1, 2007, and September 30, 2010. (See Table III.) There was no data available for 122 firms out of the 1,925 firms. Of the 1,803 firms for which data was available, 1,704 remained in business and 55 substantially curtailed operations. No firms were acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. 99 firms ceased business operations. The total annual revenue of all exited firms over the preceding three fiscal years for FY 2011 was approximately \$6,810,086,730 and the total number of employees for the same group of firms for the same reporting period (FY 2011) was approximately 81,954.

As for the reasons that former program participant firms ceased operations, these could be various. Such reasons are most likely similar to the reasons that cause any category of business to cease operations. These may include the following: economic conditions; retirement; illness or death of the owner; reduced federal contracting opportunities; a decision to sell the business or start a new business venture; or the pursuit of other professional interests. According to recent census data,¹¹ seven out of 10 new employer firms survive at least two years; half at least five years; a third at least 10 years; and a quarter stay in business 15 years or more. Census data report that 69 percent of new employer establishments born to new firms in 2000 survived at least two years, and 51 percent survived five or more years. Survival rates were similar across states and major industries. Bureau of

¹¹ U.S. Department of Commerce, Census Bureau, Business Dynamics Statistic.

Labor Statistics data on establishment age show that 49 percent of establishments survive five years or more; 34 percent survive 10 years or more; and 26 percent survive 15 years or more.¹²

¹² It should be noted that the Census data represent *firms*, which are the entirety of the business, while Bureau of Labor Statistics indicate *establishments*. The firm and establishment survival age figures are similar.

***Please note that the statutory language cited above requests detailed information for firms that have exited the 8(a) Program for each of the three preceding fiscal years. To determine whether a firm had substantially curtailed business operation, SBA based this data on the number of employees at the time of program completion and compared that number to the current number of employees. If there was a significant decrease, greater than fifty percent, it was determined that the firm may have curtailed business operations.**

COMPILATION OF FISCAL YEAR 2011 PROGRAM PARTICIPANTS

SMALL BUSINESS ACT - Section 7(j)(16)(B)(iv)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

A listing of all participants in the Program during the preceding fiscal year identifying, by State and by Region, for each firm: the name of the concern, the race or ethnicity, and gender of the disadvantaged owners, the dollar value of all contracts received in the preceding year, the dollar amount of advance payments received by each concern pursuant to contracts awarded under section 637(a) of this title, and a description including (if appropriate) an estimate of the dollar value of all benefits received pursuant to paragraphs (13) and (14) and section 7(a) (20) during such year.

Appendix B that follows provides a compilation of 2011 program participants, including dollars obligated in FY 2011, in addition to detail by firm to include state, region, ethnicity/race and gender.¹³

Statistics concerning the categories of ethnicity/race, entities and gender are provided immediately below.

The ethnicity/race categories¹⁴ and percentages of the individual owners of the 7,814 firms participating in the 8(a) BD program for FY 2011 are as follows:

- Asian Pacific American (AP) - 910 (11.65 percent)
- Black American (BA) – 2,561 (32.77 percent)
- Caucasian American (CA) - 184 (2.35 percent)
- Hispanic American (HA) – 1,726 (22.09 percent)
- Native American (NA)- 671 (8.59 percent)
- Native Hawaiian American (NH) - 13 (0.17 percent)
- Subcontinent Asian American (SA) - 796 (10.19 percent)
- Other American¹⁵ – 953 (12.20)

¹³ Information in Appendix B was pulled from FPDS-NG on April 12, 2012 using DUNS numbers for FY 2011 8(a) firms.

¹⁴ Ethnicity/Race categories were pulled from SBA's internal database (e8a System).

¹⁵ The category of "Other American" includes individuals, who selected "Other American," who selected "No Ethnicity", who selected categories that are not considered ethnicity/race and who made no selection at all.

Firms categorized as owned by entities¹⁶ rather than by individuals are represented in the 8(a) BD program as the following:

- Alaskan Native Corporations (ANCs) - 221 (2.83 percent)
- Tribally Owned 80 (1.02 percent)
- Native Hawaiian Organizations 17 (0.22 percent)
- Community Development Corporations 2 (0.03 percent)

The 8(a) BD program can also be analyzed according to gender.¹⁷ Men owned 62.8 percent of the firms, and women owned 33.3 percent. Of the FY 2011 8(a) firms, 4.0 percent of the total number of firms did not report a specific gender.

Appendix C and D at the end of this report show dollar values of all benefits provided in 7(a) Loans and 504 Loans to 8(a) Participants. (Source for loan values is SBA's Loan Accounting System (LAS) and Master Data (ELIPS).)

¹⁶ Entities categories were pulled from SBA's internal database (e8aSystem) and cannot be categorized by ethnicity/race.

¹⁷ Gender data was pulled from SBA's internal database (e8a System).

DOLLAR OBLIGATIONS FOR 8(a) CONTRACTS BY NAICS CODES²⁰

SMALL BUSINESS ACT - Section 7(j)(16)(B)(v)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

The total dollar value of contracts and options awarded pursuant to section 637(a) of this title, at such dollar increments as the Administrator deems appropriate, for each four digit standard industrial classification code under which such contracts and options are classified.

Appendix A²¹ which follows indicates FY 2011 8(a) contract dollars obligated²² by NAICS CODES (six-digit NAICS codes) for current firms and firms in which program term is completed but contract options remain open. This information was pulled from Federal Procurement Data Systems – Next Generation on March 30, 2012, and the information has not been certified.

²⁰ NAICS stands for North American Industry Classification System and are six digit codes. The SIC four-digit standard industrial classification code system is no longer in existence.

²¹ FY 2011 dollars obligated by NAICS was pulled on March 30, 2012 from Federal Procurement Data System – Next Generation (FPDS-NG). FPDS-NG is the official depository for Federal procurements.

²² Contract dollars obligated (listed as “action obligations in FPDS-NG”) represents dollars actually obligated in the fiscal year. “Actions” listed in FPDS-NG and used in this report represent number of modifications performed by the Contracting Officer during the fiscal year and do not represent number of contracts.
