Such compilation and evaluation shall detail the number of concerns actively engaged in business operations, those that have ceased or substantially curtailed such operations, including the reasons for such actions, and those concerns that have been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. For those businesses that have continued operations after they exited from the Program, the Administrator shall also separately detail the benefits and costs that have accrued to the economy during the immediately preceding fiscal year due to the operations of such concerns.

EXECUTIVE SUMMARY

This report is provided annually to the Congress to determine and quantify the extent to which the Minority Small Business and Capital Ownership Development Program (herein referenced as the 8(a) Business Development (BD) program) has assisted in the development of firms owned and controlled by socially and economically disadvantaged individuals. The Small Business Act requires the U.S. Small Business Administration (SBA) to provide information on participants in the 8(a) BD program for the Report year and the status of the business concerns that completed their 8(a) BD program term during the preceding three fiscal years of the Report year. The Fiscal Year (FY) 2013 Report will report on FY 2013 firms and will provide information on firms that left/completed the program during the three preceding fiscal years, e.g. FY 2010, FY 2011 and FY 2012.

FY 2013 marked the 46th year of the SBA's 8(a) BD Program. During fiscal year 2013, a total of 6,659 businesses participated in the 8(a) BD Program (defined as in the program at least one day during the fiscal year). These firms made significant contributions to the Federal, state and local tax bases and contributed an estimated 170,364 jobs to the Nation's economy. Between October 1, 2012 and September 30, 2013, a total of 412 new firms were certified to participate in the program.⁴

With regard to total contract dollars for the current 6659 8(a) Participants in Fiscal year 2013, FPDS-NG shows obligations of \$22,648,766,467. This consisted of \$13,148,746,924 in 8(a) contracts and \$9,500,019,542 in non-8(a) contracts.

In order to assess the current business status of former 8(a) firms that exited and *completed*⁵ the program during the past three preceding fiscal years, SBA utilized Dun and Bradstreet (D&B) data to provide information on these firms for the reporting year of FY 2013. Between October 1, 2009 and September 30, 2012, a total of 2,161 firms completed the term of nine years before exiting the program. Of the 2,161 total number of firms, there were 1,990 active firms, 75 ceased firms and 96 firms defined as not having data available for determining status as reported by D&B. Of the active firms, one was acquired by another firm or organization owned and controlled by other than socially and economically disadvantaged individuals and 199 firms were substantially curtailed.

As reported by D&B and based on the 1,990 active firms within the group of 8(a) firms that exited and completed the program during the past three preceding fiscal years, these firms reported revenues for FY 2013 of approximately \$5,062,549,065 and provided jobs for approximately 66,974 persons.

⁴ Data regarding jobs (employees) and new certified firms was pulled from SBA's internal database (e8a System) on February 25, 2014.

⁵ The term "completed" in the context of the 8(a) BD program means that the firm spent the full nine program years in the program and then exited.

PROGRAM INITIATIVES

- 1. Mission:** The purpose of the 8(a) BD program is to assist eligible small disadvantaged business concerns to compete in the American economy through business development. These small disadvantaged businesses are owned and controlled by socially and economically disadvantaged *individuals* or by economically disadvantaged *entities*, to include Tribally Owned, Alaskan Native Corporations, Native Hawaiian Organizations and Community Development Corporations. The 8(a) BD program fulfills its mission by providing business development resources, such as marketing, managerial, technical, and financial and procurement assistance.
- 2. Business Development:** The 8(a) BD program promotes business development over a nine year period. Each participant's progress is monitored and measured, and its developmental needs are identified through an annual review, including an analysis of the firm's business plan. The 8(a) BD firms can receive guidance from many organizations outside of the SBA, to include Service Corps of Retired Executives (SCORE), Small Business Development Centers (SBDC), and Women's Business Centers (WBC). In addition, through award of sole source and limited-competition contracts, the 8(a) BD program provides a logical and systematic approach to market access and enterprise growth to small businesses owned and controlled by socially and economically disadvantaged individuals and economically disadvantaged entities.
- 3. Management and Technical Assistance:** Under Small Business Act Section 7(j)(16)(B)(i), the SBA provides specialized training, professional consultant assistance, and high-level executive development to eligible firms. This authority allows the SBA to provide assistance to 8(a) BD program participants as well as to other small disadvantaged businesses, low-income entrepreneurs, and small businesses in labor-surplus areas or areas with a high proportion of low-income individuals. 8(a) certified firms also receive assistance through SCORE, SBDCs, WBCs, and the United States Export Assistance Centers (USEAC), as well as the mentor-protégé, joint venture, surety bond guarantee, and SBA loan programs.

NET WORTH OF NEWLY CERTIFIED PROGRAM PARTICIPANTS

SMALL BUSINESS ACT – SECTION 7(J)(16)(B)(i)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

The average personal net worth of individuals who own and control concerns that were initially certified for participation in the Program during the immediately preceding fiscal year. The Administrator shall also indicate the dollar distribution of net worth, at \$50,000 increments, of all such individuals found to be socially and economically disadvantaged.

1. **Personal Net Worth⁶:** The personal net worth, for program purposes, is the net value of the remaining assets of an individual, after total liabilities are deducted from his/her total assets. During the 2013 fiscal year, 412 individuals were initially certified to participate in the 8(a) BD Program. Table I presents data on the personal net worth of the 417 individuals who used their eligibility to qualify 412 firms (more than one individual may use his/her social and economic disadvantage status to qualify a single firm). The average personal net worth of these individuals was \$302,330.

Individuals with a personal net worth ranging from less than zero dollars to \$50,000 constituted 8.39 percent of owners controlling firms that were certified; individuals with a personal net worth of \$50,001 to \$100,000 constituted 10.79 percent; and individuals with a personal net worth of \$100,001 to \$150,000 constituted 11.04 percent. Approximately 30.22 percent of the individuals owning and controlling firms that were certified had a personal net worth ranging from less than zero dollars to \$150,000.

1. **Adjusted Personal Net Worth⁷:** The adjusted personal net worth, for program purposes, is defined as personal net worth less the disadvantaged individual's equity in his or her primary residence and the individual's ownership interest in the applicant concern. In determining personal net worth, the Small Business Act requires the SBA to utilize adjusted personal net worth. Thus, for determining whether or not an individual may be considered economically disadvantaged, the adjusted personal net worth is used. For FY 2013, the average adjusted personal net worth of individuals owning and controlling firms and initially certified during FY 2013 was \$61,097.

Individuals with an adjusted personal net worth ranging from less than zero dollars to \$50,000 constituted 45.08 percent of owners controlling firms that were certified;

⁶ See Table I. Data for Table I and Table II was pulled on March 4, 2014 and was verified against the electronic source documents in Business Development Management Information System (BDMIS). BDMIS is the database of record for 8(a) application reviews.

⁷ See Table II.

individuals with an adjusted personal net worth of \$50,001 to \$100,000 constituted 22.79 percent; and individuals with an adjusted personal net worth of \$100,001 to \$150,000 constituted 14.14 percent. Approximately 82.01 percent of the individuals owning and controlling firms that were certified had an adjusted personal net worth ranging from less than zero dollars to \$150,000.

BENEFITS AND COSTS OF THE 8(a) BUSINESS DEVELOPMENT PROGRAM TO THE ECONOMY AND GOVERNMENT

SMALL BUSINESS ACT - Section 7(j)(16)(B)(ii)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

A description and estimate of the benefits and costs that have accrued to the economy and the Government in the immediately preceding fiscal year due to the operation of those business concerns that were performing contracts awarded pursuant to section 8(a).

During FY 2013, a total of 6,659 firms participated in the 8(a) BD program. This total includes all firms that were in the program at least one day during the fiscal year. These firms provided employment for more than 170,833 people.

Total 8(a) sales, based on FPDS-NG, were \$13,997,559,301.36. Year-end financial statements submitted by the 6,659 firms indicate total revenues of \$11,519,996,113. This consisted of \$5,367,849,737 in 8(a) sales and \$6,152,146,376 in non-8(a) sales. The 8(a) self-reported revenue represents an estimated 46.60 percent of self-reported total revenue.

1. Benefits to the Economy and to the Government

In principal, the benefit to the economy represents the incremental gain to disadvantaged groups from employment and income supported by 8(a) business development assistance as well as incremental gains in business sustainability. The following are areas in which 8(a) participants are contributing to the gross domestic product: the Nation's tax base, employment, and the individual wealth and well-being of all Americans.

- a) **Long-term Business Development Efforts:** While 8(a) BD contract value figures represent a very small percentage of total Federal procurement dollars, they serve as an indicator of the development of firms owned and operated by individuals and entities that historically have had limited access to capital, credit and public/private contracting opportunities. Additionally, these contracts and values can serve as gauges to the Nation's economic growth and to the diversity of much needed new jobs.
- b) **Employment:** The 6,659 8(a) BD firms provided employment to an estimated 170,833 people during FY 2013, representing an average of 25.7 employees per company. The 8(a) BD program is a source of employment in all fifty states as well as the District of Columbia, Guam, Puerto Rico and the U.S. Virgin Islands.

Costs to the Government

The SBA's Office of Business Development (BD), under the Office of Government Contracting and Business Development (GCBD), is responsible for the administration of the 8(a) BD program.

a. Program Administrative Costs⁸

SBA program administrative costs consist of personnel, travel, supplies, training and normal business expenses. In FY 2013, the 8(a) BD program had actual costs of \$51,648,731, including \$7,538,212 attributable to Headquarters, and \$44,110,519 attributable to the Field Office (District Offices).

b. Management and Technical Assistance⁹

Section 7(j) of the Small Business Act mandates that the SBA obtains and maintains a cadre of qualified individuals and organizations providing assistance to socially and economically disadvantaged individuals. For FY 2013, Section 7(j) assistance had actual costs of \$3,095,500 attributable to cooperative agreements and contracts.

c. Advance Payments

There were no advance payments made during FY 2013.

⁸ Program Administrative Costs data were provided by SBA's Office of Chief Financial Officer (OCFO) and are the same as what OCFO sent to the Congress.

⁹ Management and technical assistance data were provided by SBA's Office of Chief Financial Officer (OCFO) and are the same as what OCFO sent to the Congress.

EVALUATION OF FIRMS THAT COMPLETED 8(a) BUSINESS DEVELOPMENT PROGRAM DURING THREE PREVIOUS FISCAL YEARS

SMALL BUSINESS ACT - Section 7(j)(16)(B)(iii)

([T]he administrator shall submit a report to the Congress...that shall include the following :)

A compilation and evaluation of those business concerns that have exited the Program during the immediately preceding three fiscal years. Such compilation and evaluation shall detail the number of concerns actively engaged in business operations, those that have ceased or substantially curtailed such operations, including the reasons for such actions, and those concerns that have been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. For those businesses that have continued operations after they exited from the Program, the Administrator shall also separately detail the benefits and costs that have accrued to the economy during the immediately preceding fiscal year due to the operations of such concern.

The SBA utilized data provided by Dun & Bradstreet (D&B) to analyze the 2,161 firms that completed their 8(a) Business Development Program terms between October 1, 2009 and September 30, 2012. (See Table III for category summary of firms based on data from SBA's e8a System and Table IIIa for status summary of firms based on D&B data.) In Table IIIa, of the 2,161 total number of firms, there were 1,990 active firms, 75 ceased firms, and 96 firms defined as not having data available for determining status. Of the active firms, one was acquired by another firm or organization owned and controlled by other than socially and economically disadvantaged individuals and 199 firms were substantially curtailed. Of the 1,990 active firms, the total annual revenue for such firms over the preceding three fiscal years was approximately \$5,062,549,065 in FY 2013. This provided jobs for approximately 66,974 persons

As for the reasons that former program participant firms ceased operations, these could be various. Such reasons are most likely similar to the reasons that cause any category of business to cease operations. These may include the following: economic conditions; retirement; illness or death of the owner; reduced federal contracting opportunities; a decision to sell the business or start a new business venture; or the pursuit of other professional interests. According to recent census data,¹⁰ six out of 10 new employer firms survive at least two years; and a quarter stay in business 15 years or more. Census data report that 64 percent of new employer firms in 2000 survived at least two years, and 46 percent survived five or more years. Survival rates were similar across states and major industries. Bureau of Labor Statistics data on establishment age show that 49 percent of

¹⁰ U.S. Department of Commerce, Census Bureau, Business Dynamics Statistics.

establishments survive five years or more; 34 percent survive 10 years or more; and 26 percent survive 15 years or more.¹¹

¹¹ It should be noted that the Census data represent *firms*, which are the entity of the business, while Bureau of Labor Statistics indicate *establishments*. The firm and establishment survival age figures are similar.

*Statutory language in this section requests status information on firms that have completed the 8(a) Program for each of the three preceding fiscal years of the Report Year. A firm having *completed* the 8(a) program is defined as a firm having spent the full nine years in the program. *Active* firms are defined as being actively engaged in business operations. *Ceased* firms are firms that are out of business. *Active firms acquired* are defined as having been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. If the firm was acquired by other than an 8(a) firm then the firm would be listed as acquired. Firms *substantially curtailed* are defined as firms with the number of employees at the end of the Reporting year to be less than 50% of the number of employees at the end of the fiscal year when the business left the program.

A listing of all participants in the Program during the preceding fiscal year identifying, by State and by Region, for each firm: the name of the concern, the race or ethnicity, and gender of the disadvantaged owners, the dollar value of all contracts received in the preceding year, the dollar amount of advance payments received by each concern pursuant to contracts awarded under section 637(a) of this title, and a description including (if appropriate) an estimate of the dollar value of all benefits received pursuant to paragraphs (13) and (14) and section 7(a) (20) during such year.

Appendix B that follows provides a compilation of 2013 program participants, including dollars obligated in FY 2013, in addition to detail by firm to include region, state, MED Min codes (comprised of Minority Enterprise Development (MED) codes and Minority (Min or Ethnicity/Race) codes, entity designation (if other than an individual firm) and gender.¹²

Statistics concerning the categories of MED Min, entities and gender are provided below.

The MED Min categories used in this report are significant as they are used as the basis of disadvantage.¹³ The information below shows the number of firms in each MED Min category and the percentage that number is of the total number of firms (6,659):

- Asian Pacific American (AP) – 747 (11.22%)
- Black American (BA) – 2173 (32.63%)
- Caucasian American (CA) – 106 (1.59%)
- Hispanic American (HA) – 1530 (22.98%)
- Native American (NA) – 501 (7.52%)
- Native Hawaiian American (NH) – 8 (0.12%)
- Other (American) (OT)¹⁴ - 553 (8.30%)
- Subcontinent Asian American (SA) – 709 (10.65%)

¹² Firm names listed in Appendix B were pulled from FPDS-NG on March 28, 2014 using DUNS numbers for FY 2013 8(a) firms.

¹³ MED Min categories are used in the 8(a) program and found in the e8a System (SBA's internal database). They represent Minority Enterprise Development (MED) codes used as basis of disadvantage (if other than ethnicity/race) along with Minority (Min or Ethnicity/Race) categories also used as basis of disadvantage.

¹⁴ The category of "Other (American)" includes individuals who selected "Other" or who made no selection at all.

Gender categories are also included in Appendix B.¹⁵ Men owned 63.88 percent of the firms, and women owned 32.64 percent.

Listed below are the four categories of entity firms¹⁶ (entity firms being other than individual firms and being part of one of four set groups), the number of firms in each category and the percentage that number is of the total number of firms (6,659):

- Alaskan Native Corporations (ANC) - 231 (3.47 percent)
- Community Development Corporations (CDC) - 2 (0.03 percent)
- Native Hawaiian Organizations (NHO) - 23 (0.35 percent)
- Tribally Owned (TO) - 76 (1.14 percent)

During FY 2013, as part of the annual review submission, the 8(a) BD program required each Participant owned by a Tribe, ANC, NHO or CDC to submit to SBA information showing how the Tribe, ANC, NHO or CDC has provided benefits to the Tribal or native members and/or the Tribal, native or other community due to the Tribe's/ ANC's/ NHO's/ CDC's participation in the 8(a) BD program through one or more firms. Included here are some of the varied benefits reported for FY 2013: employee assistance, to include preparatory classes, education reimbursement, internship programs and in-house internships; health, social and cultural support, to include in-school support programs, drug and alcohol treatment, individual and family crisis assistance and after-school summer programs; economic and community development, to include establishment of non-profit organizations, such as a housing authority, to provide quality housing for elders, individuals and families. Entities (Tribe, ANC, NHO and CDC) reported diverse benefits valued at approximately \$185,723,325. (Benefits were self-reported.) The 8(a) Participant Benefits Reporting was made a part of the 8(a) BD program regulations (13 Code of Federal Regulations Part 124) effective May 11, 2011.

Appendix C and D at the end of this report show dollar values of all benefits provided in 7(a) Loans and 504 Loans to 8(a) Participants. The source for loan values in Appendix C and D is SBA's Loan Accounting System (LAS) and Master Data (ELIPS).

¹⁵ Gender data was pulled from SBA's internal database (e8a System).

¹⁶ Entity categories were pulled from SBA's internal database (e8a System).
