## Report Summary

The Small Business Administration (SBA) is required by the Small Business Act to submit to the Committee on Small Business of the House of Representatives and the Committee on Small Business and Entrepreneurship of the Senate a series of reports for each fiscal year:

1. For each agency, a report on the agency's small-business achievements, justifications for failure to meet small-business goals, and remediation plans (15 U.S.C. 644 (h)(1));
2. A report that includes various statistics, described further below, about the number and dollar amount of prime contracts and subcontracts (15 U.S.C. 644(h)(2));
3. A report on best-in-class small business participation (15 USC 644(h)(4)); and
4. A report analyzing contracts awarded to Puerto Rico businesses and covered territory businesses (15 USC 644(x)).

For this Fiscal Year 2021 report only, SBA also is including a copy of the curriculum for the Category Management Training required by section 871 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, Public Law 116-283.

5. Agency Corrective Action reports are required to provide detail on the extent of small business participation in prime contracts awarded, whether the agency achieved the goals established for the agency by SBA, and any justifications for a failure to achieve such goals.<sup>1</sup> In addition to forwarding the agency reports, referred herein as Agency Corrective Action Reports, SBA is required to provide:

6. a determination of whether each goal established by the President under subsection 15 U.S.C. 644 (g)(1) for such fiscal year was achieved;
7. a determination of whether each goal established by the head of a federal agency under subsection 15 U.S.C. 644 (g)(2) for such fiscal year was achieved;
8. the reasons for any failure to achieve a goal established under paragraph (1) or (2) of 15 U.S.C. 644 subsection (g) for such fiscal year and a description of actions planned by the applicable agency to address such failure, including the Administrator's comments and recommendations on the proposed remediation plan; and

<sup>1</sup> With limited exceptions, agencies receive goaling credit for the life of a contract, including task orders, and options, for contracts awarded to eligible concerns. (13 CFR 121.404(g), 13 CFR 121.601). The exemptions address long-term contracts and mergers and acquisitions. Certain contracting actions are excluded from the small business goaling base. Actions excluded from the goaling base include those excluded by statute, contracts funded predominately with agency generated sources (i.e., non-appropriated funds), acquisitions with a statutorily mandated source, such as Federal Prison Industries or Ability One, and acquisitions on behalf of foreign governments. For more information on SBA's regulations regarding concern's eligibility and recertification, or for a more detailed explanation of these exclusions please see SBA's Goaling Guidelines.

The government wide goals established by the President under subsection 15 U.S.C. 644 (g)(1) were partially achieved in FY2021. A summary of government wide achievement is provided as follows:

1. Prime contract awards to small business: the statutory 23% small business prime contract goal was met and exceeded; the Federal government awarded 27.23% of the total small business eligible prime contract dollars to small businesses. The subcontracting small business goal of 29.36% was met and exceeded, as the Federal government awarded 30.87% of the total subcontract dollars to small business.
2. The Service-Disabled Veteran-Owned Small Business (SDVOSB) prime contract statutory goal of 3% was exceeded in FY2021, as the Federal government awarded 4.41% of the total small business eligible prime contract dollars to SDVOSBs. The SDVOSB subcontracting goal of 3% was not met, as the Federal government awarded only 2.25% of total subcontracting dollars to SDVOSBs.
3. The HUBZone prime contract goal of 3% was not met because only 2.53% of the total small business eligible prime contract dollars were awarded to HUBZone businesses. The HUBZone subcontract goal of 3% was not met, as the Federal government awarded only 1.60% of the total subcontract dollars to HUBZone businesses.
4. The Small Disadvantaged Business (SDB) prime contract goal of 5% was met and exceeded, as the Federal government awarded 11.01% of the total small business

eligible prime contract dollars to SDBs. The SDB subcontract goal of 5% was not met, as the Federal government awarded only 4.44% of the total subcontract dollars to SDBs.

5. The Woman Owned Small Business (WOSB) prime contract goal of 5% was not met because only 4.63% of the total small business eligible prime contract dollars were awarded to WOSBs. The WOSB subcontract goal of 5% was met, as the Federal government awarded 5.24% of the total subcontract dollars to WOSBs.

Table 1, below, provides a summary of the agency specific FY2021 goals achievements:

<b>Office of Personnel Management (OPM)</b>	Prime Contracts – YES Subcontracts -NO	All prime contract goals achieved for FY2021.  Failed to achieve the SB and SDVOSB subcontractgoals for FY2021.	<b>OPM’s strategy includes:</b> 1. Negotiate subcontracting goals with SBA that are more in line with the contracts currently at OPM; 2. Request corrective action plans from large businesses that consistently do not make their goals in the hiring of targeted small business communities; 3. Develop an inventory of small business contractors with varied skill sets that have expressed interest in OPM subcontracting opportunities and share with large business contractors currently at OPM; 4. Institute training sessions with contracting officers responsible for reviewing the contractor’s plan/notification and supporting data to ensure that the proposed subcontract is appropriate for the risks involved and consistent with current policy and sound business judgment; and 5. Develop policies which shall describe in detail the penalties for contractors that do not comply with and/or are inadequate in their performance with subcontracting plan.

## **Fiscal Year 2021 Department of Homeland Security Corrective Action Report**

1. The Department of Homeland Security (DHS), Office of Small and Disadvantaged Business Utilization (OSDBU), is pleased to submit the Fiscal Year (FY) 2021 Corrective Action Report in accordance with Section 15, Subsection (h) of the Small Business Act (15 U.S.C. 644). This annual report discusses the DHS OSDBU methodology of advocacy to the small business community and the results that have been realized.

### **a. Small Business Accomplishments**

In FY 2021, DHS recorded a total spend of \$20,813,87,347 in small business eligible prime contracting dollars. Contracts were awarded to small businesses in the amount of \$7,961,638,491 for a 38.25% accomplishment. Despite the pandemic, this is the highest small business dollar spend and percentage achievement in the Department's history. Please see Attachment (1), Final Small Business Accomplishments for Fiscal Year 2021, which lists all small business categories and achievements.

### **Prime Accomplishments**

DHS exceeded all prime small business goals for FY 2021 including Small Disadvantaged (SDB), Historically Under Utilized Business Zone (HUBZone), Service-Disabled Veteran-Owned (SDVOSB), and Women-Owned (WOSB) goals, some of which are the highest achievements since FY 2012. DHS accomplished an impressive 38.25% in small business prime contracting exceeding the negotiated DHS goal of 33.25%. The SDB accomplishment remains strong at 17.17% and significantly exceeds the government-wide goal of 5.00% resulting in \$3.57 billion in obligations, the highest in the Department's history. The WOSB accomplishment of 6.89% continues to exceed the Government-wide goal of 5.00%. The FY 2021 HUBZone accomplishment of 5.50% exceeds the Government-wide goal of 3.00%, marks DHS' 11<sup>th</sup> year in a row of exceeding the HUBZone goals and is the highest dollar obligation (\$1.14 billion) in the Department's history. DHS is extremely excited and proud of exceeding, for the 12<sup>th</sup> year in a row, its Service-Disabled Veteran-Owned Small Business (SDVOSB) goal of 3.00% with an accomplishment of 5.29% by awarding \$1,100,155,289 in prime SDVOSB dollars.

### **Subcontracting Accomplishments**

DHS exceeded the subcontracting goals for traditional Small Business – 45.40%, SDB – 10.90%, SDVOSB – 4.60%, WOSB – 13.50%, and fell short with HUBZone at 2.30%. The DHS strategy for increasing the HUBZone subcontracting accomplishment include: requiring subcontracting goals, as applicable, on task orders under existing Indefinite Delivery Indefinite Quantity contracts, review of subcontracting plans by the OSDBU Subcontracting Program Manager, making the proposed subcontracting plan part of the evaluation criteria when it is warranted, and increasing the number of prime contractors at our Vendor Outreach Sessions (VOS) so that more HUBZone small businesses have the opportunity to showcase their companies' attributes to the DHS prime contractors. In addition, the DHS OSDBU will host two Vendor Outreach Matchmaking Events (VOME) in Fiscal Year 2022 for large business prime contractors and small businesses. One is

reserved for all small businesses and the other will be reserved exclusively for HUBZone and SDB firms to focus on increasing subcontracting opportunities and accomplishments. The DHS OSDBU feels confident that these strategies will bring the focus necessary to achieve the DHS HUBZone subcontracting goal.

The DHS OSDBU believes that with a continued, leading edge small business program, and continued strong small business support from all levels of the DHS acquisition program, DHS will consistently record positive and proactive small business accomplishments.

#### **b. Advocacy Methodology**

The DHS OSDBU is very proud of its proactive advocacy to the small business community on how to market and do business with DHS. One of the OSDBU's highest priorities is to provide a variety of outreach activities and initiatives that provide information and access to DHS procurement opportunities as well as providing assistance and training to the small business community. Another priority area of the DHS OSDBU is information dissemination which is primarily accomplished through our website <https://www.dhs.gov/do-business-dhs>. This includes, but is not limited to, the Annual Procurement Forecast of Contract Opportunities, DHS Points of Contact which lists the DHS Small Business Specialists at each component and the OSDBU Staff, DHS Vendor Outreach Activities Schedule of Events, DHS Prime Contractor Listing for Subcontracting Opportunities, and the DHS Mentor-Protégé Program details, as well as the application for the agreement.

As part of Fiscal Year 2022 DHS is working to expand federal contracting opportunities, through transparency and outreach, to companies that are owned by individuals with disabilities, racial and ethnic minorities, women, and those who live in areas affected by poverty. For example, the DHS Office of Small and Disadvantaged Business Utilization (OSDBU) will host 10 vendor outreach sessions. Four of those sessions will be reserved exclusively for individuals considered to be part of the underserved community. The other six sessions may be attended by all small businesses which also can include the underserved.

#### **c. Small Business Review Process**

The DHS OSDBU continues to document procurement efforts on the DHS Small Business Review Form 700-22, to ensure small business concerns are considered for inclusion in DHS applicable acquisitions and that market research is conducted on all procurements. These include applicable actions over the Simplified Acquisition Threshold (SAT), Federal Supply Service (FSS) task orders and establishment of Blanket Purchase Agreements (BPA), task or delivery orders from Government-Wide Acquisition Contracts (GWACs), DHS Strategic Sourcing Vehicles, and other multiple award contracts. The SBA Procurement Center Representative and the OSDBU review all 700-22 forms valued at or above \$2,500,000 which are not planned to be set-aside for small businesses. The 700-22 form includes bundling and consolidation considerations (see FAR 7.104(c) and 19.202-1 for bundling considerations) to avoid unnecessary contract bundling and to mitigate the effects on small businesses of necessary consolidation.

#### **d. DHS Small Business Policy**

The policy statement of the DHS small business program, states "the small business acquisition policy is a shared responsibility among all DHS employees involved in the acquisition process. Through a unified team approach involving senior management, small business personnel, acquisition personnel, and technical/program staff, we can support both our critical national mission and the important public policy objective of small business inclusion in our acquisition program."

DHS continues to build on two key policy documents: The Homeland Security Acquisition Regulation (HSAR) and The Homeland Security Acquisition Manual (HSAM). DHS's Federal Acquisition Regulation (FAR) supplement is the HSAR and the HSAM supplements the FAR and the HSAR. The HSAR and HSAM include Department-wide acquisition policies, guidance, checklists, templates for contract execution. The Department acquisition regulations incorporate policy on a multitude of procurement issues, as well as bundling review policies. The DHS Small Business Review Form 700-22 is included in the HSAM to implement the bundling regulations published in the FAR and the HSAR. The HSAM also includes the requirement to identify alternative strategies for proposed bundling. This information is reviewed at the agency level at the recommended threshold of \$2,500,000 and is part of the small business review form.

#### **e. Subcontracting**

DHS includes in its HSAR a requirement that subcontracting plans be approved by the OSDBU or its designee prior to contract award in consultation with the Contracting Officer (CO) and the Small Business Administration (SBA) Procurement Center Representative (PCR). The DHS OSDBU works closely with the SBA PCR and the cadre of SBA Commercial Marketing Representatives (CMR) to help strengthen small business subcontracting. A DHS OSDBU staff member is responsible for all subcontracting compliance issues including managing the DHS Prime Vendor List on the website, as well as Agency Coordinator for the electronic Subcontract Reporting System (eSRS).

#### **f. Mentor-Protégé**

DHS developed a Mentor-Protégé Program (MPP), which is included in the HSAR, and has published the requirements for participation in the DHS MPP on the DHS OSDBU website. The comments received from industry are overwhelmingly favorable. The DHS Mentor-Protégé program currently has 28 active agreements. The program will be used, in part, to mitigate the effects of necessary and justified bundling as well as to strengthen the DHS subcontracting program.

2. In summary, the small business procurement program is important to DHS. We will strive to meet or exceed our small business prime and subcontracting goals by continuing to make small business participation part of the DHS culture in support of our national mission. This dedication is shared by all DHS senior management and those involved in the small business procurement program. DHS remains dedicated to ensuring and increasing awards to small businesses, including firms owned by women, socially and economically-disadvantaged individuals and groups, service-disabled veterans, as well as firms located in economically distressed areas.

FY 2021 Corrective Action Report**

The Department of Commerce (DOC) is pleased to report that FY 2021 marks the sixth consecutive year in which we far exceeded all prime contracting small business and socioeconomic small business goals. This achievement is the culmination of a concerted effort led by the OSDDBU Director and DOC's leadership team to create new opportunities and broaden existing opportunities for small business concerns.

**FY 2021 Prime Goal Achievement**

<b>Category</b>	<b>SBA-Assigned Goal</b>	<b>Achievement</b>
Small Business	33%	46.21%
<b>Category</b>	<b>Statutory Goals</b>	<b>Achievement</b>
SDB	5%	21.33%
WOSB	5%	11.49%
HUBZone	3%	8.85%
SDVOSB	3%	6.26%

DOC's leadership is also committed to increasing the utilization of small businesses as subcontractors.

**FY 2021 Subcontracting Goal Achievement**

<b>Category</b>	<b>SBA-Assigned Goal</b>	<b>Achievement</b>
Small Business	30%	29.00%
<b>Category</b>	<b>Statutory Goals</b>	<b>Achievement</b>
SDB	5%	8.00%
WOSB	5%	6.00%
HUBZone	3%	1.30%
SDVOSB	3%	2.80%

The increased use of Spend Under Management (SUM) solutions creates a challenge to increase subcontracting goaling numbers. When DOC contracting officers issue orders against GSA Multiple Award Contracts and GWACS, there is no opportunity to establish a subcontracting plan and DOC does not receive credit via eSRS for subcontracting dollars. As a result, DOC's subcontracting numbers are declining. Nevertheless, the OSDDBU Director and bureau small business specialists will continue to review solicitations and provide technical assistance to contracting officers to ensure opportunities have been identified for small businesses and socioeconomic small businesses.

Fiscal Year 2021 Corrective Action Plan**

*Strategy to Implement Strengthening Opportunities in Federal Contracting for Small Business  
Subcontracting Opportunities*

The U.S. Office of Personnel Management's (OPM) FY 2021 small business achievements have positively reaffirmed the Agency's procurement reform efforts which were outlined in great detail to the U.S. Small Business Administration in August 2012 has had an extreme impact in comparison during this fiscal year. During FY21, OPM awarded 67.35% or \$340M, of its total dollar obligations to small businesses thus significantly exceeding in 5 out of 5 prime socio-economic categories: Small Disadvantage Business (45.06%), Women-Owned Small Business (37.91%) significantly exceeded for ten consecutive fiscal years, HUBZone (7.12%), and service disabled veteran-owned (10.24%).

Small Business Subcontracting Concerns

With the departure of the OPM's National Background Investigation Bureau (NBIB) during FY21, OPM was unable to reach the negotiation overall small business subcontracting goal of 50% and the service disabled veteran-owned business (SDVOSB) goal of 3%. The loss of NBIB who was a large contributor to OPM's overall small business subcontracting goals due to their 4 large business contracts that produced over \$600M of small business total eligible dollars and employed small service disabled veteran-owned businesses to perform background investigations and other related "top secret" requirements.

Corrective Action

In accordance with the Federal Acquisition Regulation 52.219-9 Small Business Subcontracting, OPM has re-identified robust FY22 strategies to enhance overall subcontracting Small Business and SDVOSB participation, monitoring and enforcement in obtaining the annual negotiated goals. OPM has identified the following:

1. Negotiate subcontracting goals with the SBA that are more in line with the contracts currently at OPM.
2. Request corrective action plans from large businesses that consistently do not make their goals in the hiring of targeted small business communities.
3. Develop an inventory of small business contractors with varied skill sets that have expressed interest in OPM subcontracting opportunities and share with large business contractors currently at OPM.
4. Institute training sessions with contracting officers responsible for reviewing the contractor's plan/notification and supporting data to ensure that the proposed subcontract is appropriate for the risks involved and consistent with current policy and sound business judgment.

**U.S. Office of Personnel Management**  
**Office of Small & Disadvantage Business Utilization**

5. Develop policies which shall describe in detail the penalties for contractors that do not comply with and/or are inadequate in their performance with subcontracting plan.

OPM has continued to define a strategic and comprehensive strategy for the use of small business vendors, and will continued to engage and execute a variety of initiatives designed to yield overarching near and long-term program improvements. The Agency's FY22 strategy is to continue with the refinement and focus on outreach, training, advocacy, and strategic partnering which have proven to be successful.

Sincerely,

## Fiscal Year 2021 Corrective Actions Report

The U.S. Environmental Protection Agency (EPA), Office of Small and Disadvantaged Business Utilization (OSDBU) is pleased to submit this Fiscal Year (FY) 2021 Corrective Actions Report. This report is provided in accordance with the reporting requirements under Section 15(h) of the Small Business Act, 15 U.S.C. § 644(h), and the related instructions of the U.S. Small Business Administration (SBA) for each agency to provide a short narrative explaining why its FY 2021 goals were not achieved.

### **A. The Extent of Small Business Utilization and Goal Achievements in EPA Acquisitions**

During FY 2021, EPA was successful in awarding more than \$681.5 million to small business concerns, a \$86 million increase from last fiscal year. Those awards accounted for approximately 44.52 percent of the Agency’s total contract spend in FY 2021. As shown in Table 1 below, the percent of EPA’s total small business awards exceeded its established small business goal of 37 percent, and far exceeded the statutory governmentwide goal of 23 percent.

Also, for the first time in the Agency’s history, EPA exceeded all five of the established statutory socioeconomic goals, including the never realized goal of 3% for small businesses located in Historically Underutilized Business Zones (HUBZones). EPA awarded the highest percentage of dollars to 4 of the 5 small business categories in more than a decade.

In addition to EPA’s stellar prime contracting goal accomplishments, the Agency exceeded the EPA-specific overall small business and all socioeconomic subcontracting goals. EPA outperformed its achievement levels with respect to the SDB and WOSB firms. Overall, small businesses received approximately \$59.4M in subcontracts under EPA’s prime contract awards.

WOSB	5	7.5	5	13.6
SDVOSB	3	3.75	3	5.5
HUBZone	3	4.94	3	4.2

## **B. Sustainability Plan**

EPA has made significant strides in developing and implementing several initiatives to strengthen the Agency's small business prime and subcontracting goal achievements. These initiatives are part of a comprehensive and coordinated strategy to integrate a *Small Business First* culture throughout EPA. Our first initiative is to continue to leverage Cutting-Edge Acquisition Planning and Market Research by continuing to foster a productive partnership with the Agency's Office of Acquisition Solutions (OAS) in order to strengthen the inclusion and active engagement of OSDDBU's Small Business Specialists (SBSs) early in the acquisition planning and market research process. We will also advance our Specialized Training and Targeted Outreach efforts focused on in-reach training activities to ensure familiarity with the governing requirements for small business contracting and hosting and participating outreach events including those hosted by third-party organizations. Lastly, OSDDBU will continue to focus on developing valuable Guidance documents and resources for EPA acquisition professionals. The resources will address small business fundamental topics, including market research, vendor engagement and subcontracting.

**National Aeronautics and Space Administration**  
**(NASA)**

**National Aeronautics & Space Administration (NASA)**  
**Fiscal Year (FY) 2021 Corrective Action Report**

During fiscal year (FY) 2021, NASA was unable to meet the federally mandated prime socioeconomic goals in the Woman-Owned Small Business (WOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), and Historically Underutilized Business Zone (HUBZone) categories. In the area of sub-contracting, NASA was unable to meet the SDVOSB and HUBZone goals.

The category management environment, combined with NASA's Enterprise/Product Service Line procurement approach, will result in consolidated contracts. This will reduce the number of contracts, and the number of opportunities that can be set aside for Small Businesses. The pandemic in FY 2021 resulted in the cancellation of some SB outreach events. All outreach events in which NASA participated in FY 2021 were virtual. Going forward, NASA intends to slowly resume attending several events in person to identify potential SBs that may be able to support NASA's various mission. NASA's experience has been that outreach event-driven solely by a socioeconomic category (such as WOSB, HUBZone, 8(a), or SDVOSB) feature over-representation by the IT, training, and administrative service industries. Such events generally lack significant participation by firms in the engineering, manufacturing, and research and development industries, which represent the bulk of NASA's opportunities. NASA hosted or participated in numerous virtual outreach events in FY 2021, reaching underrepresented firms that may not have been able to attend in-person events.

NASA continues to operate four regional general construction contracts that allow NASA to set aside for WOSB, HUBZone, and SDVOSB, as part of its overall Multiple-Award Construction Contracts (MACC) covering four southern NASA Centers and two sub-installations, all of its west coast centers and sub-installations .

In FY 2022, NASA will continue its initiatives, working with NASA's Science Technology Mission Directorate, and partnering with the local Chamber of Commerce and Procurement Technical Assistance Centers (PTACs) in regions where NASA does not have a presence to attract more small businesses. NASA will also continue to identify new initiatives that will help the agency meet these goals. NASA SBSs will continue to participate in and provide feedback to award fee boards and/or contractor past performance evaluation reviews (CPARS ). The following is a detailed report on what NASA has done and will do to meet these goals.

**Women-Owned Small Business (WOSB) Prime Goal:**

In FY 21 NASA's achieved a prime metric of 4.3%, which ranks as the third-highest actual over the past eight years. NASA obligations of \$787M to WOSB is the third-highest amount of dollars to WOSB in the last eight years.

The most proven tactic for increasing WOSB participation is to increase the number of WOSB set-asides. In FY 21 NASA had the highest number of WOSB set-asides with thirteen (13) WOSB set-asides. NASA also had one (1) EDWOSB set-aside in FY 21.

**National Aeronautics & Space Administration (NASA)  
Fiscal Year (FY) 2021 Corrective Action Report**

NASA regularly forwards various procurement opportunities (Sources Sought Notices, etc.) to WOSB-oriented organizations such as the US Women's Chamber of Commerce.

Finally, we note that NASA once again met the five percent WOSB subcontracting goal in FY 2021.

**Service-Disabled Veteran-Owned Small Business (SDVOSB) Prime Goal**

In FY 2021, NASA's SDVOSB prime metric actual was 1.6 percent. Actual SDVOSB dollars obligated remained the same as well, after increasing for six consecutive years prior.

The most proven tactic for increasing SDVOSB participation is to increase the number of SDVOSB set-asides, in FY 2021 NASA had five SDVOSB set-asides. NASA maintained the increased value of SDVOSB set-asides when evaluating small business programs for the annual Administrator's Cup Award. Presented annually, this award highlights the Center (field office) with the best overall small business program for that specific fiscal year.

Additionally, NASA continues to manage the SEWP program, which includes a SDVOSB set-aside category among its four Groups.

In FY 2021, four of NASA's ten Centers exceeded the three percent statutory goal despite the Agency not achieving the three percent federally mandated goal.

**Historically Underutilized Business Zone (HUBZone) Prime Goal**

In Fiscal Year (FY) 2021, NASA's HUBZone prime metric was 0.8 percent, which was the second-highest percentage that NASA has achieved in the past six fiscal years. Actual HUBZone dollars of \$155M was the second-highest number of dollars obligated for the past seven fiscal years, this is also an increase over FY 2021 prime dollars to HUBZone firms (\$120M). This increase in dollars obligated can be attributed to an increase in the number of construction dollars obligated in FY 2021. NASA HUBZone set-asides are primarily made in support of NASA's construction requirements.

The most proven tactic for increasing HUBZone participation is to increase the number of HUBZone set-asides.

NASA has increased the value of HUBZone set-asides when evaluating small business programs for the annual Administrator's Cup Award as privously described.

NASA hosted or participated in numerous virtual outreach events in FY 2021, reaching firms that would not have attended in-person events. In October 2021 NASA hosted a HUBZone event and has scheduled other events to target HUBZone firms.

**National Aeronautics & Space Administration (NASA)  
Fiscal Year (FY) 2021 Corrective Action Report**

NASA regularly forwards various procurement opportunities (Sources Sought Notices, etc.) to HUBZone-oriented organizations such as the HUBZone Contractors National Council.

The number of NASA Procurement buying offices that exceeded the three percent federally mandated goal increased from one buying office in FY 2020 to two buying offices in FY 2021. The one buying office, NASA Stennis Space Center which exceeded the three percent federally mandated goal in FY 2021, has exceeded this goal for the ninth consecutive year which is a record among the 11 NASA buying offices. The increase in the number of centers achieving the federally mandated three percent goal can be attributed to NASA creating an Information Technology (IT) Procurement Office, along with construction dollars and IT dollars obligated by the NASA buying offices in FY 2021.

NASA continues to operate four regional construction contracts under a HUBZone set-aside, as part of its overall Multiple-Award Construction Contract (MACC) covering four southern NASA Centers and two sub-installations. NASA also manages two regional contracts under a HUBZone set-aside as part of a MACC covering all of its west coast centers and sub-installations.

**Service-Disabled Veteran-Owned Small Business (SDVOSB) Subcontracting Goal**

After several years of meeting the 3% SDVOSB subcontracting goal, NASA achieved an actual of 2.9% in FY 2021. While actual subcontracting dollars to SDVOSBs increased from \$275 million to \$292 million.

**Historically Underutilized Business Zone (HUBZone) Subcontracting Goal**

For the first time in several years, NASA did not meet the three percent HUBZone subcontracting goal in FY 2021. NASA's SBSs at the buying offices are working closely with Contracting Officers (COs) responsible for administering prime contractors with subcontracting plans to ensure that the primes are taking the necessary steps to improve subcontracting goal performance in those areas where goals are not being met and are adequately addressed in the comments section of the report, and to ensure that reports are submitted and reviewed in a timely manner. If needed the SBS works with the respectful CO to develop a memo requesting correctives actions that the prime will take to meet or exceed the proposed goal.

National Science Foundation (NSF) Report on Corrective Actions to Address Unmet FY 2021 Goals

May 8, 2022

The following information is provided in accordance with Section 15(h) of the Small Business Act to address unmet FY2021 Goals:

As a result of NSF's implementation of its FY20 corrective action plan, NSF not only achieved but exceeded its FY21 total prime contracting goal and each of the fixed socio-economic goals. NSF FY21 prime contracting goal was set at 15%. NSF achieved 23.88%. NSF also accomplished each of its FY2021 socio-economic prime contracting assigned goals of 5% for social disadvantage business (SDB), 5% for women-owned small business (WOSB), 3% for service-disabled veteran small business (SDVOSB), and 3% for Historically Underutilized Business Zones (HUBZones). NSF achieved 13.98% for SDB, 8.44% for WOSB, 3.54% for SDVOSB and 4.79% for HubZone.

NSF continues to show improvements to overcome its deficiencies in subcontracting. NSF exceeded the socio-economic 5% SDB goal, awarding 10.30% to small disadvantage firms. NSF exceeded the 3% SDVOSB goal, awarding 3.90% to SDVOSB, and likewise surpassing the 5% WOSB goal, achieving 5.90%. NSF fell short in its achievements for HUBZone awarding 0.50% to HubZone firms and missed its total small business subcontracting goal by 4.7%. NSF's FY21 total small business subcontracting goal was set at 32.00%. However, NSF achieved a total small business subcontracting goal of 27.30%.

In FY21, NSF continued to work through the challenges of overseas contracting during the COVID-19 pandemic. Two of NSF's larger contracts are performed overseas by a large business. These contracts account for approximately 50% of NSF's annual spend obligations. Due to the size, complexity, and the fact that this work is performed in the polar regions, there is very limited opportunities for small business prime contracting. NSF relies heavily on these contracts to yield supportable subcontracting results. Due to the COVID-19 pandemic, NSF had significantly less activity in the polar regions, consequentially, leading to less subcontracting opportunities for small businesses.

It is the plan of the agency to continue to prioritize subcontracting opportunities by including more aggressive goals in our solicitations and consider them as evaluation factors for award. We found some initial successes in FY21 and will continue into FY22.

Additionally, the NSF OSDBU meets with large prime partners to assist with matchmaking efforts between large and small vendors. NSF continues to add language in the sources sought and unrestricted solicitations, encouraging small business participation goals.

Regarding NSF's deficiency in 5(k)15 Exclusive Duties and Title, NSF did not receive the peer review score of 1.00 because the OSDBU Director performs other duties outside of the OSDBU Director position. Based on the Size of the NSF organization and the number of career SES appointments it was the decision of the agency to dual role the Chief Human Capital Officer (CHCO) as the Director of the OSDBU. As the agency grows, this decision could possibly be reconsidered.

NSF is committed to continue with the following steps to strive for success in its goal achievements:

- NSF will host vendor outreach events at the NSF headquarters and invite small businesses to meet face-to-face with NSF program offices and NSF's current large prime contractors. Additionally, at these outreach events, the small business office will challenge its program offices to bring current requirements that may result in contract awards.
- NSF OSDBU will continue to actively engage with our internal customers and explain the benefits of working with the small business community.
- NSF has implemented a monthly strategy meeting to review and discuss acquisition forecasted requirements. Goaling metrics are reviewed and discussed at each meeting. NSF finds that monthly review of metrics results in greater achievement. Included in these meetings, along with the OSDBU staff, are the senior executives in the contract's office. This includes the Deputy Director of Contracts and the Contracts Branch Chiefs.
- Advanced planning will continue to be a priority. The NSF OSDBU publishes the Advance Acquisition Plan (AAP), which includes a listing of upcoming forecasted NSF opportunities. The forecast is updated quarterly and displayed on NSF's external public website. This allows industry to have time to plan and prepare for any applicable prime or subcontracting opportunities listed for the NSF competitive acquisitions.
- Strengthen our market research activities to ensure that we are complying with the rule of two, and
- Increase efforts to encourage small businesses to compete even when a released RFQ or RFP is unrestricted.

FY 2021 Corrective Actions Report**

In Fiscal Year (FY) 2021, the Department of Health and Human Services (HHS) continued its support to the global pandemic known as Coronavirus (SARS-CoV-2); more commonly referred to as COVID-19. HHS awarded over \$9.35 billion in prime contracts to Small Businesses. The contracts awarded in response to COVID-19 included requirements for ventilators, COVID-19 vaccine development, testing and diagnostic equipment, PPE, national education campaigns, anti-SARS-CoV-2 medical countermeasure trials and other COVID-related response efforts.

**Remediation Plan**

The Department of Health and Human Services is committed to meeting its mission through the utilization of small businesses to the maximum extent practicable. To this end, we are implementing the following programs and initiatives to improve upon the HUBZone, Service-Disabled Veteran-Owned Small Business and subcontracting achievements:

HUBZone/SDVOSB

- a. Dedicated page on the HHS OSDBU website on HUBZone contract resources, contract data and HUBZone company profiles.
- b. HUBZone/SDVOSB Set Aside Program – work directly with HUBZones and SDVOSB and engage acquisition professionals to identify potential procurements to be set aside.
- c. HUBZone/SDVOSB Virtual Showcase – Virtual capability briefing presentations to the HHS acquisition workforce by HUBZone and SDVOSB small businesses.
- d. HUBZone/SDVOSB-Specific Vendor Outreach Sessions – monthly meetings between HUBZones/SDVOSBs and OSDBU.

- e. HUBZone/SDVOSB Focus Groups – Sessions between HUBZone/SDVOSB and OSDDBU leadership to develop strategies on increasing SDVOSB/HUBZone participation.
- f. HUBZone/SDVOSB Repository – The HHS OSDDBU will create a page that will house a repository of HUBZone's and SDVOSBs with Federal past performance.

### Subcontracting

- a. Hire a subcontracting program manager.
- b. Provide subcontracting compliance training to the HHS acquisition workforce.
- c. Host a subcontracting summit for industry to advise on new legislation and compliance matters.
- d. Develop subcontracting job aids and other reference tools for contracting professionals.
- e. Create page on HHS OSDDBU website dedicated to the subcontracting.

The Department plans to improve the subcontracting performance in three phases. The first phase is to retrain the acquisition workforce on new policies and regulations that will assist them in developing and evaluating plans and goals. Second phase, the department will engage large prime to develop a plan to help increase small business participation in large contracts. In addition, the department will identify all industrial bases areas that need to be increased to ensure large primes have a market to work with to achieve their small business performance goals. Last, the department will begin the oversight process with the contracting offices with large procurements that have subcontracting plans and goals. HHS looks forward to continuing to partner with the Small Business Administration (SBA) and the small business community to look for ways to increase small business participation in HHS procurements.

## **Introduction**

In accordance with Section 15(h) of the Small Business Act (15 U.S.C. 644(k)), *Reporting On Goals For Procurement Contracts Awarded To Small Business Concerns*, the U.S. Department of Energy (DOE) is providing the U.S. Small Business Administration (SBA) with the following Fiscal Year (FY) 2021 Corrective Action Report.

As noted in Table 1 below, DOE exceeded its FY 2021 statutory prime and subcontracting small business goals and achieved its highest small business obligations in the history of the Agency of \$9.45B. The Department exceeded its FY 2021 small business statutory prime goal (prime and Management and Operating (M&O) 1<sup>st</sup> tier small business achievement from the Electronic Subcontract Reporting System (eSRS) awards) by 51.1% which translated in \$8.07B. In addition, DOE obligated \$1.37B of subcontract awards to small businesses, which exceeded the Agency's statutory subcontracting goal by 10.86%. DOE also obligated millions of dollars to small businesses through grants and cooperative agreements, non-appropriated funds, credit cards, and other award instruments that are currently not included in the calculation of the Agency's small business goal achievements.

While the Department exceeded all four of the FY 2021 statutory socio-economic subcontracting goals, it only achieved the FY 2021 statutory prime socio-economic goal for the Small Disadvantaged Business (SDB) program. The remaining three prime socio-economic program goals for Women-Owned, Service-Disabled Veteran-Owned and HUBZone small businesses were not achieved.

<b>FY 2021 Overall Small Business Goal and Respective Socio-economic Goals</b>	<b>DOE Prime Goals with M&amp;O 1st Tier SB</b>	<b>Prime Contracting Achievement with eSRS M&amp;O Vendor Data Adjustment</b>	<b>DOE Subcontracting Goals</b>	<b>Subcontracting Achievement with eSRS M&amp;O Vendor Data Adjustment</b>
Small Business	14.00%	21.15% (\$8.07B)	50%	55.43% (\$1.37B)
SDB	5%	6.55% (\$2.50B)	5%	12.35% (\$306.1M)
WOSB	5%	4.19% (\$1.60B)	5%	11.62% (\$288.2M)
SDVOSB	3%	1.67% (\$638.3M)	3%	4.31% (\$107.0M)
HUBZone	3%	1.57% (\$597.7M)	3%	5.39% (\$133.7M)

Table 1: Prime achievements are based on Federal Procurement Data System-Next Generation (FPDS-NG) and Management and Operating (M&O) 1<sup>st</sup> tier small business achievement from the Electronic Subcontract Reporting System (eSRS) both extracted on March 15, 2022. Small business subcontracting achievement is based on eSRS data, also extracted on March 15, 2022.

## **Justification for Failure to Achieve Goals**

DOE did not achieve the FY 2021 prime socio-economic small business goals for Women-Owned, Service-Disabled Veteran-Owned, and HUBZone small businesses. In FY 2021, the Department did improve on and exceeded the prime SDB achievements over the FY 2020 SDB achievement where DOE did not meet the SDB goal. The strong achievement of the SDB goal in FY 2021 was in part due to the emphasis placed on that socioeconomic program in Executive Order 13985 *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*. As DOE moves forward, more emphasis is being placed on a balanced approach to the prime socio-economic programs goal achievement as described in the below corrective actions.

## Corrective Actions

DOE is fully committed to several corrective actions, as detailed below, to improve its prime socio-economic performance. The Agency's initiatives include:

1. Established a new process for the SBA and DOE to ascertain and share the small-business first-tier subcontracting achievements of DOE's M&O prime contractors. The process includes the sharing of eSRS data vs Management and Operating Subcontract Reporting Capability data with SBA, which provides an increased and more accurate reflection of small business performance, including socio-economic program performances. This change in reporting was memorialized in a Memorandum of Understanding between the parties on March 23, 2022. The data in Table 1 above is reflective of the change.
2. Formulate an Acquisition Forecast Improvement Working Group to improve the content and functionality of the DOE Acquisition Forecast to ensure it covers the entire enterprise (including major contractors) and is comprehensive, accurate, current, and timely and widely disseminated, especially to economically underserved entities in underserved communities.
3. Expand collaborative efforts with the DOE's Office of Acquisition Management (OAM) to maximize support of small businesses in all business areas, including shaping Agency policy to ensure new Category Management initiatives are positioned to both safeguard existing small business awards and to the maximum extent practicable grant preference to small businesses for strategic new procurements. In FY2021, OAM made a strategic multiple award Blanket Purchase Agreement (BPA) for administrative services a first consideration acquisition vehicle for Contracting Officers. The BPA holders represent all four socio-economic categories. More of these types of awards are being considered.
4. Increase earlier engagement with DOE program and contracting offices as requirements are documented and industry engagement efforts are undertaken to ensure requirements and sources sought materials are written for maximum small business participation.
5. Increase surveillance and negotiations/re-negotiation, where possible, of Small Business Subcontracting Plans, specifically for the M&O, to ensure small business goals, and particularly socio-economic goals, are robust and highly incentivized for maximum achievement.
6. Increase collaboration with DOE Office of Economic Impact and Diversity to enhance small business outreach and training to foster a more diversified supplier base inclusive of underrepresented entities.

DOE OSDBU looks forward to the positive impact these concerted actions will have on our Agency's small business goals and our success in supporting maximum practicable small business utilization to accomplish DOE's missions.

**General Services Administration**  
**(GSA)**

**General Services Administration (GSA)  
Fiscal Year (FY) 2021  
Corrective Actions Report**

While GSA met the prime small business goal and prime socio-economic category goals in FY 2021, GSA met the small business (SB) and women-owned small business (WOSB) subcontracting goals for FY 2021. GSA's final goal achievements for SB, small disadvantaged business (SDB), WOSB, service-disabled veteran-owned small business (SDVOSB) and Historically Underutilized Business Zone small business (HUBZone) subcontractors per the accepted Summary Subcontract Reports (SSRs) in the Electronic Subcontracting Reporting System (eSRS) as of close of business April 28, 2022:

Category	Goal	Achievement
SB	20%	25.8%
SDB	5%	4.8%
WOSB	5%	5.3%
SDVOSB	3%	2.6%
HUBZone	3%	1.2%

**Justification for not meeting goals**

GSA completed all of the actions included in the remediation plan outlined in GSA's FY 2020 Corrective Actions Report.

Analysis of the FY 2021 SSR data reveals commercial subcontracting dollars continue to drive GSA's inability to meet all of its socioeconomic small business subcontracting goals. While commercial subcontracting reports account for less than a third of the total accepted SSRs, the total commercial plan dollars account for 45% of all subcontracted dollars. Analysis of the small business achievement data under FY 2021 commercial plan SSRs indicates only a 15.9% small business achievement. Under accepted individual plan SSRs, GSA achieved 34% for small business and exceeded the goals for SDB, WOSB, and SDVOSB; however, the total dollars under individual plans could not offset the commercial plan dollars, revealing the impact commercial plans have on GSA subcontracting achievement.

COVID-19 also continued to have a negative effect on GSA's achievement recorded by the companies holding commercial subcontracting plans. The airlines noted a drop in spend impacting small business achievement in 2021 due to the reduction in small business vendors, while others, such as Ford Motor Company, noted the microchip shortage and other supply chain constraints negatively impacted their goal achievement. These companies noted in their

SSRs the need to reduce their purchasing in 2021 as a means to stay afloat, negatively impacting small business achievement, particularly for the socio-economic categories.

### **Actions Taken in FY 2021**

**Leadership Commitment:** Leadership commitment to small business subcontracting continued to be GSA's strong point in FY 2021, characterized by each GSA Service, the Federal Acquisition Service (FAS) and Public Building Service (PBS), taking ownership of subcontracting. Specific actions by the Services included:

- In FY 2021, Small Business metrics in Performance Plans were updated, and better aligned GSA with SBA's Small Business Scorecard. SES's are now able to more directly see how they can improve both in Prime and Subcontracting, and are further incentivized to follow through on those improvements.
- Each Service continued identifying the SSRs required by contract, following up with Contracting Officer's (COs) to ensure reports were submitted as required. Based on past years' success, both PBS and FAS at the national level continued to send reminder emails to contractors communicating to them their responsibility to submit reports in eSRS well in advance of the report due dates.
- GSA's Office of Small and Disadvantaged Business Utilization (OSDBU) sent regular email messaging to the contracting staff reminding them of report submission deadlines and their responsibility to review the reports timely.
- OSDBU and GSA Service leadership kept subcontracting on monthly agendas and regular messaging in their respective meetings with heads of contracting activities to ensure the small business subcontracting message was received enterprise-wide.

**Data Analytics:** Both GSA Services used FPDS data to determine what contracts required eSRS reporting:

- FAS published weekly updates to dashboards covering all outstanding and pending SSRs.
- PBS also used the Reminders and Notifications robotic process automation to pull a list of the service's contracts that have a subcontracting plan in place. From there a preliminary list of contracts that required reporting in eSRS for the mid year and end of year reporting period was provided to the acquisition workforce.
- Each GSA service line worked with contracting officers to ensure reports were submitted as required under FAR clause 52.219-9, *Small Business Subcontracting Plans*.

**Acquisition Workforce Training:** OSDBU conducted the following subcontracting training sessions in FY 2021:

- Four (4) training sessions on How to Review a Subcontracting Plan.
- eSRS Report Training continued in FY 2021, with six (6) Individual Subcontract Report (ISR) training sessions and three (3) SSR training sessions being offered.
- Targeted training to specific GSA contracting activities arranged as a result of findings from OSDBU's annual small business compliance review.

## **Remediation Plan for FY 2022**

In addition to the initiatives reported in years past and the ongoing leadership commitment across GSA, OSDBU's planned actions for FY 2022 are as follows:

- OSDBU's continued partnership with the GSA Services (FAS and PBS) in developing lessons learned from past eSRS efforts.
- Continue messaging with tips to CO's for all required eSRS reports.
- Training CO's on how to review and negotiate a subcontracting plan before award and training on how to review eSRS reports, holding sessions in both spring and fall when reports are due and submitted.
- Emphasis on negotiating subcontracting plan goals before contract award to ensure maximum opportunity for SBs, SDBs, WOSBs, SDVOSBs, and HUBZone.
- Continued collaboration with PBS, engaging both AbilityOne and Utilities on subcontracting plans and required eSRS reports.
- OSDBU is working closely with the GSA Services to develop an automated enterprise-level Subcontracting Dashboard to continue to elevate easy and understandable access to data for our contracting professionals, improving visibility on outstanding and potentially problematic SSRs.
- Continue to expand and improve on the data-driven emails, as these have proven to be a critical component of driving increased submission and acceptance rates.
- Implementing [SAM.gov](https://sam.gov) postings of Subcontracting Opportunities Notice nationwide.
- Updating and automating the Certified Subcontracting Matrix (CSM) tool for enterprise wide use compiling subcontracting data from eSRS by the North American Industry Classification System (NAICS) code to create a benchmark showing trends in subcontracting for a given industry.
- Creating an electronic subcontracting directory to match small businesses with vendors looking for subcontracting opportunities.

It is anticipated that these and ongoing past initiatives will help GSA to meet its small business subcontracting goals in FY 2022. However, GSA expects the impact of COVID-19 will continue to have a negative impact on small business achievement among contractors with commercial plans.

In compliance with the requirements of Subsection (h) (1) (A), (B), (C) of section 15 of the Small Business Act (15 U.S.C. 644), The U.S. Department of the State (DOS) Reports the following:

**FY 2021 Small Business Prime Contracting and Subcontracting Goal**

**Achievements: (Data obtained from [www.sam.gov](http://www.sam.gov) on March 30, 2021)**

<b>Small Business Categories</b>	<b>Prime Contracting Goal</b>	<b>Prime Contracting Goal Achieved</b>	<b>Subcontracting Goal</b>	<b>Subcontracting Goal Achieved</b>

Historically Underutilized Business Zone (HUB Zone)	3%	7.00%	3%	0.90%

*In Fiscal Year 2021, DOS missed one socioeconomic category prime contracting goal.*

**Justifications for Not Achieving Small Business Prime Contracting Goals**

- The effects of prolonged COVID compliance hampered the Department’s efforts to conduct usual outreach especially to socioeconomic category businesses.
- The Department, following the Category Management best practices, heavily utilizes GWACs / IDIQs in its procurements; the imperative to utilize category management vehicles contributes to the decrease in the number of opportunities, especially smaller, incremental, low value opportunities, that small and socioeconomic businesses have relied on as an entry point to federal contracting.

- The withdrawal from Afghanistan caused unexpected, sudden shifting of spending and resources to support the withdrawal effort, and the subsequent needs of the refugees. That major spend at the end of the fiscal year caused unforeseen shift in our performance towards goals that the Department was not able to address.

*Over the same period, DOS missed 2 socioeconomic category subcontracting goals.*

### **Justifications for Not Achieving Small Business Subcontracting Goals**

- The requirement to submit a subcontracting plan does not apply to contracts awarded to large businesses for overseas projects. The Department's ability to meet its small business subcontracting goals by relying solely on large prime contractors performing within the United States has been and will continue to be a major challenge. Performance over the past year has continued to be a challenge given the impact to Small Businesses during the pandemic crisis. End results displays progress in several socio-economic goals in comparison to last year's data.
- The Department, following the Category Management best practices, heavily utilizes GWACs / IDIQs in its procurements, which include commercial subcontracting plans. Since the subcontracting goals for those plans are negotiated and allocated government-wide, the Department has no control or ability to negotiate these goals, which negatively impacts the net result of our potential opportunity.

**The following outlines all measures that the Department routinely takes to maximize its small business goal achievements.**

#### **1. Continued Commitment to Achieving Small Business Goals, by**

- Serving a key role on the Department's Equity team, co-leading the Contracting working group with the Office of the Procurement Executive. The working group has made several recommendations for implementing EO13985 especially in its applications to contracting with underserved communities, which include:
  - Conducting a series of Focus Groups which included the U.S. Women's Chamber and the Women Impacting Public Policy
  - Reviewing SAT awards made to firms that are other-than-small businesses, and reinforcing the policies that specifically reserve those opportunities for small and socioeconomic businesses
  - Incorporating the tenets of equity and inclusion for underserved communities in outreach and training to the DOS acquisition corps, our industry stakeholders, and the small business community.
- Re-engaging in our in-person events, which include partnering with the U.S. Women's Chamber on an annual procurement conference, an effort that had to be paused during COVID.
- Continuing our commitment to virtual outreach events and small business meetings to provide all US firms an opportunity to engage and network with DOS, and learn about our procurement processes and opportunities

- Enforcing the Department’s Rule of Two “Order of Preference” policy that prioritizes award of new contracts to categories of small businesses that least benefited from contracting opportunities during the previous fiscal year. The Department’s Order of Preference for the Fiscal Year 2022 is as follows: WOSB, SDVOB, SDB, and HUBZone.
- Educating small businesses on the principles of doing business overseas by organizing several outreach conferences on prime and subcontracting opportunities with the Department. The first FY2022 in-person conference is scheduled for April 28, 2022.
- Reviewing the System for Award Management (SAM) and the Dynamic Small Business Search (DSBS) database to identify potential matches for upcoming requirements.
- Working closely with program managers and contracting officers to ensure effective utilization of small business programs.
- Encouraging small business focused market research by program offices and contracting officers such as issuing Sources Sought Notices (SSNs) and requests for information (RFIs) to maximize opportunities for small business offerors.
- Continually engaging through the acquisition lifecycle to identify upcoming requirements for potential set-asides and facilitate setting aside opportunities and awarding contracts to small business entities.
- Expanding the pilot “Small Business Participation Plan as an evaluation factor” to a greater number of Full & Open requirements to provide small businesses a greater opportunity to participate in DOS contracts.

## **2. Senior Level Engagement in the Importance of Achieving Small Business Goals**

- In an effort to provide feedback on each bureau’s progress toward meeting its small business goal, OSDDBU disseminates Monthly Small Business Goal Achievement Report among procurement and program executives, and all management officials in the procurement process.
- OSDDBU seeks support from the Department’s executive leadership to implement internal metrics of achievement of small business goals.
- OSDDBU participates in the Department’s Category Management committee and leads efforts to integrate small business strategies into Department Category Management efforts.
- OSDDBU collaborates with the Department’s executive leadership and the Office of the Senior Procurement Executive on industry outreach and briefings, and on the work to implement the President’s Executive Order on Equity.
- OSDDBU is working closely with Department leadership to implement OMB Memo M-22-03 to include the achievement of small business contracting goals as a part of the performance plans for key Senior Executive Service (SES) officials

## **3. Training of Acquisition and Program Staff**

- OSDDBU provides monthly training sessions on small business programs, set-asides, subcontracting, and relevant FAR principles for the contracting and program management personnel.
- OSDDBU has added new training for the acquisitions workforce and CORs on best practices for market research and outreach to small and socioeconomic businesses.

- OSDBU continues to provide support and training assistance on evolving business practices, small business review policies and procedures. We facilitate engagements for DOS acquisitions and program professionals with small business industry groups to share challenges, best practices, and recommendations.

#### **4. Outreach to Small Businesses**

- Ensure that information on the Department’s OSDBU website is updated regularly, including updates to the “Guide to Doing Business with the Department of State,” list of prime contractors, and “Annual Forecast of Contract Opportunities.”
- Participate in conferences, workshops, and panel discussions on Federal Government contracting opportunities.
- Support government-wide small business outreach efforts by co-hosting, attending, participating in matchmaking at other agencies’ events, and providing opportunities for other federal departments and agencies to meet with small businesses at Department of State outreach events. The Department is actively engaging with industry partners nationwide and participating in virtual events that address the various small business and socioeconomic ecosystems; the ability to participate remotely has given the Department unprecedented access to small businesses around the country.
- Provide one-on-one and group counseling to small businesses on how to do business with the Department. The Department has implemented videoconferencing access that enables staff to seamlessly conduct group and 1-on-1 small business meetings. Moreover, the technology has improved access to Department personnel by reducing the physical barriers of distance and travel costs.
- Sponsor three annual small business events, that include conference/briefing, business matchmaking, and networking components.
- Implement an annual Reverse Industry Day to enable industry to share challenges and best practices with the Department’s contracting community.
- Facilitate capability presentations by qualified small businesses to program and acquisition officials.

#### **5. Commitment to Achieving Subcontracting Goals**

- Following on the success of the 1<sup>st</sup> Virtual Subcontracting Program 8/2020, OSDBU conducted the 2<sup>nd</sup> annual Virtual Subcontracting program in FY2021, and is working on the 3<sup>rd</sup> annual event in August 2022. The purpose of the virtual event is to facilitate matchmaking, networking, and meetings between large prime contractors and small businesses across the U.S. seeking subcontracting opportunities.
- Manage and monitor e-SRS to ensure timely submissions of the ISRs and SSRs by large prime contractors and timely review of the ISRs by the Agency Coordinator / Small Business Technical Liaison.
- Provide training on subcontracting goals and processes for contracting officers and contract specialists.
- Developed the Small Business Participation Plan (SBPCP) as an evaluation factor, and incorporated it into the Department’s largest procurements in FY2021; and expanding the SBPCP to more requirements each year.
- Developed a library of resources on the Department’s internal site that includes procedures manuals, training guides, and up-to-date goals and achievements tracking.

FY2021 Corrective Action Plan Report

**Corrective Action Plan**

The U.S. Department of Transportation (DOT) met its prime contract small business goals, and other statutory socioeconomic goals in FY2021. However, DOT fell short in the Small Business, HubZone and Service Disabled Veteran Owned Small Business (SDVOSB) subcontracting goals, see table below.

<b>Socioeconomic Group</b>	<b>Goal</b>	<b>Achievement</b>
Small Business	45.25%	40.1%
Historically Underutilized Business Zone (HUBZone)	3%	0.8%
Service-Disabled Veteran-owned Small Businesses	3%	2.4%

The Department is committed to provide maximum opportunities to small businesses through our subcontracting programs and ensure compliance with Federal Acquisition Regulations (FAR) reporting requirements. We assessed our subcontracting programs to determine prime contractor and contracting officers' compliance with Federal Acquisition Regulations (FAR) and any factors that may have hampered our ability to meet the above referenced goals. We found the following:

- Some primes did not submit Individual Subcontracting Reports (ISR) and Summary Subcontracting Reports through the Electronic Subcontracting Reporting System (eSRS) in a timely manner.
- Several primes did not demonstrate outreach efforts to increase small business participation.
- Contracting officers did not review ISR reports in a timely manner.

**ACTIONS TAKEN**

Our office is determined to strengthen our subcontracting program and we took several measures to remediate the issues listed above, as follows:

- OSDBU regularly monitored the eSRS for prime contractors timely reporting and compliance. We reviewed a subcontracting report from FPDS to determine the prime contractors required to submit ISR and SSR reports.. We cross-referenced this data with ISR and SSR submissions in eSRS. We reached out to those primes in non-compliance to remind them of the requirement to submit these reports.

- OSDBU Director, as part of DOT's Strategic Acquisition Council (SAC), meets monthly with the Senior Procurement Executive and Operating Administration's Chief of Contracting Officers (COCOs) to discuss small business initiatives including subcontracting programs and goals.
- Enforced FAR 19.7 requirements to set Veteran Owned Small Business goals in DOT subcontracting plans.
- Provided a meeting series for Small Business Specialists involved in the evaluation of subcontracting reports in the eSRS.
- OSDBU provided subcontracting plans and eSRS training at monthly Small Business Specialist Meetings.
- OSDBU staff provided training to Operating Administration Small Business Specialists (SBS) and contracting officers (CO) to emphasize FAR requirements related to subcontracting plans including pre and post award CO responsibilities.
- DOT Operating Administrations and DOT subcontracting policies include a review of all Subcontracting Plans by Contracting Officers, Small Business Specialists, the SBA Procurement Center Representative and OSDBU.
- The DOT OSDBU website communicates information on subcontracting with DOT and includes the DOT Subcontracting Directory.

## **NEXT STEPS**

- We plan to bring on board a full time position to manage, oversee and revamp DOT subcontracting programs.
- Our office recently launched the Connections Marketplace initiative that includes a Teaming Talks session to bring federal large prime contractors and small businesses together to discuss Best Practices, lessons learned, upcoming opportunities and how to effectively market to large primes.
- OSDBU staff will work with prime contractors to ensure ISR and SSR reports are submitted on time. OSDBU will continue its proactive approach to communicate with primes before the end of each reporting period to remind them of the due dates and provide assistance if needed.
- Our staff will work closely and train Operating Administration contracting staff to ensure prompt review of ISR reports in eSRS by Contracting Officers.
- We will monitor eSRS on a monthly basis to determine Contracting Officer compliance and communicate with those in non-compliance for immediate action.
- Our staff will provide training to DOT acquisition community to remind them of their pre and post award requirements as they relate to subcontracting plans and prime contractor reporting requirements.

Dear Ms. Ciorneiu:

According to Section 15(h) of the Small Business Act, as designated director of OSDBU for the Department of Education, this Corrective Actions Report is submitted to address the Department's small business goals and performance during fiscal year (FY) 2021. This report will address two areas of concern for FY 21 prime contracting goals and FY21 subcontracting goals. The Department excelled in meeting the FY 21 Woman-Owned Small Business and Small Disadvantaged Business Goals. Still, it fell short of Small Business prime goal, Historically Underutilized Business Zone (HUBZone) and Service-Disabled Veteran-Owned Small Business (SDVOSB) goals. Please see the charts below, which reflect the goals and achievements.

**FY 21 Prime Contracting Goals**

acquisitions teams and Senior Procurement Executive to see what actions may be set aside for the HUBZone and SDVOSB businesses. (2) targeted outreach to HUBZone and SDVOSB communities, (3) implementation of a goal-focused category management strategy, (4) engaging/reporting with the head of the agency or Deputy's head, and (5) relevant training of program and acquisition officials. Major activities within this improvement plan include:

- Providing and/or coordinating training on the HUBZone and SDVOSB programs; working with program and acquisitions officials to identify HUBZone and SDVOSB businesses for new requirements.
- Monitoring, tracking, and reporting small business achievement to senior leaders and contracting activities on a quarterly basis to inform policies and encourage program office compliance.
- Publishing the Department's updated procurement forecast on a quarterly basis and providing technical assistance to HUBZone and SDVOSB designated firms interested in marketing to the Department.
- Encouraging contracting officials to utilize HUBZone and SDVOSB businesses through contract mechanisms such as set asides and recognizing exemplary small business program achievement and advocacy.
- Conducting targeted outreach to HUBZone and SDVOSB designated businesses through participation in, or hosting of conferences, workshops, and other events that draw firms interested in doing business with the Federal government.

The Department appreciates the opportunity to respond and to improve our efforts in these areas. Please let me know if you require any additional information.

Respectfully,

**Department of Treasury**  
**(TREASURY)**

DEPARTMENT OF THE TREASURY  
WASHINGTON, D.C.

MEMORANDUM FOR THE SMALL BUSINESS ADMINISTRATION, ASSISTANT  
ADMINISTRATOR FOR GOVERNMENT CONTRACTING AND BUSINESS  
DEVELOPMENT

SUBJECT: U.S. Department of Treasury's FY 2021 Small Business Scorecard Corrective  
Action Plan

The Department of Treasury has a strong commitment to advancing equity in Treasury procurement while supporting Treasury's key objectives. The Office of Small and Disadvantaged Business Utilization, together with the Chief Acquisition Officer, the Senior Procurement Executive, the Office of Minority and Women Inclusion, and Treasury's Bureau Chief Procurement Officers have strategized on ways to meet Treasury's small business prime and subcontracting goals in future years.

In FY 2021, the Department of the Treasury increased the dollars obligated to small businesses in every prime contracting category, obligating \$700M more to small businesses than in FY 2020, which represents a 23% increase in obligations flowing to small businesses. This collective effort across the Department led to our achieving 4 out of 5 small business prime goals and obligating over \$3.7 billion dollars to small businesses. Despite this unprecedented achievement in obligations to small businesses, we did not meet our Historically Underutilized Business Zone (HUBZone) prime contracting goal for FY21. Treasury awarded over \$209 million, or 2.23%, to HUBZone businesses, an increase of \$53.6 million over FY 2021, however, we missed the statutory goal of 3% by .77%.

In FY 2021, the Department of Treasury did not meet our subcontracting goals. In FY 2021, Treasury's statutory small business subcontracting goal was 26%. Treasury missed this goal by 9%, achieving 17% for small business subcontracting. Further, Treasury did not meet the following socio-economic subcontracting goals as mandated by Congress: Service-Disabled Veteran-Owned Small Business – goal 3%, achieved 0.8%; HUBZone – goal 3%, achieved 0.4%; Small Disadvantaged Business – goal 5%, achieved 2.6%; and Women-Owned Small Business – 5%, achieved 3.0%.

In FY 2021, the Department of Treasury saw an increase in the number of unique prime vendors for small business, service-disabled veteran-owned small business, and small disadvantaged business. However, there was a decrease in the number of unique prime women-owned small business vendors from 429 in FY 2020 to 403 in FY 2021, and there was a slight decrease in the number of unique prime HUBZone business vendors from 116 in FY 2020 to 113 in FY 2021.

Treasury OSDDBU provides the following corrective actions that will assist Treasury in meeting Treasury's FY 2022 statutory prime and subcontracting goals: 1) Beginning in FY 2022, performance objectives include a requirement to meet or show progress in meeting Treasury statutory small business goals and Treasury's Deputy Secretary sent a memorandum to senior executives requiring Treasury's strong commitment to meet Treasury's statutory goals; 2) Treasury provided job aids and training on small business programs to educate Contracting Officers and requirements officials on the unique requirements of each socio-economic program, including the HUBZone program; 3) In FY 2022, Treasury provided subcontracting training to the acquisition workforce, established a subcontracting working group for pre- and post- award subcontracting compliance, and developed processes, procedures, and guidance for subcontracting oversight; and 4) In FY 2022, Treasury incorporated the management actions required in OMB Memorandum M-22-03, *Advancing Equity in Federal Procurement*, into procurement policies and guidance. Treasury is working with OMB and SBA to define new entrants and is committed to add new entrants to Treasury's supplier base as allowed under current regulations and preference programs.

Please contact the Treasury's Office of Small and Disadvantaged Business Utilization, if you have any questions.

**Department of Defense**  
**FY 2021 Corrective Actions Report for the Small Business Administration**  
**Office of Small Business Programs**

**Office of the Under Secretary of Defense for Acquisition and Sustainment**

**April 2022**

The Department of Defense (DoD) Office of Small Business Programs (OSBP) submits the following Fiscal Year (FY) 2021 Corrective Actions Report to the Small Business Administration (SBA) addressing the DoD small business (SB) goals that the Department did not achieve during FY 2021.

### **1.A: Extent of Participation in FY 2021 DoD Prime Contracting by Small Business Concerns**

FY21 obtained using Official [www.sam.gov](http://www.sam.gov) Standard Small Business Goaling Report as of 2/22/2021:

Small Business Eligible Dollars: \$332.1 billion

Small Business: \$83.4 billion (25.12%), above the 21.95% goal.

Small Disadvantaged Business: \$30.3 billion, (9.11%), above the 5.0% goal.

Woman Owned Small Business: \$12.6 billion (3.80%), below the 5.0% goal.

Service Disabled Veteran Owned Small Business: \$10.1 billion (3.03%), above the 3.0% goal.

HUBZone: \$7.1 billion (2.13%), below the 3.0% goal.

FY20 Official Prime Contracting information:

Small Business Eligible Dollars: \$328.0 billion

Small Business: \$80.3 billion (24.50%), above the 22.05% goal.

Small Disadvantaged Business: \$30.4 billion, (9.26%), above the 5.0% goal.

Woman Owned Small Business: \$13.3 billion (4.05%), below the 5.0% goal.

Service Disabled Veteran Owned Small Business: \$10.6 billion (3.22%), above the 3.0% goal.

HUBZone: \$7.2 billion (2.20%), below the 3.0% goal.

The DoD achieved an overall increase in performance in FY 2021 with an additional \$3.1 billion awarded to Small Business (SB) concerns over FY 2020 performance levels. As a percentage of SB eligible dollars, DoD surpassed both FY 2020 performance and the FY 2021 SB goal by .62% and 3.17% respectively. SDB experienced a slight increase were awarded to Small Disadvantaged Business (SDB) over FY 2020 levels. Small Business and socio-economic small business goals were exceeded for SB, SDB, and SDVOSB concerns. Goals were not met for WOSB and HUBZone small business concerns.

### **1.B: In FY 2021 the Department of Defense achieved three of five prime contracting goals**

Small Business: Achieved

Small Disadvantaged Business: Achieved

Women-Owned Small Business: Not Achieved

Service-Disabled Veteran-Owned Small Business: Achieved

HUBZone: Not Achieved

### **1.C: Justification for WOSB and HUBZone prime contracting underachievement**

The Department's procurement efforts are challenged by mission focus, statutory small business goals, COVID-19 impacts, and an organizational commitment to increase common spend under

the Category Management initiative. Overall, the Department successfully navigates these challenges but is disappointed with the failure to successfully do so for the WOSB and HUBZone socio-economic programs. The Department is optimistic it will continue to improve in these goal areas.

WOSB: Previously, DoD demonstrated steady improvement in WOSB contracting and expected that trend to continue, however, WOSB outreach continues to be impacted this year due to the Global COVID-19 pandemic. WOSB in FY21 spending remained on par with FY20, but performance fell due to an increased overall spend.

HUBZone: HUBZone small business concerns do not have a competitive advantage over other small business concerns. The HUBZone price evaluation preference does provide a competitive advantage when considering offers from other-than-small business concerns in full and open competitions. Highly performing small business concerns who would otherwise be eligible for HUBZone program certification have been challenged by a dynamic HUBZone map and onerous program requirements for continuing eligibility.

## **2A: Extent of Participation in FY 2021 DoD Subcontracting by Small Business Concerns**

FY 2021 DoD SB Subcontracting Report Results (eSRS) as of 4/28/22:

Total Eligible Dollars: \$146.6 billion

Small Business: \$49.6 billion (33.9%), above the 32.25% goal.

Small Disadvantaged Business: \$6.2 billion (4.2%), below the 5.0% goal.

Woman Owned Small Business: \$7.8 billion (5.3%), above the 5.0% goal.

Service Disabled Veteran Owned Small Business: \$3.6 billion (2.4%), below the 3.0% goal.

HUBZone: \$2.6 billion (1.8%), below the 3.0% goal.

FY2020 Official Subcontracting information:

Total Eligible Dollars: \$165.2 billion

Small Business: \$55.2 billion (33.40%), above the 32.00% goal.

Small Disadvantaged Business: \$6.8 billion (4.14%), below the 5.0% goal.

Woman Owned Small Business: \$8.9 billion (5.39%), above the 5.0% goal.

Service Disabled Veteran Owned Small Business: \$3.7 billion (2.23%), below the 3.0% goal.

HUBZone: \$2.8 billion (1.72%), below the 3.0% goal.

The DoD exceeded the FY 2021 statutory 32.25% performance goal with a 33.9% performance however, the total small business dollars decreased. The department also exceeded the subcontracting WOSB statutory 5% goal with 5.3% performance. Although Small Business goals were not met for the SDB, SDVOSB, and HUBZone socio-economic concerns, performance was commensurate with FY 2020 levels in each of those areas.

## **2.B: In FY 2021 the Department of Defense achieved two of five subcontracting goals**

Small Business: Achieved

Small Disadvantaged Business: Not Achieved

Women-Owned Small Business: Achieved  
Service-Disabled Veteran-Owned Small Business: Not Achieved  
HUBZone: Not Achieved

## **2.C: Justification for SDB, SDVOSB and HUBZone subcontracting underachievement**

The DoD exceeded the Small Business and WOSB subcontracting goals and the percentages are commensurate with those in FY 2020 in all socio-economic subcontracting concerns. However, the DoD did not meet the SDB, SDVOSB, and HUBZone subcontracting goals.

The major challenge for the Department in FY 2021 is the ongoing COVID-19 pandemic. Many Individual Subcontract Reports reflect the struggle faced by prime contractors in successfully finding and maintaining subcontract relationships during the pandemic. The Department is focusing on subcontracting data collection and surveillance to improve the accuracy of data and implementing accountability measures which will result in better management of subcontracting plan compliance. The Department, in collaboration with the Defense Acquisition University (DAU), also improved subcontracting training for the contracting workforce and small business professionals. Areas of progress include: reviewing subcontracting plans and carrying out post-award functions related to subcontracting. A subcontracting course offered through the DAU covers compliance requirements from pre-award through post-award. The impact of these initiatives was to refine improve subcontracting compliance improvements and improved subcontracting data collection and analysis.

### **Remediation Strategies**

During FY 2021, the Department continued efforts to meet statutorily mandated small business goals. The Department will continue to refine our small business strategy to address small business performance shortfalls and encourage new opportunities for small businesses to achieve greater socioeconomic impact during FY 2022 using innovative tools, leveraging policy changes, offering specialized training, exploiting strategic partnerships, and focused outreach.

The Office of Industrial Based Policy/Office of Small Business Programs is rewriting the DoD Small Business Strategy. The Strategy focuses on three strategic goals: creating and implementing a unified management structure across the Department's small business workforce; aligning the Department's small business activities with national security priorities outlined in the 2022 National Defense Strategy, National Security Strategy, and Executive Order 13806; and strengthening the DoD's ability to support the Warfighter and serve small businesses. The Strategy will assist the Department in assessing priorities across stakeholders, identifying opportunities for enhancement, and leveraging the significant efforts of other departments and agencies that also focus on supporting small businesses. The alignment of the Department's small business activities with the objectives of the NDS will ensure our work has a meaningful impact on securing our allies and nation's future. The Department is also working to identify opportunities to improve support of small businesses, maximize the utility of each individual program, and replicate our most successful tactics across lines of effort. These goals and objectives aim to leverage small businesses that are critical to the United States' efforts to

maintain its technological superiority, military readiness. Implementing the Small Business Strategy fosters a more innovative, resilient, and effective industrial base—ultimately producing a better-equipped U.S. military.

The Office of Small Business Programs (OSBP) is also working on developing market intelligence tools to help the workforce increase the small business vendor base. This will strengthen the Department's ability to engage and support small businesses. In addition, OSBP launched a new cybersecurity resource for small businesses, Project Spectrum, that will improve and expand education on additional security risks. The OSBP will leverage the PTAP, a network of centers that assist small companies with the procurement process, to increase engagement with industry. Across the Department, it's critical that every organization supports and promotes these initiatives in order to create a synchronized, agile small business industrial base.

### *Leveraging Policy Changes*

Proposed Small Business regulations and related FAR changes (i.e., FAR case 2018-003) will provide small business subcontracting credit below the first-tier subcontracting level and will permit prime contractors, particularly the Department's MDAP contractors, to receive subcontracting credit for lower tier small business concerns.

### *Offering Specialized Training*

In FY2021, the Department implemented a Small Business Professional credential through the Defense Acquisition University. This training will better equip small business professionals to influence acquisition decisions in support of small business interests and goals.

The Department is also realigning the Procurement Technical Assistance program under the DoD Office of Small Business Programs. This realignment will enable the Department to better leverage the 95 geographically dispersed Procurement Technical Assistance Centers to recruit and support potential new participants in Defense contracting.

DoD OSBP will also continue earlier efforts to provide training for acquisition and small business professionals in the Department and to industry regarding subcontracting policies and procedures, cyber-security compliance and resources, and the submission and review of required subcontracting reports in accordance with subcontracting plans. DoD will target reports required under a Commercial Subcontracting Plan to ensure correct submission and proper review by the identified contracting organization. DoD will also emphasize subcontracting through outreach efforts.

During FY 2022, the Department of Defense will again host Small Business Training Week, a collaborative training with the Small Business Administration (SBA). The event provides updates regarding DoD programs, policy and legislative changes and serves as a forum for participants to discuss common issues and practices. This training assists Small Business Professionals, including contracting officers, in making well-informed decisions when suggesting and awarding opportunities that might include small business concerns.

### *Exploiting Strategic Partnerships*

DoD OSBP will continue its valuable partnerships with DoD and civilian federal agencies to implement small business contracting regulations in the Federal Acquisition Regulation (FAR) and Defense FAR Supplement (DFARS). DoD OSBP regularly participates in the FAR Small Business Team and DFARS Small Business Committee to craft changes to regulations, and also works with DPAP to issue policy guidance for the acquisition workforce, such as deviations or interim guidance.

The Department will leverage force multipliers such as the DoD Mentor Protégé Program (MPP) and DoD R&E efforts to promote commercialization of innovative technologies to meet critical industrial base needs and provide critical training such as cybersecurity. Incorporating these requirements into acquisition strategies will assist the Department in achieving small business goals and increase the number of qualified vendors within the industrial base.

DoD OSBP will continue targeting outreach events to address readiness challenges with Major Defense Acquisition Programs. Establishing strategic partnerships with industry will assist the Department in identifying SDB, SDVOSB and HUBZone small business subcontractors that can provide critical technology to meet capability gaps. The department will continue efforts to improve performance in SDB, SDVOSB and HUBZone subcontracting while maintaining an increase in the other socioeconomic categories.

### *Focused Outreach*

To increase small business awareness and achievement, the Department will continue providing effective outreach, marketing and promotional materials through [business.defense.gov](https://business.defense.gov) to serve and expand our audience. DoD will host, partner and support educational small business events, providing awareness to areas of underachievement such as SDB, SDVOSB and HUBZone small business subcontracting.

DoD OSBP will continue partnering with SBA and WIPP, to host and support ChallengeHER events. ChallengeHER is designed to provide women business owners with procurement education, best practices for working with the government, and resources to learn how to apply and obtain a federal contract under WOSB/EDWOSB set asides.

The Department will continue a series of Small Business webinars and industry meetings providing necessary awareness and training to small business entrepreneurs interested in doing business with the Department of Defense. These events address program requirements, policy and legislative changes, and COVID-19 resources for small business. They have served as an effective forum to address industrial base concerns for increased cash flow, workplace flexibilities, performance forbearance, cybersecurity, and to promulgate best practices.

These changes and improvements will enable the Department to focus its attention on compliance oversight and subcontracting achievements for the DoD Services and Agencies.

Ms. Bibi Hidalgo  
Associate Administrator  
Office of Government Contracting and  
Business Development  
U.S. Small Business Administration

Dear Ms. Hidalgo:

As required by section 15(h)(1) of the Small Business Act (15 U.S.C. § 644(h)(1)), the Department of Veterans Affairs (VA) submits this report on its achievement of small business goals for fiscal year (FY) 2021. The enclosed report describes VA's Veterans First contracting requirements that enable the Department to take a leadership role for Service-Disabled Veteran-Owned Small Businesses (SDVOSBs) and Veteran-Owned Small Businesses (VOSBs). It also discusses the challenges presented for other socioeconomic goals and how VA will address them.

In FY 2021, VA was again the Federal civilian agency leader in prime contract dollars awarded to SDVOSBs, awarding more than \$8.2 billion to such firms out of a total procurement of \$34.6 billion, or 23.8% of total dollars. More than one out of every four Federal dollars awarded to SDVOSB prime contractors came from VA.

VA is unique in having a goal for contracting with VOSBs. For FY2021, the Secretary determined this goal to be 17%. VA significantly exceeded this goal, awarding 24.2% of its contract dollars to VOSBs. VA also awarded 11.2% of its small business spend to small disadvantaged businesses, more than doubling the 5% goal.

VA continues to excel in its performance in meeting subcontracting goals in individual subcontracting plans. In FY 2021, VA achieved nearly 24% with small businesses. However, the bulk of VA's subcontracting (nearly 97%) is on commercial plans that reflect contracts across multiple agencies. Due to systemic issues with the process for managing and reporting subcontracting results, VA now works with the Small Business Administration and the OSD/BU Directors Interagency Council on working groups to review the business process for establishing goals, tracking progress and reporting results.

## **Small Business Participation in VA Contracts and Achievement of Goals**

As required by section 15(h)(1) of the Small Business Act, the Department of Veterans Affairs (VA) submits this report on the participation of various types of small businesses in VA contracting. The statutory mandate requires an assessment of VA's achievement of the various goals, justification for failure to meet any of the goals and a remediation plan to address the unmet goals.

In fiscal year (FY) 2021, VA did not meet its goals for contracting with Historically Underutilized Business Zone (HUBZone) small businesses and Women-Owned Small Businesses (WOSBs). VA exceeded the goals for Service-Disabled Veteran-Owned Small Businesses (SDVOSBs), Veteran-Owned Small Businesses (VOSBs) and Small Disadvantaged Businesses (SDBs). In fact, for the first time, VA spent nearly \$8.4 billion with VOSBs and SDVOSBs.

	Dollars Credited (Achievement)	Percent of Total Procurement (\$34,640,127,078)	Percentage Goal
All Small Business	\$10,523,848,956	30.4%	28.5%
SDVOSB	\$8,230,762,287	23.8%	15.0%
VOSB	\$8,398,013,353	24.2%	17.0%
HUBZone	\$779,720,480	2.3%	3.0%
SDB	\$3,879,089,589	11.2%	5.0%
WOSB	\$801,840,238	2.3%	5.0%

Exhibit 1. Department of Veterans Affairs Small Business Goaling Report, FY 2021. Source: Federal Procurement Data System, downloaded February 22, 2022. The presentation in this chart reflects the larger overall small business goal followed by all other socioeconomic groups in VA's hierarchy of contracting preferences per 38 U.S.C. 8127(h). Dollars stand for the sum of all Action Obligations for contract actions where Contracting Officer's business size determination is "SMALL BUSINESS", and vendor type is the socioeconomic status shown in the table.

In preparation for this report, VA reviewed its FY 2021 subcontracting achievements using the "Subcontracting Achievements by Federal Agency" report in the Electronic Subcontracting Reporting System (eSRS), as directed by the Small Business Administration (SBA). This report reviews subcontracts associated with specific prime contracts awarded by VA. It also reviews an attributed share of sales reported by prime contractors on their companywide commercial plans (plans associated with goods and services available in the commercial marketplace). As of March 16, 2022, this report indicated VA met only one of the subcontracting goals for individual subcontracting plans on VA contracts. However, since the great majority of VA subcontracting is done as part of commercial plans, they caused VA to fall short on all its subcontracting goals.

VA is working with SBA on a working group to examine the entire subcontracting business process for establishing goals, tracking progress and reporting results. More granularly, the working group will examine the business process and data system for attributing commercial plan dollars to Federal agencies.

Exhibit 2. Subcontracting awards to small business, FY 2021. Source: Electronic Subcontracting Reporting System, downloaded March 16, 2022. For consistency, the order reflects the same hierarchy as shown in the prime contracting chart. VA has broken out the individual and commercial subcontracting plans to demonstrate the order of magnitude difference between these types of subcontracts.

**Background**

VA administers its prime contracting and subcontracting programs with small business under the authority of two separate, but closely related laws: the Small Business Act (15 U.S.C. 631 *et seq.*), which applies Government-wide; and the Veterans First Contracting Program, authorized by 38 U.S.C. 8127-28, which is specific to VA. In FY 2021, VA awarded \$34.6 billion to prime contractors of all sizes and received small business goal credit of \$10.5 billion. Although the total dollars awarded were less than FY 2020, the small business credit for FY 2021 was higher. VA’s prime contractors, in turn, awarded \$25.1 billion in subcontracts to support their performance of VA contract requirements. Small businesses received more than \$3.3 billion of this total.

As the name suggests, the Veterans First Contracting Program requires VA to award contracts to SDVOSBs and other VOSBs. This requirement is provided only if the Veteran ownership and control of such firms has been verified by VA’s Center for

Verification and Evaluation. In making contract awards, the law directs VA to consider SDVOSBs first, and VOSBs second, followed by the other SBA programs (HUBZone, 8(a), and WOSB), then all other small business preferences. Goals for prime contracting programs are negotiated with SBA, except for SDVOSB and VOSB goals, which are established by the Secretary of Veterans Affairs.

The Government-wide SDVOSB program established by the Small Business Act specifies a goal of 3% of awarded prime contracting dollars, the VA Secretary establishes a higher goal for VA as required by the Veterans First Contracting Program. In addition, the Secretary establishes a goal for VOSBs, which has no Government-wide counterpart. Having VA-specific goals for these firms is in accord with the enhanced opportunity available at VA, due in large part to the legal mandate to set aside contracts for such firms when VA reasonably expects to receive two or more competitive offers, a requirement commonly referred to as the “VA Rule of Two.” The mandatory nature of this policy was reinforced by the U.S. Supreme Court in *Kingdomware Technologies, Inc. v. United States*, --- U.S. ---, 136 S. Ct. 1969, 195 L. Ed. 2d. 334 (2016).

As noted previously, VA’s prime contractors often carry out their commitments with the aid of subcontractors, and VA expects small businesses to participate in those subcontracts as well. The Secretary establishes goals for subcontracting with SDVOSBs and VOSBs. VA negotiates a goal for other categories with SBA. Reports on small business participation under these contracts are submitted to the eSRS. The responsible contracting officer reviews and can accept or reject the report submitted. In practice, VA contracting officers have the most visibility into performance on an individual plan *i.e.*, a subcontracting plan specifically related to one particular contract. However, these only made up about 3% of VA subcontracting dollars in FY 2021. This is a 1% increase over FY 2020.

Most subcontracting at VA occurs in relation to commercial plans, *i.e.*, plans associated with goods and services available in the commercial marketplace where the contractor has business relationships with VA, other Federal agencies and the private sector. Because of the multiple customers involved, and because commercial acquisition seeks to rely on marketplace practices rather than Government requirements, VA contracting officers are limited in their ability to monitor and manage these plans. Approximately 97% of VA’s FY 2021 subcontracting dollars were awarded on commercial plans. The trend toward higher use of commercial plans rose to a high of 99% in FY 2019. It has declined in the last two fiscal years to 98% and 97% respectively.

### **Justifications for Unmet Goals**

---

VA previously informed SBA of its concerns about how the changing mix of its contracting spend affects the Department’s ability to achieve its socioeconomic goals. Due to these concerns, SBA and VA agreed to an FY 2021 small business goal of 28.5%. In accepting this goal, VA noted its concern regarding the impact of statutorily directed non-VA provided health care initiatives where there is little opportunity for small business. These initiatives are associated with the Maintaining Internal Systems and

Strengthening Integrated Outside Networks (MISSION) Act of 2018 (Public Law 115-182). These concerns about the impact on small business participation proved to be valid. However, VA's top priority is providing care to Veterans when and where they need it, and that may be incongruent with small business contracting on occasion. The fact that VA did not achieve the FY 2020 small business goal suggests that VA had been impacted by these mission-critical changes to its procurement baseline. This seems to have been absorbed in FY 2021 spend.

For example, VA's contractual health care initiatives are necessarily awarded to large firms as the only offerors with the capability to provide the necessary referral networks and connect Veterans with the appropriate health care providers. To manage its small business goals effectively, VA needs systematic and timely reporting of this spend through express reporting to the Federal Procurement Data System (FPDS).

VA continued to lead the Federal Government in procurement dollars awarded to SDVOSBs, once again exceeding the combined procurements of all civilian agencies in this category. This is due to the Veterans First Contracting Program's mandated preference for SDVOSBs and VOSBs. While this statutory hierarchy is consistent with VA's Veteran-centric mission, it also has an unavoidable consequence of limiting VA's use of the set-aside and sole-source authorities that are available to other Federal agencies in non-Veteran socioeconomic categories. Any given VA contracting officer may proceed to exercise an authority ranked after those programs in this hierarchy only if market research indicates insufficient SDVOSB or VOSB sources. Since there are more than 15,000 verified firms in the VA Veterans First Contracting Program, there are few instances where the VA Rule of Two does not yield capable SDVOSBs or VOSBs to choose from. As a result, VA mainly receives credit toward the HUBZone and WOSB goals by awarding contracts to SDVOSBs and VOSBs that have dual eligibility: *i.e.*, that are eligible for these other programs in addition to being an SDVOSB or VOSB.

In addition, the Supreme Court held in *Kingdomware Technologies, Inc. v. United States* that VA's mandate to award contracts to SDVOSBs and VOSBs does not cease once VA has met its goals for those categories. By contrast, SBA regulations generally allow an agency to select among programs based on, among other factors, the need to award contracts in a particular program to achieve program contracting goals. See, *e.g.*, 13 CFR § 125.2(f)(2)(ii). This parity among the Government-wide small business programs is not available to VA due to its statutory mandate. VA last met its HUBZone goal, and came within a small fraction of meeting its WOSB goal in Fiscal Year 2007, the year in which this priority policy was enacted through the Veterans Benefits, Health Care, and Information Technology Act of 2006 (Public Law 109-461).

Regarding subcontracting, VA is more successful in achieving small business goals with respect to individual plans. For example, for FY 2016-21, VA's overall small business goal performance on individual subcontracting plans ranged from 23.9% to 65.0%. When VA's results on such individual plans are added to results from commercial plans, to calculate overall agency performance on the SBA scorecard, VA falls short of the SBA goals due to the magnitude of subcontracting using commercial plans.

Commercial plans have grown to represent 97% of VA's subcontracting plan dollars. Congress enacted a preference for acquisition of commercial items to leverage the competition in the general marketplace, in place of Government administrative overhead and Government-unique item specifications. Commercial plans are the preferred subcontracting plan approach for prime contractors providing such items. Rather than track specific subcontracts as in an individual prime contract, such commercial plans involve large aggregates of entire product lines that serve all agencies and the private marketplace. These plans estimate the participation of small businesses based on the share deemed attributable to VA.

The decision whether a prime contractor will provide a commercial plan starts with a consideration of if the contractor provides commercial items to the Government. Once an agency's contracting officer negotiates a commercial plan based on requirements for commercial items, the rest of the Government is bound by the decision. This means VA could be charged with meeting goals negotiated by a contracting officer for another agency not governed by VA's Veterans First Contracting Program requirements. Moreover, once a commercial plan is in place by another agency, VA is not permitted to impose additional subcontracting plan requirements covering the same items irrespective of the Veterans First requirements. Finally, reports on accomplishments under such plans are submitted annually, after the end of the fiscal year. This is too late to provide actionable information to track performance or address shortfalls while the fiscal year is still in progress. These policy constraints are a significant impediment to VA's ability to achieve, or even manage, these goals.

### **Remediation Plan to Address Unmet Goals**

---

VA expects continued success on its SDVOSB and VOSB goals, but continued challenges with respect to HUBZone small businesses and WOSBs.

To adhere to Veterans First Contracting Program requirements, VA seeks to increase the number of verified VOSB firms with dual eligibility in the WOSB program. VA OSDBU has created an initiative to target these firms. Since contracting officers cannot evaluate an offeror based on participation in multiple socioeconomic categories, VA is conducting more aggressive outreach to dual-eligible firms. This is done by hosting outreach events for women owners of VOSBs to encourage them to apply for verification of their VOSB status. VA is also reaching out to Veterans at WOSB events to encourage them to compete for VA contracts.

VA is considering policy changes that would more effectively consider the use of the WOSB and Economically Disadvantaged WOSB set-asides ahead of the general small business set-aside, consistent with VA's procurement hierarchy.

With respect to subcontracting, VA anticipates continued challenges under a policy framework that limits visibility in commercial plan performance. Additionally, given the recent growth in the share commercial plans represent of VA subcontracting performance, this issue will continue to challenge our performance in this area. VA now works with other agencies through the OSDBU Directors Interagency Council and SBA

to identify policy options to improve accountability on a wide range of small business goaling and reporting issues. This is an option that VA has advocated for several years. We look forward to continued deliberation and progress in this area.

**ENCLOSURE 17**  
**Department of Housing and Urban Development**  
**(HUD)**

## **U.S. Department of Housing and Urban Development Fiscal Year 2021 Corrective Actions Report**

The U.S. Department of Housing and Urban Development (HUD) remains strongly committed to utilizing small business concerns to the maximum extent practicable for its procurement needs. From Fiscal Year (FY) 2012 to FY 2019, HUD received consecutive “A” or “A+” grades on the Small Business Procurement Scorecards, and in FY 2018 and FY 2019, HUD achieved all its small business prime goals. In FY 2020 and FY 2021, the Department continued to obligate a significant portion of its contract dollars to small business concerns.

HUD’s achievements in FY 2021 were significantly offset by the way prior-year de-obligations are treated in the Small Business Administration’s (SBA) scorecard grade calculation methodology. In FY 2021, HUD continued to undertake a massive effort to de-obligate prior year funds from expired contracts to reconcile a long-standing financial management challenge and achieve a clean audit opinion. Although HUD obligated \$495 million (or 28%) of its contract dollars to small business primes in FY 2021, the Department did not achieve the small business, small disadvantaged business (SDB), and service-disabled veteran-owned small business (SDVOSB) prime goals as a result of these prior-year de-obligations. As such, HUD’s reporting of small business and SDVOSB prime achievements resulted in negative values.

Throughout FY 2021, the Department continued to obligate a significant portion of its contract dollars to small business concerns and worked to clear findings of outstanding de-obligations from prior years, some as far back as FY 2010. However, the Department’s \$560 million of de-obligations of prior-year small business contracts in FY 2021 severely impacted the Department’s small business goal achievements. According to HUD’s projections, when excluding the de-obligations, HUD would have achieved all small business prime goals except for the SDVOSB goal.

The largest source of de-obligations for HUD continues to be from the Federal Housing Administration’s (FHA) Management and Marketing (M&M) contracts. In FY 2021, HUD de-obligated \$546.5 million in M&M contracts to small business concerns, constituting 98% the Department’s small business de-obligations. Since 1999, HUD has been outsourcing the disposition of its foreclosed FHA inventory under the M&M contracting process. M&M contractors manage and market single family properties owned by, or in the custody of, HUD. This can at times be a volatile market and planning for contract obligations to support maintenance and marketing of the Department’s real estate owned (REO) properties is not an exact science. The M&M contracts, which make up a significant portion of the Office of Housing’s overall contract portfolio, historically have provided numerous small business set-aside opportunities. However, since FY 2013, there has been a significant decrease in the overall housing portfolio in some contract areas. The process of closing out M&M contracts, from as early as FY 2008, is ongoing and has resulted in de-obligating hundreds of millions of dollars.

For continued improvement, HUD submits the following corrective actions:

1. As part of HUD's work under Executive Order 13985, a Procurement Action Team in support of HUD's Equity Assessment Group was established and identified strategies on expanding contracting opportunities to socially and economically disadvantaged and underutilized small business concerns.
2. Based in part on the strategies and recommendations proposed by the Procurement Action Team, HUD is diversifying its outreach efforts:
  - a. Hosted a Small Disadvantaged Business Outreach event which included a panel discussion with representatives from the U.S. Pan Asian American Chamber of Commerce Education Foundation (USPAACC), the U.S. Hispanic Chamber of Commerce (USHCC), the National LGBTQ Chamber of Commerce (NGLCC), and the U.S. Black Chambers, Inc. (USBC);
  - b. Planning an outreach event focused on new small business entrants, to assist them to identify resources available to them to further develop and become procurement ready; and
  - c. Cross-collaborating with internal program offices to identify opportunities for small businesses, in HUD's grant and technical assistance programs, to expand their presence, build capacity, and develop a pipeline to federal acquisitions.
3. Incorporated a small business performance goal for all senior executives, which includes activities supporting the Department's Small Business and Socioeconomic Goals such as:
  - a. Conduct outreach and awareness;
  - b. Establish annual goals and procurement and/or spend plans for awards to small business; and
  - c. Foster an organizational climate responsive to small business and socio-economic priorities.
4. HUD is aware of the remaining prior year de-obligations anticipated to be completed in FY 2022 and again negotiated with SBA taking that consideration into account.
5. HUD appreciates that SBA has been thoughtful in taking the Department's concerns under consideration. HUD worked with SBA to highlight the impacts of those prior year de-obligations and supports SBA's modification to the scorecard grade calculation methodology. The Federal Register notice published on June 22, 2022 sets forth SBA's revised method for reflecting negative-dollar transactions (or "deobligations") in the SBA scorecard starting with the Fiscal Year 2022. This change will provide a more accurate reflection of the actual opportunities for small businesses to participate in government contracts with not only HUD but all Federal agencies.
6. HUD OSDBU will continue to convene trainings for HUD's acquisition workforce on the small business programs to increase awareness and utilization of small businesses for HUD contracts.

7. HUD OSDBU will continue to invite HUD's other than small business contractors to participate/exhibit at HUD sponsored events, such as IT Industry Day, as a means to increase the visibility of small businesses, SDB, WOSB, SDVOSB, and HUBZone concerns interested in subcontracting.
8. HUD OSDBU will continue to publish the link to the list of prime contractors on the OSDBU website.
9. HUD OSDBU will continue to convene vendor outreach and matchmaking events.

Unfortunately, the U.S. Department of Agriculture (USDA) did not meet its accomplishments of the SBA goal for subcontracting. We recognize the opportunities this provides small businesses that are endeavoring to build upon past performance and obtain a stronger foundation to providing solutions to government agencies.

The areas the Department will focus on to expand the subcontracting opportunities with small business that are SDB, SDVOSB, WOSB and HUBZone's will be to:

- Continue to work one-on-one with the CO's to provide clarification as is deemed necessary as well as assist with the inputting and updating eSRS.
- Continue outreach events that provide networking opportunities for businesses.
- Disseminate information to SDB, SDVOSB, WOSB and HUBZone's that would assist these businesses in participating in awards of agency contracts.

## Corrective Actions to Address Unmet Fiscal Year 2021 Goals

In accordance with Subsection (h) of Section 15 of the Small Business Act (15 U.S.C. 644) the Social Security Administration (SSA) provides the following information.

- A. The extent of participation by small business concerns, small business concerns owned and controlled by veterans (including service-disabled veterans (SDVOSB)), qualified HUBZone small business concerns, small business concerns owned and controlled by socially and disadvantaged individuals, and small business concerns owned and controlled by women in the procurement contracts of such agency during such fiscal year;***

The tables below represent Small Business Administration (SBA) goals and our FY 2021 progress.

SDVOSB	3%	5.0%	\$13,160,593.61

- B. Whether the agency achieved the goals established for the agency under subsection (g)(2) with respect to the fiscal year;***

As provided in the above tables, SSA met and exceeded our FY 2021 small-disadvantaged goal of 5 percent and our Service-Disabled Veteran Owned Small Business (SDVOSB) goal of 3 percent. We did not meet our small business goal of 28 percent, our women-owned goal of 5 percent and our HUBZone goal of 3 percent. SSA exceeded our FY 2021 small business-subcontracting goal of 50 percent and all of the subcontracting goals in the other socio-economic categories.

***C. Any justifications for a failure to achieve such goals;***

In FY 2021, while we did not meet the 28 percent prime small business goal, 5 percent prime women-owned goal and 3 percent prime HUBZone goal, we note that we exceeded our other small business goals. Additionally, we increased our percentages in prime contracts with small-disadvantaged business, service-disabled veteran owned small businesses, and subcontracting with small business, small-disadvantaged business and service-disabled veteran owned businesses. We believe this illustrates our commitment to small businesses as well as the consideration of socio-economic achievement in every acquisition to the maximum extent practicable, consistent with market research. We also note that despite the hardships brought about by the Covid-19 pandemic, we were still able to meet several of our goals even with the limited acquisition opportunities.

***D. A remediation plan with proposed new practices to better meet such goals;***

**Action 1:** The Office of Small and Disadvantaged Business Utilization (OSDBU) Director and the Head of the Contracting Activity will brief the Senior Executive Staff regularly on small business goal results, discuss acquisition strategies, and identify goaling areas for increased emphasis on HUBZone Small Business.

**Action 2:** The OSDBU Director will work closely with HUBZone contractors and the HUBZone Contractors National Council to promote small business contracting opportunities and to identify potential HUBZone sources for future small purchases and contracts. The OSDBU will collaborate with The Business Services Center and the United States Women's Chamber of Commerce, who will identify potential HUBZone sources for future purchases and contracts. The Office of Acquisition and Grants (OAG) will review potential HUBZone sources for potential purchases and contracting opportunities.

**Action 3:** The OSDBU website provides a link to recent SSA headquarters contracting history on the [OAG](#) website, where interested vendors can search a database of OAG awards by vendor name, award description, or contract number. This provides interested vendors access to award information that includes vendor name, contract number, requirement description, award type, award date, obligation amount, and completion date. It also provides vendors will possible subcontracting opportunities.

**Action 4:** The Small and Disadvantaged Business Utilization Specialist (SADBUS) will provide training to its acquisition staff to explain the small business review process and the importance of conducting thorough market research to identify small business concerns. The SADBUS will emphasize the direct impact that market research has on achieving agency and statutory socio-economic goals.

**Action 5:** The OSDBU and SADBUS will continue to invite our large business prime contractors to attend our monthly vendor outreach sessions to facilitate interaction with potential small businesses. The OSDBU will continue to provide a list of the agency's prime contractors on the aforementioned OAG website to promote opportunities to small businesses.

**Action 6:** OAG has formed a workgroup to formulate a small business evaluation factor that contracting staff can use in solicitations issued to GSA schedule vendors.

CORRECTIVE ACTIONS REPORT  
FISCAL YEAR 2021**

The U.S. Agency for International Development (USAID) submits its Fiscal Year (FY) 2021 Corrective Action report in accordance with subsection (h) of section 15 of the Small Business Act (15 U.S.C. 644).

**Prime Small Business Goal Achievement**

USAID’s preliminary data indicates it exceeded its FY 2021 small business prime contract goal. The Agency awarded 14.52 percent of its total contract obligations to U.S. small businesses. The Agency also exceeded the government-wide goals for the Small Disadvantaged Business (SDB) and Women-Owned Small Business (WOSB) programs. The following chart illustrates USAID’s FY 2021 small business prime contract funding obligations:

**USAID Small Business Prime Goals Versus Achievement**

FY 2021 Total Small Business Eligible Prime Dollars			\$5,529,204,489
Contract Award Categories	Goals	Achieved	Expended
Small Business	12.51%	14.52%	\$802,625,777
Small Disadvantaged Business	5.00%	7.25%	\$400,979,815
Women-Owned	5.00%	5.51%	\$304,405,748
Historically Underutilized Business Zone	3.00%	0.61%	\$33,622,174
Service-Disabled Veteran-Owned	3.00%	0.60%	\$33,217,303

**Remediation Plan-Prime Awards**

The Agency continues to grapple with meeting the goals for Historically Underutilized Business Zones (HUBZone) and the Service-Disabled Veteran Owned (SDVOSB) small business programs. The following summarizes the Agency’s strategy to better meet SDVOSB and HUBZONE goals:

- HUBZone program goals continue to present a challenge because of the nature of development work. Our analysis indicates host country personnel are an integral part of how small businesses perform development work overseas and must be a part of the contractor's labor mix. This use of in-country personnel where we work dilutes the ability of our HUBZone contractors to maintain the 35% HUBZone staffing requirement. This makes the program less feasible for our contractors. That notwithstanding, in FY 2020 USAID increased its total prime awards to HUBZones by 30 percent in comparison to FY 2019. In FY 2019 we awarded \$31.5 million which was increased to \$41 million in FY 2020. In FY 2021 awards in this program area declined by approximately 20 percent.

USAID will create outreach activities to engage certified HUBZONE participants and partner with SBA to expand our cadre of capable small businesses through virtual and in-person outreach activities.

- SDVOSB prime contract obligations have experienced a modest increase over the past three fiscal years. USAID increased its prime obligations by 4 percent in FY 2020 in comparison to FY 2019. In FY 2019 we awarded \$20.9 million which was increased to \$30 million in FY 2020. FY 2021 had a modest increase of approximately 10 percent over the previous fiscal year obligations despite the COVID-19 pandemic related issues.

USAID will create outreach activities to engage the veteran and service-disabled veteran communities. The Agency has assigned a representative to identify organizations and agencies to host activities specifically geared towards addressing the challenges veterans encounter in contracting with the Federal government. We have already begun this process with events this year to reach more SDVOSBs including a roundtable event to understand their difficulties in accessing our market. Their responses will help us to build out our engagement plans. Further, USAID will continue to seek total and partial set-asides for the SDVOSB community.

### **Subcontracting Small Business Goals Versus Achievement**

In FY 2021, total small business subcontract obligations amounted to \$111.1 million representing 21 percent of total subcontract obligations against a goal of 16 percent. We exceeded the subcontracting goals for WOSB (6 percent) and SDB (3.3 percent) against goals of 5 percent and 3 percent respectively. We continue to be challenged by meeting the subcontracting goals for SDVOSB (.20 percent) and HUBZONE (.80 percent) against goals of 3 percent and 3 percent respectively.

## **Remediation Plan-Subcontract Awards**

The challenges described in meeting small business prime goals have a related impact on subcontracting goals. We have underperformed on meeting the subcontracting goals for HUBZone and the SDVOSB small business programs. In addition to the outreach summarized to improve the Agency's prime awards performance the following activity should impact subcontracting results across all categories:

- Improve training on subcontracting requirements for Acquisition personnel;
- Work with our acquisition colleagues to ensure their active engagement in the subcontracting process during the pre-award and post-award phases;
- Increase focus on our underperformance in the areas of subcontracting; and
- Reinstate our subcontracting training for our prime contractors which includes a matchmaking element.

## **Conclusion**

The Agency's internal small business goaling program continues to have a significant impact on the ability of USAID to meet its small business goals. There was approximately 12 percent reduction in USAID's overall contract obligations from FY 2020 to FY 2021. Yet, we have exceeded our overall goal. The Agency continues to maintain a successful SDB program, and it continues its efforts to identify and engage SDVOSBs and HUBZones interested in partnering with USAID.

## **FY21 Corrective Actions Report**

In accordance with Subsection (h) of section 15 of the Small Business Act (15 U.S.C. 644), SBA is providing justification as to why the FY21 Small and Disadvantaged Business (SDB) goal of 55% was not met and providing corrective action to better achieve such goals.

For FY21 , the SBA achieved 50.5% of SDB utilization. FY21 has been an outlier for the SBA due to its support in responding to the COVID-19 global pandemic. There was heavy utilization of the Federal Supply Schedules, FAR 8.4, to execute award actions. FAR 19 is discretionary when using Federal Supply Schedules.

In an effort to better achieve the agency's small business goals, we have established templates and procedures for conducting and documenting market research and acquisition planning. The market research template contains all essential elements of properly documented market research and addresses both open market and Federal Supply Schedule actions including consideration of small business set-asides and type of socio-economic programs available. The acquisition template ensures all appropriate acquisition planning considerations are addressed and/or documented including consideration of small business set-asides and type of socio-economic programs available.

**Department of Justice**  
**Corrective Actions to Address Small Business Goals Not Met During FY 2021**

Data in the Federal Procurement Data System – Next Generation (FPDS-NG) as of February 22, 2022, show that the Department of Justice (DOJ) achieved the following results against its small business prime contracting goals.

<b>Category</b>	<b>Goal</b>	<b>Accomplishment</b>
Small Business	30.75%	32.68%
SDB	5.00%	15.75%
WOSB	5.00%	6.47%
SDVOSB	3.00%	7.05%
HUBZone	3.00%	2.01%

As shown above, DOJ exceeded its prime contracting goals for small businesses, small disadvantaged businesses, woman-owned small business, and service-disabled veteran-owned small business. Although DOJ did not meet its HUBZone goal of 3.00%, it did achieve 2.01% to HUBZone firms by awarding \$182 million to such firms. That total is an increase in dollars to HUBZone firms of \$ 3million over FY 2020. DOJ remains committed to ensuring that small businesses participate in our procurements to the maximum extent practicable. In an effort to achieve our unmet HUBZone goal, DOJ is taking the following steps during FY 2022:

- Clearly communicate the FY 2022 small business goals and the importance of meeting those goals
- Publish the FY 2022 DOJ Forecast of Contracting Opportunities on the DOJ OSDBU website
- If possible, host Vendor Outreach Sessions specifically for HUBZone firms, SDVOSBs, WOSBs/EDWOSBs, and 8(a) firms in an effort to encourage those businesses to pursue contracting opportunities at DOJ
- Conduct thorough market research to identify procurements that could be set aside for small businesses
- Use set aside authority when using multiple award contracts to drive achievement to small firms in the HUBZone category
- Maximize awards to small businesses under the simplified acquisition threshold
- Ensure that FAR 19.203(c) is followed by reviewing contract actions greater than the simplified acquisition threshold
- Consult and collaborate with SBA’s HUBZone Empowerment Contracting Program Office when appropriate to identify HUBZone opportunities when appropriate

Data in the Electronic Subcontracting Reporting System (eSRS) as of April 28, 2022, show that DOJ achieved the following results against its small business subcontracting goals in FY 2021.

<b>Category</b>	<b>Goal</b>	<b>Accomplishment</b>
Small Business	39.50%	31.60%
SDB	5.00%	5.90%
WOSB	5.00%	7.10%
SDVOSB	3.00%	1.50%
HUBZone	3.00%	2.20%

DOJ is taking the following steps in support of meeting our small business subcontracting goals in FY 2022:

- Clearly communicate the FY 2022 small business subcontracting goals and the importance of meeting all of the small business goals
- Publish the small business subcontracting goals and accomplishments on the DOJ OSDBU website
- Ensure that contracting officers stress the importance of subcontracting plan compliance in all small business categories with DOJ’s large prime contractors with particular focus on the small business goals not met
- Ensure that all DOJ prime contractors are submitting reports to eSRS as required
- Ensure that contracting officers are using the Individual Subcontracting Reports (ISRs) in the (eSRS) to monitor contract specific small business subcontracting accomplishments
- Review subcontracting plans for contracts greater than \$700,000 to other than small businesses to ensure that proposed small business subcontracting plans meet DOJ’s small business subcontracting goals
- Ensure that Small Business Administration’s (SBA) Procurement Center Representative has an opportunity to review proposed subcontracting plans and to provide input
- Coordinate with SBA to provide training to DOJ’s acquisition staff regarding pre-award and post award subcontracting responsibilities
- Where appropriate, make small business subcontracting an evaluation factor contract award
- Where appropriate, make Small Business Participation Plan an evaluation factor for award providing a higher score for comprehensive socioeconomic small business participation

**Corrective Actions to Address Unmet Goals Report**

In fiscal year 2021, the U.S. Nuclear Regulatory Commission (NRC) exceeded all five of its small business prime<sup>1</sup> contracting goals and only fell short in achieving one of its subcontracting goals (see Enclosure 1). Therefore, this report will only discuss planned actions to improve subcontract goal performance for small disadvantaged businesses because the agency was unsuccessful in meeting this goal. In addition, the agency was cited as noncompliant in four areas noted in the fiscal year (FY) 2021 Office of Small and Disadvantaged Business Utilization (OSDBU) Compliance Worksheet, which are discussed in detail herein.

### **PRIME CONTRACT GOALS**

No actions are needed as all five goals were exceeded.

### **SUBCONTRACT GOALS**

The agency fell short of achieving only its small business disadvantaged goal. Therefore, please find below a list of targeted actions to achieve the small disadvantaged business subcontracting goal in FY 2022 and beyond.

#### **A. Receive Subcontracting Credit for Federal Supply Schedule Orders**

The NRC's Small Business Program initiated discussions with its contracting division to take the necessary steps to receive small business subcontracting credit for the agency's General Services Administration (GSA) Federal Supply Schedule (FSS) orders in accordance with the Federal Acquisition Regulation (FAR) clause 52.219-9(d)(10)(iii) that allows subcontracting credit to flow directly to ordering agencies. The Small Business Program's strategy is to begin with our largest dollar value GSA FSS multiple award contract that requires its large business prime contract holders to subcontract at least 40 percent of the total value of its awarded NRC orders to small businesses, including the four of the subcategory goals. The initial results have been significant as the agency went from achieving zero subcontracting goals in FY 2020 to exceeding four of five goals in FY 2021. Therefore, the Small Business Program is looking to expand upon its success by working with contracting officers to identify other applicable GSA FSS orders where subcontracting credit is available by requiring the GSA FSS prime contractors to submit annual subcontracting reports to the Electronic Subcontracting Reporting System.

<sup>1</sup> The agency more than quadrupled its small disadvantaged business goal and more than doubled its goal for service-disabled veterans, women, and companies located in Historically Underutilized Business Zones.

## **B. Increase the Use of the Agency's Small Business Subcontracting Plan Evaluation Factor**

The Small Business Program intends to increase both the use and enforcement of small business subcontracting goals. The Small Business Program created a small business subcontracting plan evaluation factor that incentivizes the use of small businesses as subcontractors under a pass/fail scored factor that is considered in source evaluation and selection. Once a contract award is made, the proposed subcontracting goals become a material part of the contract and are required throughout contract performance. Moreover, prime contractors are advised that subcontracting plan performance and compliance is a factor contracting officers assess when evaluating and scoring contractor past performance.

To ensure that subcontracting plans maximize the use of this factor, the Small Business Program will continue to review small business subcontracting plans through formal small business subcontracting plan reviews. The Small Business Program also plans to collaborate with the agency's acquisition staff to identify projects that have historically provided the greatest amount of subcontract opportunities for small businesses to begin increasing the target goals, where possible. In addition, the Small Business Program plans to bolster enforcement of small business subcontracting goal achievement through tracking and monitoring measures. The Small Business Program will conduct annual audits of prime contractor performance and begin recording achievement of prime contractors in a tracking and monitor system under development.

## **C. Continue to Facilitate Prime Contractors' Good Faith Efforts to Increase Subcontracting Through Various Outreach Efforts**

The Small Business Program actively assists agency prime contractors with identifying potential small business subcontractors that have the capability to assist the prime contractors with carrying out their work at the NRC. The potential subcontractors are revealed through two primary activities carried out by the Small Business Program: counseling sessions and outreach event participation.

The small business counseling sessions provided by Small Business Program staff include an analysis of available subcontract opportunities using the web-based Small Business Toolbox, which includes a feature that connects small businesses with the agency's top prime contractors to explore subcontracting opportunities. This feature includes access to a redacted copy of the agency's contract and statement of work for various commodity categories (e.g., information technology, cybersecurity, and technical assistance/engineering). The access to the requirements and qualifications in agency contracts establishes a mechanism for potential subcontractors to effectively identify a task or activity where their capabilities align and where they may play supporting role. Once a small business has completed its evaluation of subcontract

opportunities, the toolbox feature also provides a point-of-contact for the top<sup>2</sup> prime contract opportunities. The Small Business Program plans to expand and increase the number of top agency prime contracts that are included on the list through enhancements and updates to the Small Business Toolbox.

The NRC Small Business Program hosts and participates in outreach events to expand the agency's innovative and competitive supplier base by increasing awareness of agency opportunities. The Small Business Program launched a virtual series of events that it plans on continuing that educates the small business marketplace on best practices to successfully identify and secure agency subcontracting opportunities. Outreach participation includes events sponsored by Congress; Federal, State, and local Governments; and business organizations located across the country. The conferences focus on increasing prime and subcontract opportunities with small businesses; companies located in a HUBZone; and businesses owned by women, the disadvantaged, and service-disabled veterans. The Small Business Program plans to continue its conference participation through speaking, conducting matchmaking sessions, and exhibiting at both virtual and in-person events.

## **OSDBU COMPLIANCE WORKSHEET**

The agency was cited for noncompliance in four areas under Section 15(k) of the Small Business Act. The noted areas where the agency failed to establish compliance are the office and director experience (office title), director title, conversion activities, and the exclusivity of duties and title. The specific questions listed in the FY 2021 OSDBU Compliance Worksheet that the NRC is not in compliance with are listed below.

- Does the federal agency with procurement powers have an office known as the "Office of Small and Disadvantaged Business Utilization"?
- Is the management of the Office of Small and Disadvantaged Business Utilization known as the "Director of Small and Disadvantaged Business Utilization" for such federal agency (or, for the Department of Defense, Director of Office of Small Business Programs)?
- Does the OSDBU Director review and advise agency on any decision to convert an activity performed by a small business concern to an activity performed by a Federal employee?
- Does the OSDBU Director holds any other title, position, or responsibility, except as necessary to carry out responsibilities under this subsection?

<sup>2</sup> Top agency prime contracts are determined by inclusion of the incentivized small business subcontracting plan evaluation factor and the total amount of contract dollars available for service and supply subcontracting to small business.

The agency remains committed to evaluating areas where it fell short and exploring strategies to enhance or establish compliance. Regardless of the few areas the agency was deemed noncompliant, the Small Business Program remains dedicated to maximizing opportunities for small businesses to participate in the agency's acquisition program.

## 4 INTRODUCTION

---

The National Defense Authorization Act for Fiscal Year 2020 (NDAA FY20), Pub. Law 117-6, section 871, required the U.S. Small Business Administration (SBA) to report Federal spending made through “best in class” designations and to report on the dollars awarded through these designations to small businesses. This reporting requirement was codified in section 15(h)(4) of the Small Business Act, 15 U.S.C. § 644(h)(4), as follows:

### **15 U.S.C. § 644. Awards or Contracts**

#### **(h) Reporting on goals for procurement contracts awarded to small business concerns.—**

##### **(4) Best in class small business participation reporting.—**

###### **(A) Addendum.**

In addition to the requirements under paragraph (2) and for each best in class designation, the Administrator shall include in the report required by such paragraph—

- (i) the total amount of spending Governmentwide in such designation; and
- (ii) the number of small business concerns awarded contracts and the dollar amount of such contracts awarded within each such designation to each of the following—
  - (I) qualified HUBZone small business concerns;
  - (II) small business concerns owned and controlled by women.
  - (III) small business concerns owned and controlled by service-disabled veterans; and
  - (IV) small business concerns owned and controlled by socially and economically disadvantaged individuals.

###### **(B) Best in class defined.**

The term “best in class” has the meaning given such term by the Director of the Office of Management and Budget.

###### **(C) Effective date.**

The Administrator shall report on the information described by subparagraph (A) beginning on the date that such information is available in the Federal Procurement Data System, the System for Award Management, or any successor to such systems.

Subsection 644(h)(4)(C), “Effective date,” suggests that SBA would use data from the Federal Procurement Data System (FPDS) or the System for Award Management (SAM). Neither FPDS nor SAM currently includes information about best-in-class designations. Therefore, as explained in the next section, SBA obtained data about best-in-class designations directly from the General Services Administration (GSA), the agency that maintains data on best-in-class designations and the Category Management program. The GSA data set differs in some respects from the FPDS data that SBA ordinarily uses for data analysis, and the forthcoming section discusses those differences and SBA’s methodology for reconciling the differences.

## 5 REPORT DATA SOURCES

---

SBA uses Small Business Goaling Report (SBGR) data from FPDS obtained annually on a designated “locked” date, to report small-business spending and attainment of SBA program goals. FPDS is a live database with daily transactions, so, for consistency and replicability, SBA and Integrated Award Environment (IAE), FAS, GSA agree annually on a “lock” date to generate the SBGR. For the FY21 SBGR, the lock date was February 22, 2022. Additionally, the SBGR applies the exclusions listed in SBA’s Goaling Guidelines. These exclusions generally cover acquisitions from the statutorily mandated sources of Federal Prison Industries or AbilityOne participants, or that are excluded by statute from the small-business goals.<sup>1</sup> The SBGR applies these exclusions by excluding them from the data set that SBA uses for small-business data analysis. Thus, the FY21 SBGR is simply the FPDS data set as of February 22, 2022, without the exclusions.

For this best-in-class designation report, SBA was not able to obtain the necessary information from the SBGR. Neither FPDS nor the SBGR collects the information about best-in-class designations. To address this data deficiency, SBA obtained a separate data set from GSA’s Federal Acquisition Service (FAS), Office of Enterprise Strategy Management (QP), which maintains data for Category Management program. Best-in-class designations are a component of the Category Management program. The FY21 data that SBA obtained from OESM-QP was current as of March 1, 2022. Similar to the SBGR, the source for OESM-QP data set is FPDS, but in the OESM-QP data set the FPDS data is mapped to the best-in-class designations and other information relevant for the Category Management program. Unlike the SBGR, the OESM-QP data set does not apply any SBGR goaling exclusions.

SBA reconciled the SBGR data set with the OESM-QP data set to generate the data used for this report. This reconciliation process allows the data to be consistent with other SBA analyses. Prior to the reconciliation, the two data sets had different attributes because of the difference in the dates between the data sets and the application of exclusions in the SBGR. The data differences are reflected in the summary aggregate data in Table 1:

---

<sup>1</sup> A full list of the categories of excluded transactions are in SBA’s Goaling Guidelines, available here: [FY 21 Goaling Guidelines](#). As noted in the goaling guidelines, if an action is not reported in FPDS-NG, it is not included in the SBGR.

Table 1- Comparison of Summary Aggregate Data of the SBGR data set and the OESM-QP data set

<b>Contracting Officer Business Size Selection</b>	<b>SBGR: Total Eligible Dollars (Billions)</b>	<b>OESM-QP: Dollars Obligated (Billions)</b>

SMALL BUSINESS	\$145.8	\$147.7
Government-Wide Total	\$566.5	\$635.2

Source: FY21 SBGR/OESM-QP data sets

To reconcile the two data sets, SBA limited its analysis for this report to FY21 transactions that appeared in both sets. These shared transactions represent 89% of the OESM-QP data total obligated dollars and 99% of the SBGR total eligible dollars. The table 2 below shows the summary aggregate data for FY21 SBGR/OESM-QP shared data set:

## 6 REPORT FINDINGS

Subsection 644(h)(4)(B) defines “best in class” to have the meaning given by the director of the Office of Management and Budget (OMB). OMB defined “best in class” in Memorandum No. M-19-13, issued March 20, 2019. In Memorandum No. M-19-13, OMB used the terms “best in class,” “BIC,” and “Tier 3” interchangeably and defined Tier 3 as:

*Spending managed at the Government-wide level through use of BIC solutions that have been identified through a collaborative interagency process by acquisition category experts within the Government as offering the best pricing and terms and conditions within the Federal marketplace and reflecting the strongest contract management practices.*

OMB Memorandum M-19-13, Category Management: Making Smarter Use of Common Contract Solutions and Practices, at 5 (March 20, 2019).

The same OMB Memorandum discussed several other key terms: Tier 0, Tier 1, Tier 2, and “common spend.” The definitions of Tier 0, Tier 1, and Tier 2 were as follows:

**Tier 0** - *Unaligned spending by the agency*, which involves purchasing in a decentralized manner and not conforming to category management principles, including strategic oversight and disciplined consideration of performance data to understand prices paid by other Federal customers or metrics to improve results.

**Tier 1** – *Spending managed at the agency-wide level with supporting mandatory-use policies and strong contract management practices*, including data analysis, information sharing across the agency, and use of metrics that are defined, tracked, and publicized.

**Tier 2** – *Spending managed at Government-wide level through multi-agency or Governmentwide solutions* that are not BIC solutions but reflect strong contract management practices, including data and information sharing across agencies, and use of cross-agency metrics.

With respect to “common spend,” OMB stated that the Category Management strategies introduced in Memorandum No. M-19-13 applied to agencies’ purchases in “common spend” categories—i.e., those for products and services used by many agencies. Because the Category Management strategies apply only to common spend, the best-in-class and other tier definitions are relevant only for transactions in common spend. This is because Category Management is a governmentwide effort; transactions outside of common spend (sometimes referred to as “defense-centric”) are not considered to be transactions capable of governmentwide coordination.

Thus, for this report, SBA limits its data analysis to the common-spend purchases. This is consistent with how GSA’s Category Management Program Management Office (PMO) reports its metrics on Category Management. Common-spend transactions are designated in the data as purchases covered by the Governmentwide Category Management program, or simply “GWCM” transactions. For each of these common-spend transactions, the OESM-QP data indicates whether the transaction is designated at Tier 0, Tier 1, Tier 2, or best-in-class/Tier 3. In the FY 21 SBGR/OESM-QP shared data set, the summary spending for each tier designation by business size is reflected in Table 3:

Table 3 – Summary spending by tier designation –common spend

<b>Tier Designation</b>	<b>Other than Small Business (Billion)</b>	<b>Small Business (Billion)</b>	<b>% Small Business</b>	<b>Total by Designation (Billion)</b>
BIC/Tier 3	\$27.4	\$17.9	40%	\$45.3
Tier 2	\$51.6	\$19.9	28%	\$71.5
Tier 1	\$62.4	\$24.5	28%	\$86.9
Tier 0	\$125.6	\$55.0	30%	\$180.6
Not Designated	\$0.9	\$0.0	0%	\$0.9

Note: Dollar figures do not apply the statutory adjustments that SBA uses in the Small Business Scorecard for disaster-related awards, awards to businesses in territories, and Dept. of Energy subcontracts.

Note that there is only one classification for best-in-class/Tier 3 in the OESM-QP data under the tier designation. Thus, this report does not reflect multiple designations for best-in-class even though the section 644(h)(4) refers to “best in class designations” in the plural. There is only one BIC designation. More information on specific best-in-class contracts, however, is available through the PMO’s online data portal at <https://d2d.gsa.gov/report/government-wide-category-management-oversight-performance-management-tools>.

The total number of small-business vendors that received best-in-class-designated awards in FY21 common-spend was 2,133, out of 66,558 small business vendors that received any common-spend awards in the shared data set. See Table 4:

Note: The vendor counts reflect only vendors that received positive-dollar awards in the designation.

In accordance with subsection (a)(ii), Table 5 below includes the number of small-business vendors awarded contracts and the dollar amounts of such contracts within the best-in-class designation and in overall common spend for each of the following:

1. small business concerns owned and controlled by socially and economically disadvantaged individuals (SDB);
2. small business concerns owned and controlled by service-disabled veterans (SDVOSB);

3. small business concerns owned and controlled by women (WOSB); and
4. qualified HUBZone small business concerns (HUBZone).

## EXECUTIVE SUMMARY

This report provides for the United States Senate Committee on Small Business and Entrepreneurship and the United States House of Representatives Committee on Small Business an analysis of the number and dollar amount of prime contracts awarded during Fiscal Year (FY) 2021 as required by 15-(h)-(2)-(e) of the Small Business Act. The chief purpose of this report is to provide Congress with data on the Executive Branch's compliance with legislatively mandated small business and socio-economic goals. This report makes available comprehensive statistics on the type and number of prime contracts awarded to small businesses under various socio-economic programs for the Federal Government and 24 Chief Financial Officer (CFO)-Act Agencies. The information in this report was derived from the FY2021 Small Business Goaling Report data set as of February 22, 2022. The FY2021 government-wide and agency prime contracting results were published in the FY2021 Small Business Goaling Report on June 28, 2022, and is located on the Federal Procurement Data System Next Generation (FPDS-NG) web site at: [SAM.gov | Databank | Contract Data | Static](#)

The federal government awarded \$154.2 billion to small business contractors during FY2021, achieving a small business percentage of 27.23 percent of eligible federal procurement. This achievement represents the ninth consecutive year that the federal government meets the 23 percent statutory goal.

In FY21, in accordance with the Small Business Act, SBA has provided agencies double credit in two instances; 1) local area set-asides to small businesses in disaster areas - See 15 USC § 644(f).; and 2) NDAA FY20, extended double small business credit for Puerto Rico businesses to small businesses with principal offices in the U.S.V.I., American Samoa, Guam, and the Northern Mariana Islands (Sec. 875). For purposes of determining whether a prime

contract awardee business location, SBA uses the prime vendor address reported in FPDS-NG. Double-credit under § 644(x) is provided only for awards dated on or after August 13, 2018, and only for awards that do not already qualify for double-credit under § 644(f).

In addition, in FY 2021, pursuant to 15 USC 644(g)(3) SBA is counting subcontracts awarded by Department of Energy Management and Operating Contractors in the government goaling numbers. Since 2015 SBA has been considering these subcontracts towards DOE's prime contracting goals, they are not counted towards DOE's subcontracting goals.

The total number of \$154.2 billion includes the statutory requirement to double disaster local area set-aside awards, awards to Puerto Rican Businesses and covered territories and the subcontracts awarded by Department of Energy Management and Operating Contractors. The \$154.2 billion awarded in small business prime contracts represents an incredible impact to the American economy that supports job creation (about 691.7K jobs), innovation, and growth and that is the basis for calculating the number of jobs created, does not include the doubled amounts.

\*No reports exist for this category. SBA requires that small-business-contract holders recertify their status upon a contract novation or acquisition. See 13 CFR 121.404(g), 124.521(e), 125.18(e), 126.619(a), 127.504(h). Upon recertification, the contracting agency changes the business's socioeconomic status for the award to the business's new status. See FAR 19.301-2. In each scenario where a contract is purchased, the contract holder is required by the SBA regulations to recertify size and status, and the agency is required to change the status through a contract modification. The contract modification would then change the socioeconomic categories satisfied for future dollars obligated against the contract. As such, after a contract sale, future contract dollars will be correctly entered for the socioeconomic categories of the new contract holder.

**Data Definition:** The data included in this report comes from the Federal Procurement Data System – Next Generation certified Small Business Goaling Report data for Fiscal Year 2021. The General Services Administration (GSA) provides the SBA with an annual dataset extract of the awards included in the Small Business Goaling Report. The FY21 certified All data diskette was extracted from the FPDS-NG system on 2/22/2022. This report only includes the award totals for records that have been flagged as 'Small Business' in accordance with the FPDS-NG system's Contracting Officer's Business Size selection field.

## 5 15 USC 644(X) SMALL BUSINESS CREDIT FOR PUERTO RICO BUSINESSES AND COVERED TERRITORY BUSINESSES

---

(1) CREDIT FOR MEETING CONTRACTING GOALS.—If an agency awards a prime contract to [a] Puerto Rico business or a covered territory business, or a prime contractor awards a subcontract (at any tier) to a subcontractor that is a Puerto Rico businesses or a covered territory business during the period beginning on the date of enactment of this subsection and ending on the date that is 4 years after such date of enactment, the value of the contract or subcontract shall be doubled for purposes of determining compliance with the goals for procurement contracts under subsection (g)(1)(A) during such period.

(2) REPORT.—Along with the report required under subsection (h)(1), the head of each Federal agency shall submit to the Administrator and make publicly available on the scorecard described in section 868(b) of the National Defense Authorization Act for Fiscal Year 2016 (15 U.S.C. 644 note), an analysis of the number and dollar amount of prime contracts awarded pursuant to paragraph (1) for each fiscal year of the period described in such paragraph.

(3)<sup>1</sup> COVERED TERRITORY BUSINESS DEFINED.—In this subsection, the term “covered territory business” means a small business concern that has its principal office located in one of the following:

- (A) The United States Virgin Islands.
- (B) American Samoa.
- (C) Guam.
- (D) The Northern Mariana Islands.

Definition of Puerto Rico Business:

**15 USC 632(ee)**<sup>2</sup> Puerto Rico business. In this Act, the term "Puerto Rico business" means a small business concern that has its principal office located in the Commonwealth of Puerto Rico.

---

<sup>1</sup> New paragraph 15(x)(3) added by § 875(3) of P.L. 116-92, approved Dec. 20, 2019 ( Stat. ).

<sup>2</sup> New subsection 3(ee) added by § 861(a) of P.L. 115-232, approved August 13, 2018 (132 Stat. 1896).

## 6 SUMMARY

Subsection (x) of section 15 of the Small Business Act (15 U. S. C. 644) requires doubling the value of the prime and subcontract awards to Puerto Rico businesses or a covered territory businesses for a four-year period starting with August 2018, for the purpose of measuring the compliance with annual goals under subsection (g)(1)(A), 15 USC 644(g)(1). Subsection (g)(1)(A) authorizes the President to establish Governmentwide goals for procurement contracts to small businesses, at no less than statutorily authorized levels.

The FY20 NDAA extended the double credit to small business awards to businesses in the covered territories.

In FY21, SBA is reporting the double credit to small business awards to businesses in Puerto Rico and the covered territories in an addendum report to the FY21 Corrective action Report.

As required by 15 USC 644(x)(2), this report will summarize the FY 21 prime contact awards to Puerto Rico businesses and covered territory businesses by agency. At this time, SBA cannot report on the subcontract awards to Puerto Rico business or a covered territory business because the subcontract reporting system does not provide the information required to make the correct determination for the vendor business location.

The following agencies submitted agency reports to SBA on FY 21 awards to Puerto Rico businesses or a covered territory businesses award to SBA.

There will be some differences between the agencies reports and the analysis below because the analysis was performed on the FY21 Small Business Goaling Report (SBGR), which contains locked data as of February 22, 2022. The data reported by the agencies is based on an ad-hoc report created and run in [www.sam.gov](http://www.sam.gov).

## 7 REPORT FINDINGS

The Subsection (x) of section 15 of the Small Business Act (15 U. S. C. 644) requires doubling the value of the Small Business Dollars as well as dollars for the SDB, SDVOSBC, WOSB, and HUBZone measures. The table below displays the FY20 Small Business Goaling report locked data for the CFO Act agencies that have prime contract awards to Puerto Rico businesses or businesses located in the covered territories, before doubling the dollar values:

# Small Business and Category Management

# Table of Contents

- I. Policy Considerations and Flexibilities**
- II. Small Business Utilization Through Category Management**
- III. Increasing Small Business Participation Through Subcontracting**
- IV. Legal Obligations**

# Course Objectives

**As it relates to category management:**

**(1) Identifying best practices for procuring goods and services from small business concerns; and**

**(2) Avoiding conflicts with the requirements of the Small Business Act (15 U.S.C. 631 et seq.).**

**The purpose of this training is to assist federal agencies with understanding how they can successfully balance category management practices and small business utilization in prime and subcontracting.**

**The SBA works to ignite change and spark action  
so small businesses can confidently**

**START • GROW • EXPAND • RECOVER**

# Policy Considerations and Flexibilities

# Office of Management and Budget (OMB) Category Management Guidance

# What is Category Management?

**Category Management: Buying smarter for those common goods and services that everyone buys. Examples include office supplies, travel and lodging, housekeeping services, and more.**

For the **government**, this means buying like an enterprise, to get more value and savings via:

1. Identifying core areas - categories - of spend
2. Using data to consolidate and reduce contracts when possible
3. Better managing suppliers and demand
4. Reducing the total cost of ownership

[Category Management | Acquisition Gateway](#)

# OMB MEMO M-19-13 (March 2019)

Established category management as a practice across the entire Federal Government.

- Organizes “common” spend into 10 govt.-wide categories (using NAICS/PSCs)
- Creates a contracts/ solutions inventory, for improved govt. data-sharing
- Encourages well-managed spend (spend under management) while recognizing small business considerations
- Develop agency-specific small business policy
- Clarifies CM roles for SBA, OSDBUGs and others
- Directs agencies to set CM goals and a small business strategy in coordination with OSDBUG and agency leadership

Category Management: Making Smarter Use of Common Contract Solutions and Practices - ([OMB Memorandum M-19-13](#)) (Issued March 20, 2019)

# CM Policy: Key Actions

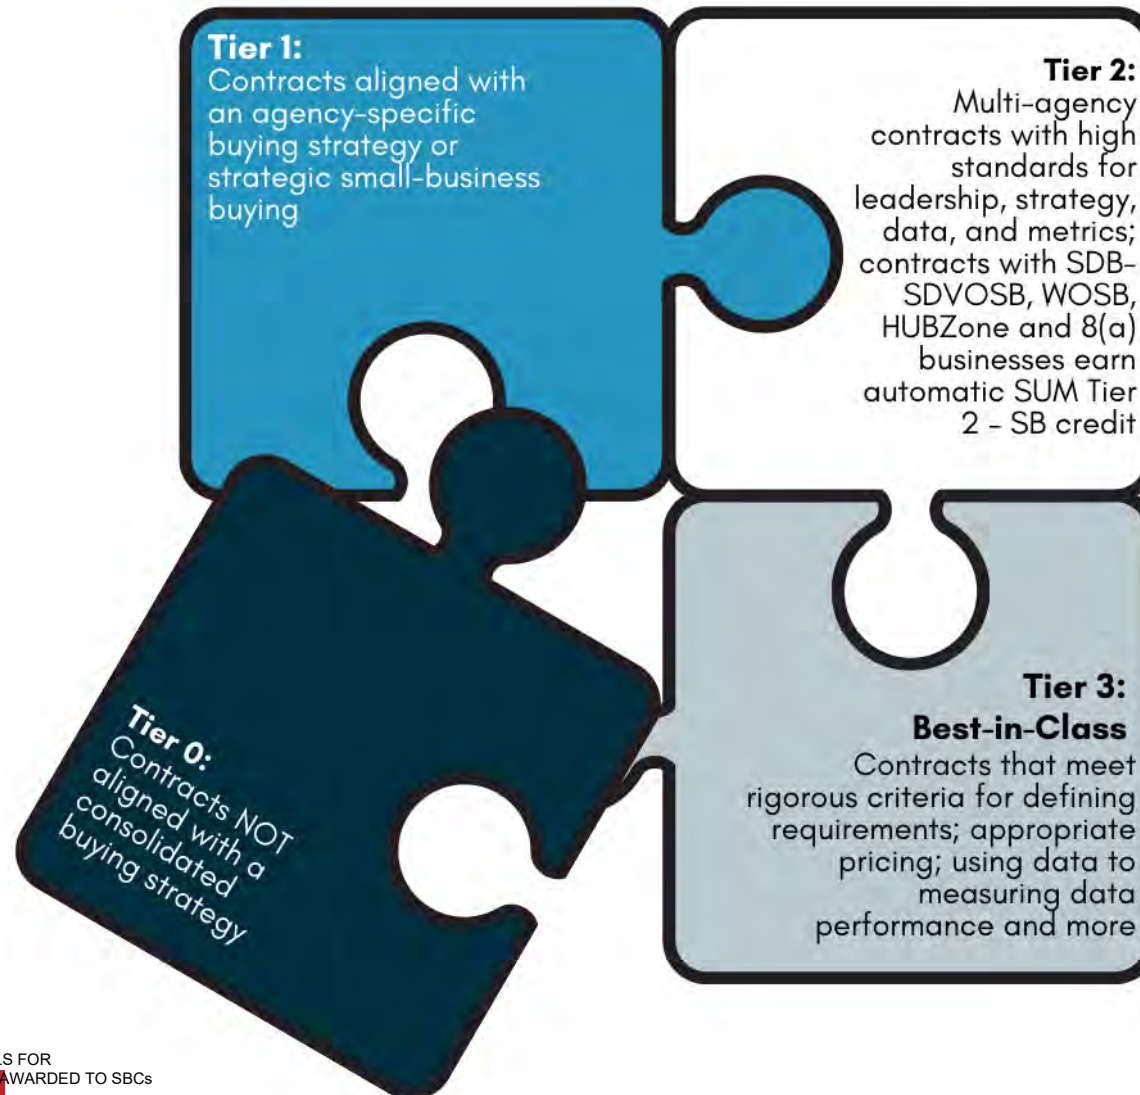

- 1. CM agency plan:** Have a plan to reduce unaligned spend and increase BIC usage against goals.
- 2. Vendor management strategy:** Create effective strategies to improve communications with industry partners.
- 3. Demand management strategy:** Implement a plan to eliminate inefficient purchasing and consumption behaviors.
- 4. Data sharing:** Share information to enable data-driven decision-making.
- 5. Tailored training:** Create and use learning tools tailored to the different acquisition roles.

# Govt.-wide CM Key Performance Indicators (KPIs)

KPI Name	Description
<b>Spend Under Management (SUM)</b>	Measure progress as a <b>percentage</b> of overall obligations in the same fiscal year (vs dollars); SDB- SDVOSB, WOSB, HUBZone and 8(a) businesses will earn automatic SUM Tier 2 – SB credit
<b>Best-in-Class (BIC) Obligations</b>	Measure progress as a <b>percentage</b> of overall obligations in the same fiscal year; this is a shift from prior-year measurements in dollars
<b>Tier-0 Contract Reduction</b>	Retired at end-of-year FY21, to improve focus on increasing small business participation in SUM & harmonizing CM and small business goaling
<b>New: Pilot Measure - Reduction in Duplicative Contracts</b>	<b>New:</b> Pilot to measure duplicative contracts with the same contractor – and evaluate best way to reduce, but no targets set during pilot
<b>SB Utilization</b>	<b>Percentage</b> of total dollars obligated to small businesses; measured as a ratio of obligated to eligible
<b>Training</b>	The number of federal employees trained in the aspects and components of CM.

# Measuring Category Management Using Spend Under Management (SUM)

Agencies receive SUM targets each year, and are evaluated on the percentage of total common spend actively managed according to CM principles.

Source: [OMB, Acquisition Gateway](#)

# Harmonizing Small Business Contracting and CM Principles

# OMB SB Strategies

1. Small business goaling unchanged: Agencies remain responsible for meeting their small business contracting goals. Achievement of category management goals is never an excuse for missing small business goals.
2. Success through balance: Agencies are expected to manage contract spending through a balance of govt.-wide, agency-wide, and local contracts
3. BICs are one tool only; agencies decide when they're appropriate
4. Other tools play a role too (e.g., agencies can use set-aside contracts to attract new entrant small businesses)

Small business advocates play an important role: SBA and OSDDBUs will serve as strategic advisors to SAOs, agency workforce, and govt.-wide small business solution owners

# BICs and Govt.-Wide Solutions Suitability

**BICs are not meant to be one-size-fits-all vehicles, and agency-wide vehicles and/or local contracting may be more suitable when:**

- Work requires specialized skills not available through small businesses on the BIC or Govt.-wide solution but available from small businesses on an agency-wide solution;
- Migration could cause significant harm to the small business industrial base that provides the goods or services that would be migrated; and/or
- Use of the BIC or Govt.-wide solution would force the agency to rely on a small cadre of small business providers that could create significant mission risk.
- Agency is working to attract new entrants and expand supplier diversity in various submarkets

# Questions?

# **Increasing Small Business Participation Through Subcontracting**

# Background

# Purpose

**Federal Government contracting professionals can increase small business participation through subcontracting (while earning agency credit using SUM contracts) by:**

1. Knowing and understanding the regulatory requirements
2. Complying with the regulatory requirements
3. Utilizing practices that encourage small business participation as subcontractors

# Category Management Encourages Subcontracting

**Some multi-agency or government-wide procurements may be too large, complex, or multi-disciplined for small businesses to participate as prime contractors.**

**Subcontracting allows small businesses to continue to have a role in the successful performance of the overall contract.**

**Subcontracting includes any agreement that calls for supplies or services required for performance of the contract or a subcontract.**

**Subcontracting opportunities can exist through several subcontracting tiers.**

# Regulatory Requirements

# Subcontracting Requirements

- **Small business participation as a subcontractor stems from Section (8)(d) of the Small Business Act.**
- **The Act requires that small businesses are afforded a “maximum practicable opportunity” to participate as subcontractors.**
- **The Small Business Administration ensures that small businesses receive these opportunities through its [Small Business Subcontracting Assistance Program](#).**

# Regulatory Requirements

## Federal Acquisition Regulation (FAR)

### Subcontracting Assistance Program's regulatory requirements:

- The requirements for utilizing small business in Federal subcontracting are under Section 8(d)(1) of the Small Business Act. The details of when, what, and how to use the requirements are in FAR 52.219-8, *Utilization of Small Business Concerns*
- The requirements for when to obtain a Small Business Subcontracting Plan are under Section 8(d)(4) and 8(d)(6) of the Small Business Act. The details of when, what, and how to use the requirements are in FAR 19.7 - *The Small Business Subcontracting Program* and 52.219-9, *Small Business Subcontracting Plan*

# Applying Regulatory Requirements

- [52.219-8 Utilization of Small Business Concerns. | Acquisition.GOV](#)
- **Insert this clause in every Federal acquisition, whether awarded to a small business or an “other than small” business, that meets all the following criteria:**
  - Contact exceeds the simplified acquisition threshold
  - Is not performed entirely outside of the United States
  - Is not personal in nature
- [52.219-9 Small Business Subcontracting Plan. | Acquisition.GOV](#)
- **Insert this clause in every Federal acquisition awarded to an “other than small” business that meets all the following criteria:**
  - Contracts or modifications that causes a contract to exceed the subcontract plan dollar threshold (threshold is currently \$750,000 and \$1.5 million for construction contracts and includes options)
  - Has subcontract possibilities
  - Requires the clause at FAR [52.219-8](#)
  - Is not performed entirely outside of the United States
  - Is not personal in nature

# Resources for Understanding the Requirements

- Federal Agencies' Offices of Small and Disadvantaged Business Utilization (OSDBU) and Offices of Small Business Programs (OSBP)
- Federal Agency Small Business Professionals
- Small Business Administration's:
  - Government Contracting Area Office Customer Liaisons
  - Procurement Center Representatives (PCRs)
  - Commercial Marketing Representatives (CMRs)

# Compliance with the Subcontracting Assistance Program

# FAR 52.219-8, *Utilization of Small Business Concerns*

- Read [FAR 19.708 contract clauses](#)
- Review the acquisition to ascertain whether the FAR clause is applicable
- If it is applicable:
  - Insert the clause(s) in every applicable Federal contract awarded
  - Educate the contractor of the requirements to provide “maximum practicable opportunity” for small business to participate as subcontracts consistent with efficient contract performance
  - Remember that subcontracts can be direct or indirect
  - Remember applicability to “other than small” and small businesses

# **FAR 52.219-9, *Small Business Subcontracting Plan***

## **Five Steps**

- 1. Determine if the requirement meets the subcontracting plan regulatory requirements**
- 2. Determine if the requirement has subcontracting possibilities**
- 3. Determine the subcontracting goals for the solicitation**
- 4. Determine the evaluations factors**
- 5. Negotiate the Subcontracting Goals**

# Order-Level Goals

**Subcontracting plan goals for small businesses and socioeconomic groups are established in the contract with the awarding agency. All contracts can have only one subcontracting plan.**

**However, in multiple-award IDIQ contracts (such as those used in Category Management), an agency awarding a task order against a multiple-award IDIQ contract may require order-level goals.**

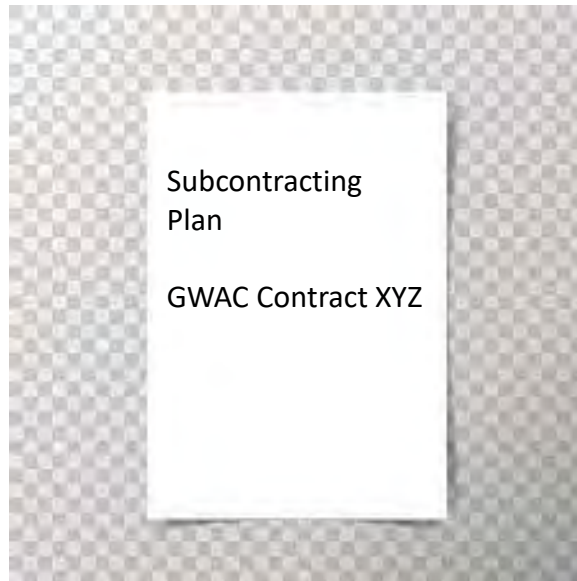

**FAR 19.705-1(b)(2): Contracting officers placing orders may establish small business subcontracting goals for each order. Establishing goals shall not be in the form of a new subcontracting plan as a contract may not have more than one plan (19.705-2(e)).**

**More opportunities exist for small business subcontractors at the task-order level than at the contract level.**

**Requiring order-level goals for an IDIQ contract emphasizes to the contractor that small business participation for the order is important and expected.**

# Order-Level Goals (cont'd)

**Subcontracting Plan is required in the overarching contract (i.e., GWAC contract #XYZ with GSA)**

**Order Level Goals can be required with orders placed against contract #XYZ**

Order-level goals do not replace the contract's overarching subcontracting plan and goals

# Strengthening Small Business Participation in Subcontracting

# Actions that Strengthen Small Business Participation in Subcontracting

Contracting Officers can include language in the solicitation that strengthens the contractor's commitment to small business utilization, such as:

- requesting the name of proposed small business subcontractors in the subcontracting plan,
- including small business commitment in the contract's evaluation factors;
- encouraging the establishment of teaming agreements and subcontracting agreements with small businesses, and
- including the small business subcontracting plan incentive at [FAR 52.219-10](#).

What encourages subcontracting at all subcontracting tiers of a procurement?

- (1) The inclusion of order-level subcontracting goals on IDIQ contracts
- (2) The flow-down subcontracting plan requirement

# Legal Obligations

# What Small Business Legal Obligations Apply to Category Management?

**Short answer: All the normal requirements!**

- **Category Management does not waive existing small business requirements**

**Long answer:**

- **Consolidation and bundling**
- **PCR review**
- **8(a) release requirement**
- **Rule of Two (with a few exceptions)**

**...plus some small business legal flexibilities to explore:**

- **SBIR/STTR Phase III sole-source authority**
- **8(a) sole-source authority**

# Consolidation and Bundling Restrictions

**Both specifically apply to task orders.**

**Consolidation – A solicitation for a single contract or order to satisfy multiple agency requirements previously lower in cost.**

**Bundling – Consolidating multiple requirements performed by small business (or suitable for small business) into a single contract or order likely to be unsuitable for award to small business.**

- 1. Must be justified by benefits**
- 2. Must notify the public for consolidation, substantial bundling**
- 3. Must consult with PCR at least 30 days prior**

# How does Consolidation and Bundling Apply to Category Management?

- 1. Consolidating multiple requirements into one FSS task order or IDIQ task order.**
- 2. Bundling through the use of a non-SB vehicle. Some have only large businesses.**

# PCR Review Requirement

1. **PCRs must be provided a copy of or PCRs must review any proposed procurement** currently being performed by a small business, but **the quantity or estimated dollar value makes small business participation as a prime contractor unlikely.**

FAR 19.202-1(e)(1)(i).

2. At the SBA's discretion, PCRs may review “**any acquisition**” to determine whether a set-aside or sole-source award to a small business under one of SBA’s programs is appropriate. 13 CFR 125.2(b)(1)(i)(A).

# How does PCR Review Apply to Category Management?

## ✓ IDIQ contracts

-13 CFR 125.2(b)(1)(i)(A)

## ✓ IDIQ orders

-13 CFR 125.2(b)(1)(i)(A)

## ✓ FSS orders

-65 FR 36023 (6/6/00)

# 8(a) Contracts

**Once 8(a), Always 8(a) Rule** (13 CFR 124.504(d))

Follow-on requirement **must remain** in the 8(a) BD program **unless** SBA agrees to release it

Where new requirement contains 8(a) work, **must notify SBA**

## **8(a) Category Management Case Study: *Eminent IT (GAO B-418570)***

**Dept. of State removed requirement from 8(a) program to put on IT Schedule 70.**

Incumbent protested under “once 8(a), always 8(a)” rule.

**State argued that the requirement was “new” relative to the incumbent services, but GAO disagreed.**

**GAO: If not “new,” State should use 8(a) or obtain SBA’s release.**

# Rule of Two

## FAR 19.502-2(b)

The contracting officer ***shall*** set aside ***any acquisition*** over the SAT for small-business participation when there is a reasonable expectation that -

- (1) Offers will be obtained from ***at least two responsible small business concerns***; and
- (2) Award will be made at fair market prices.

# Rule of Two Category Management case study: *Mori Associates (Claims Ct.)*

1. NIH cancelled FSS award for IT help desk services under IT70 and decided to use CIO-SP2i.
2. No small businesses held a CIO-SP2i award.

**Result: Agency must apply the Rule of Two.**

**“nothing in the FAR provisions pertaining to task orders, or in FASA itself, exempts those purchases from the Rule of Two.” Case No. 10-298C**

# Rule of Two Category Management case study: *The Tolliver Group (Claims Ct.)*

1. The Army's Fort Sill canceled a GSA Schedule SDVOSB set-aside for training services.
2. Instead of setting aside the requirement, Army competed among large businesses on a non-set-aside multiple-award IDIQ contract.

**Result: Agency must apply the Rule of Two.**

**“In sum, the government’s failure to apply the Rule of Two prior to deciding to cancel the solicitations at issue is fatal to that decision, whether because that failure undermines the central rationale of the cancellation decision or whether because the decision to move the work to the TMS MAIDIQ prior to conducting a Rule of Two analysis constitutes an independent violation of law.” Case No. 20-1108C**

# **Rule of Two Category Management case study #2: *VSolvit* (Claims Ct.)**

- 1. USDA combined two IT maintenance contracts.**
- 2. USDA competed the requirement among both large and small vendors on GSA Schedule IT70. A small business protested that the requirement was not set aside.**

**Result: Agency does not need to apply the Rule of Two.**

**“Only when an agency intends to select a contract vehicle that does not have an exemption similar to FAR 8.404(a), does the Rule of Two set-aside determination apply.” Case No. 20-849C**

## **Rule of Two Category Management case study #3: *Itility* (GAO B-419167)**

- 1. DHS canceled a GSA Schedule SDVOSB set-aside task order for program management services. Changed from program management to IT.**
- 2. DHS elected to use Alliant 2. No small businesses hold an Alliant 2 contract.**

**Result: Rule of Two protest denied.**

**GAO previously held that set-aside task orders are discretionary, not mandatory. DHS's current requirements are different from ITility's task order. DHS requires IT-centric labor categories and expertise.**

# Category Management Tier Two: SBIR/SBIR Phase III Sole Source

GAO: **No competition** for an SBIR Phase III award that is **derived from, extends, or completes efforts** made under SBIR Phase I/Phase II.

**DOCUMENT FOR PUBLIC RELEASE**  
The decision issued on the date below was subject to a GAO Protective Order. This redacted version has been approved for public release.

## Decision

**Matter of:** ASRC Federal Data Network Technologies, LLC  
**File:** B-418765  
**Date:** August 28, 2020

Damien C. Specht, Esq., James A. Tucker, Esq., and Caitlin A. Crujido, Esq., Morrison & Foerster LLP, for the protester.  
Katherine B. Burrows, Esq., and Nathanael D. Hartland, Esq., Nelson Mullins Riley & Scarborough LLP, for American Systems Corporation, the intervenor.  
Morgan Hilgendorf, Esq., and Timothy J. Haight, Esq., Defense Health Agency, for the agency.  
John Sorrenti, Esq., and Christina Sklarew, Esq., Office of the General Counsel, GAO, participated in the preparation of the decision.

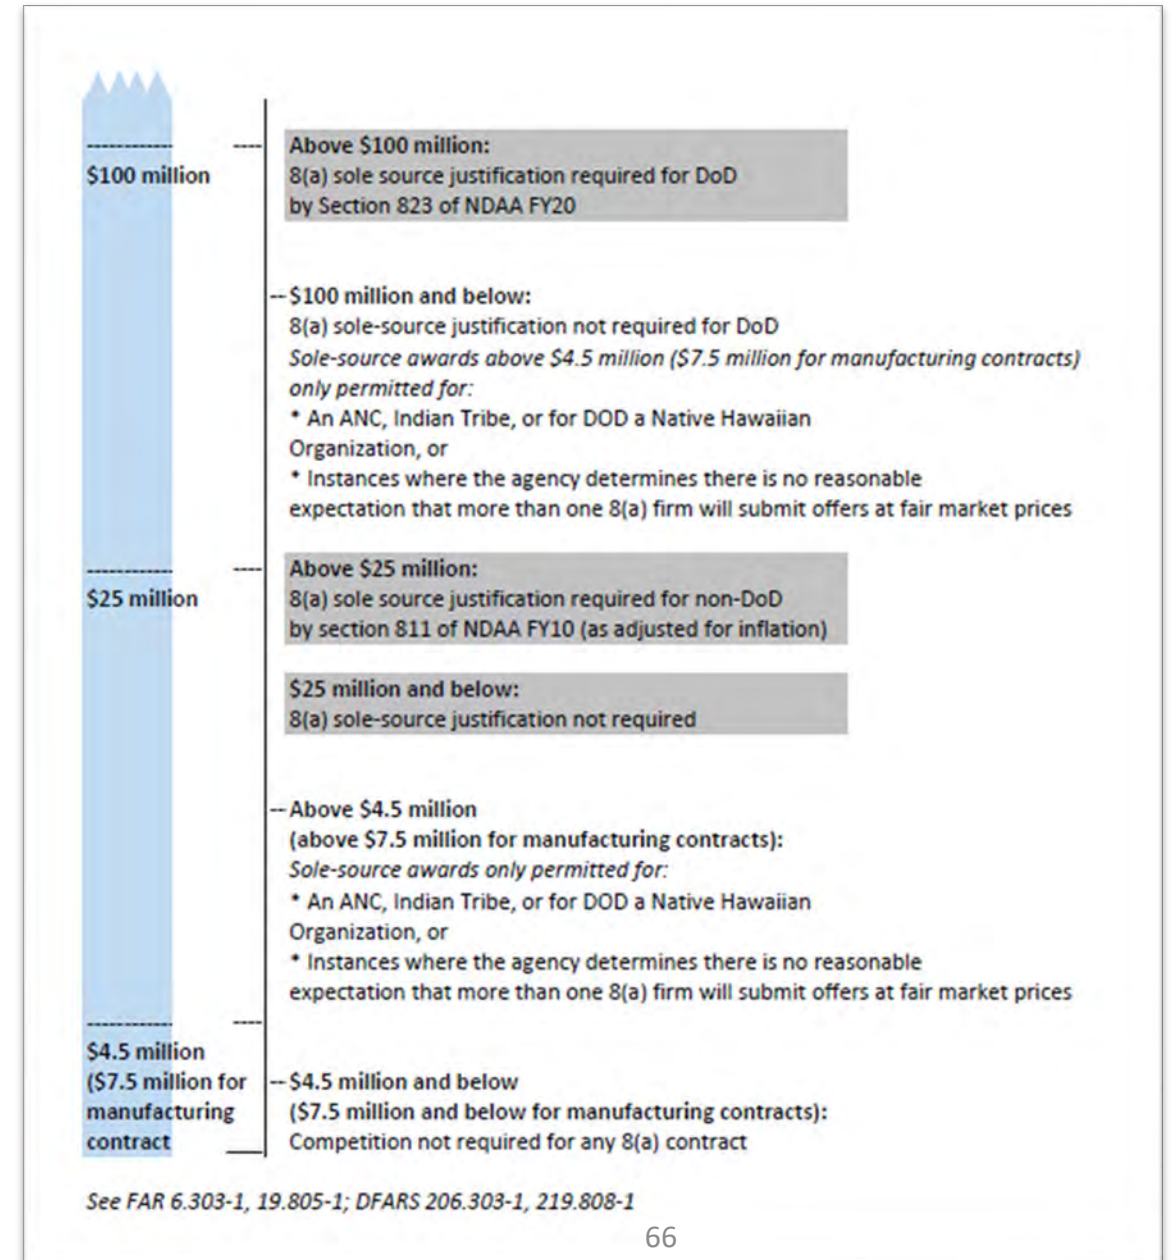

**DIGEST**

Protest that agency's issuance of a small business innovation research (SBIR) phase III sole-source task order was improper because the work required by the order did not derive from, extend, or complete a prior SBIR phase I or II agreement is denied where protester fails to show that the order's requirements do not incorporate any original concepts, findings, ideas, or research results generated through performance of a prior SBIR phase I or II contract.

**DECISION**

# 8(a) Sole-Source Authority

- At present, counted as SUM if part of an agency plan submitted to OMB
- Agencies can nominate an 8(a) firm, or submit an open requirement.
- SBA can conduct outreach to find 8(a) firms in needed industry categories—**But we have to know what those are**

# Today's Speakers

# Small Business and Category Management

# Table of Contents

- I. Policy Considerations and Flexibilities**
- II. Small Business Utilization Through Category Management**
- III. Increasing Small Business Participation Through Subcontracting**
- IV. Legal Obligations**

# Course Objectives

**As it relates to category management:**

**(1) Identifying best practices for procuring goods and services from small business concerns; and**

**(2) Avoiding conflicts with the requirements of the Small Business Act (15 U.S.C. 631 et seq.).**

**The purpose of this training is to assist federal agencies with understanding how they can successfully balance category management practices and small business utilization in prime and subcontracting.**

**The SBA works to ignite change and spark action  
so small businesses can confidently**

**START • GROW • EXPAND • RECOVER**

# **Increasing Small Business Participation Through Subcontracting**

# Background

# Purpose

**Federal Government contracting professionals can increase small business participation through subcontracting (while earning agency credit using SUM contracts) by:**

1. Knowing and understanding the regulatory requirements
2. Complying with the regulatory requirements
3. Utilizing practices that encourage small business participation as subcontractors

# Category Management Encourages Subcontracting

**Some multi-agency or government-wide procurements may be too large, complex, or multi-disciplined for small businesses to participate as prime contractors.**

**Subcontracting allows small businesses to continue to have a role in the successful performance of the overall contract.**

**Subcontracting includes any agreement that calls for supplies or services required for performance of the contract or a subcontract.**

**Subcontracting opportunities can exist through several subcontracting tiers.**

# Regulatory Requirements

# Subcontracting Requirements

- **Small business participation as a subcontractor stems from Section (8)(d) of the Small Business Act.**
- **The Act requires that small businesses are afforded a “maximum practicable opportunity” to participate as subcontractors.**
- **The Small Business Administration ensures that small businesses receive these opportunities through its [Small Business Subcontracting Assistance Program](#).**

# Regulatory Requirements

## Federal Acquisition Regulation (FAR)

### Subcontracting Assistance Program's regulatory requirements:

- The requirements for utilizing small business in Federal subcontracting are under Section 8(d)(1) of the Small Business Act. The details of when, what, and how to use the requirements are in FAR 52.219-8, *Utilization of Small Business Concerns*
- The requirements for when to obtain a Small Business Subcontracting Plan are under Section 8(d)(4) and 8(d)(6) of the Small Business Act. The details of when, what, and how to use the requirements are in FAR 19.7 - *The Small Business Subcontracting Program* and 52.219-9, *Small Business Subcontracting Plan*

# Applying Regulatory Requirements

- [52.219-8 Utilization of Small Business Concerns. | Acquisition.GOV](#)
- **Insert this clause in every Federal acquisition, whether awarded to a small business or an “other than small” business, that meets all the following criteria:**
  - Contact exceeds the simplified acquisition threshold
  - Is not performed entirely outside of the United States
  - Is not personal in nature
- [52.219-9 Small Business Subcontracting Plan. | Acquisition.GOV](#)
- **Insert this clause in every Federal acquisition awarded to an “other than small” business that meets all the following criteria:**
  - Contracts or modifications that causes a contract to exceed the subcontract plan dollar threshold (threshold is currently \$750,000 and \$1.5 million for construction contracts and includes options)
  - Has subcontract possibilities
  - Requires the clause at FAR [52.219-8](#)
  - Is not performed entirely outside of the United States
  - Is not personal in nature

# Resources for Understanding the Requirements

- Federal Agencies' Offices of Small and Disadvantaged Business Utilization (OSDBU) and Offices of Small Business Programs (OSBP)
- Federal Agency Small Business Professionals
- Small Business Administration's:
  - Government Contracting Area Office Customer Liaisons
  - Procurement Center Representatives (PCRs)
  - Commercial Marketing Representatives (CMRs)

# Compliance with the Subcontracting Assistance Program

# FAR 52.219-8, *Utilization of Small Business Concerns*

- Read [FAR 19.708 contract clauses](#)
- Review the acquisition to ascertain whether the FAR clause is applicable
- If it is applicable:
  - Insert the clause(s) in every applicable Federal contract awarded
  - Educate the contractor of the requirements to provide “maximum practicable opportunity” for small business to participate as subcontracts consistent with efficient contract performance
  - Remember that subcontracts can be direct or indirect
  - Remember applicability to “other than small” and small businesses

# **FAR 52.219-9, *Small Business Subcontracting Plan***

## **Five Steps**

- 1. Determine if the requirement meets the subcontracting plan regulatory requirements**
- 2. Determine if the requirement has subcontracting possibilities**
- 3. Determine the subcontracting goals for the solicitation**
- 4. Determine the evaluations factors**
- 5. Negotiate the Subcontracting Goals**

# Order-Level Goals

**Subcontracting plan goals for small businesses and socioeconomic groups are established in the contract with the awarding agency. All contracts can have only one subcontracting plan.**

**However, in multiple-award IDIQ contracts (such as those used in Category Management), an agency awarding a task order against a multiple-award IDIQ contract may require order-level goals.**

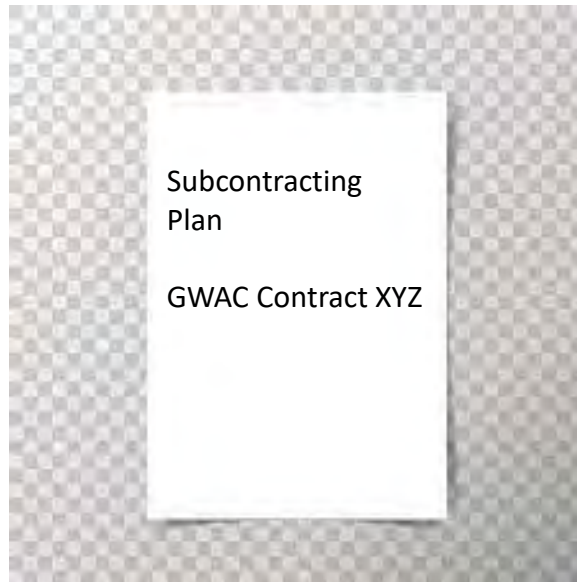

**FAR 19.705-1(b)(2): Contracting officers placing orders may establish small business subcontracting goals for each order. Establishing goals shall not be in the form of a new subcontracting plan as a contract may not have more than one plan (19.705-2(e)).**

**More opportunities exist for small business subcontractors at the task-order level than at the contract level.**

**Requiring order-level goals for an IDIQ contract emphasizes to the contractor that small business participation for the order is important and expected.**

# Order-Level Goals (cont'd)

**Subcontracting Plan is required in the overarching contract (i.e., GWAC contract #XYZ with GSA)**

**Order Level Goals can be required with orders placed against contract #XYZ**

Order-level goals do not replace the contract's overarching subcontracting plan and goals

# Strengthening Small Business Participation in Subcontracting

# Actions that Strengthen Small Business Participation in Subcontracting

Contracting Officers can include language in the solicitation that strengthens the contractor's commitment to small business utilization, such as:

- requesting the name of proposed small business subcontractors in the subcontracting plan,
- including small business commitment in the contract's evaluation factors;
- encouraging the establishment of teaming agreements and subcontracting agreements with small businesses, and
- including the small business subcontracting plan incentive at [FAR 52.219-10](#).

What encourages subcontracting at all subcontracting tiers of a procurement?

- (1) The inclusion of order-level subcontracting goals on IDIQ contracts
- (2) The flow-down subcontracting plan requirement

# Legal Obligations

# What Small Business Legal Obligations Apply to Category Management?

**Short answer: All the normal requirements!**

- **Category Management does not waive existing small business requirements**

**Long answer:**

- **Consolidation and bundling**
- **PCR review**
- **8(a) release requirement**
- **Rule of Two (with a few exceptions)**

**...plus some small business legal flexibilities to explore:**

- **SBIR/STTR Phase III sole-source authority**
- **8(a) sole-source authority**

# Consolidation and Bundling Restrictions

**Both specifically apply to task orders.**

**Consolidation – A solicitation for a single contract or order to satisfy multiple agency requirements previously lower in cost.**

**Bundling – Consolidating multiple requirements performed by small business (or suitable for small business) into a single contract or order likely to be unsuitable for award to small business.**

- 1. Must be justified by benefits**
- 2. Must notify the public for consolidation, substantial bundling**
- 3. Must consult with PCR at least 30 days prior**

# How does Consolidation and Bundling Apply to Category Management?

- 1. Consolidating multiple requirements into one FSS task order or IDIQ task order.**
- 2. Bundling through the use of a non-SB vehicle. Some have only large businesses.**

# PCR Review Requirement

1. **PCRs must be provided a copy of or PCRs must review any proposed procurement** currently being performed by a small business, but **the quantity or estimated dollar value makes small business participation as a prime contractor unlikely.**

FAR 19.202-1(e)(1)(i).

2. At the SBA's discretion, PCRs may review “**any acquisition**” to determine whether a set-aside or sole-source award to a small business under one of SBA’s programs is appropriate. 13 CFR 125.2(b)(1)(i)(A).

# How does PCR Review Apply to Category Management?

## ✓ IDIQ contracts

-13 CFR 125.2(b)(1)(i)(A)

## ✓ IDIQ orders

-13 CFR 125.2(b)(1)(i)(A)

## ✓ FSS orders

-65 FR 36023 (6/6/00)

# 8(a) Contracts

**Once 8(a), Always 8(a) Rule** (13 CFR 124.504(d))

Follow-on requirement **must remain** in the 8(a) BD program **unless** SBA agrees to release it

Where new requirement contains 8(a) work, **must notify SBA**

## **8(a) Category Management Case Study: *Eminent IT (GAO B-418570)***

**Dept. of State removed requirement from 8(a) program to put on IT Schedule 70.**

Incumbent protested under “once 8(a), always 8(a)” rule.

**State argued that the requirement was “new” relative to the incumbent services, but GAO disagreed.**

**GAO: If not “new,” State should use 8(a) or obtain SBA’s release.**

# Rule of Two

## FAR 19.502-2(b)

The contracting officer ***shall*** set aside ***any acquisition*** over the SAT for small-business participation when there is a reasonable expectation that -

- (1) Offers will be obtained from ***at least two responsible small business concerns***; and
- (2) Award will be made at fair market prices.

# Rule of Two Category Management case study: *Mori Associates (Claims Ct.)*

1. NIH cancelled FSS award for IT help desk services under IT70 and decided to use CIO-SP2i.
2. No small businesses held a CIO-SP2i award.

**Result: Agency must apply the Rule of Two.**

**“nothing in the FAR provisions pertaining to task orders, or in FASA itself, exempts those purchases from the Rule of Two.” Case No. 10-298C**

# Rule of Two Category Management case study: *The Tolliver Group (Claims Ct.)*

1. The Army's Fort Sill canceled a GSA Schedule SDVOSB set-aside for training services.
2. Instead of setting aside the requirement, Army competed among large businesses on a non-set-aside multiple-award IDIQ contract.

**Result: Agency must apply the Rule of Two.**

**“In sum, the government’s failure to apply the Rule of Two prior to deciding to cancel the solicitations at issue is fatal to that decision, whether because that failure undermines the central rationale of the cancellation decision or whether because the decision to move the work to the TMS MAIDIQ prior to conducting a Rule of Two analysis constitutes an independent violation of law.” Case No. 20-1108C**

# **Rule of Two Category Management case study #2: *VSolvit* (Claims Ct.)**

- 1. USDA combined two IT maintenance contracts.**
- 2. USDA competed the requirement among both large and small vendors on GSA Schedule IT70. A small business protested that the requirement was not set aside.**

**Result: Agency does not need to apply the Rule of Two.**

**“Only when an agency intends to select a contract vehicle that does not have an exemption similar to FAR 8.404(a), does the Rule of Two set-aside determination apply.” Case No. 20-849C**

## **Rule of Two Category Management case study #3: *Itility* (GAO B-419167)**

- 1. DHS canceled a GSA Schedule SDVOSB set-aside task order for program management services. Changed from program management to IT.**
- 2. DHS elected to use Alliant 2. No small businesses hold an Alliant 2 contract.**

**Result: Rule of Two protest denied.**

**GAO previously held that set-aside task orders are discretionary, not mandatory. DHS's current requirements are different from ITility's task order. DHS requires IT-centric labor categories and expertise.**

# Category Management Tier 1: SBIR/SBIR Phase III

## Sole Source

GAO: **No competition** for an SBIR Phase III award that is **derived from, extends, or completes efforts** made under SBIR Phase I/Phase II.

The decision issued on the date below was subject to a GAO Protective Order. This redacted version has been approved for public release.

### Decision

**Matter of:** ASRC Federal Data Network Technologies, LLC  
**File:** B-418765  
**Date:** August 28, 2020

---

Damien C. Specht, Esq., James A. Tucker, Esq., and Caitlin A. Crujido, Esq., Morrison & Foerster LLP, for the protester.  
Katherine B. Burrows, Esq., and Nathanael D. Hartland, Esq., Nelson Mullins Riley & Scarborough LLP, for American Systems Corporation, the intervenor.  
Morgan Hilgendorf, Esq., and Timothy J. Haight, Esq., Defense Health Agency, for the agency.  
John Sorrenti, Esq., and Christina Sklarew, Esq., Office of the General Counsel, GAO, participated in the preparation of the decision.

---

**DIGEST**

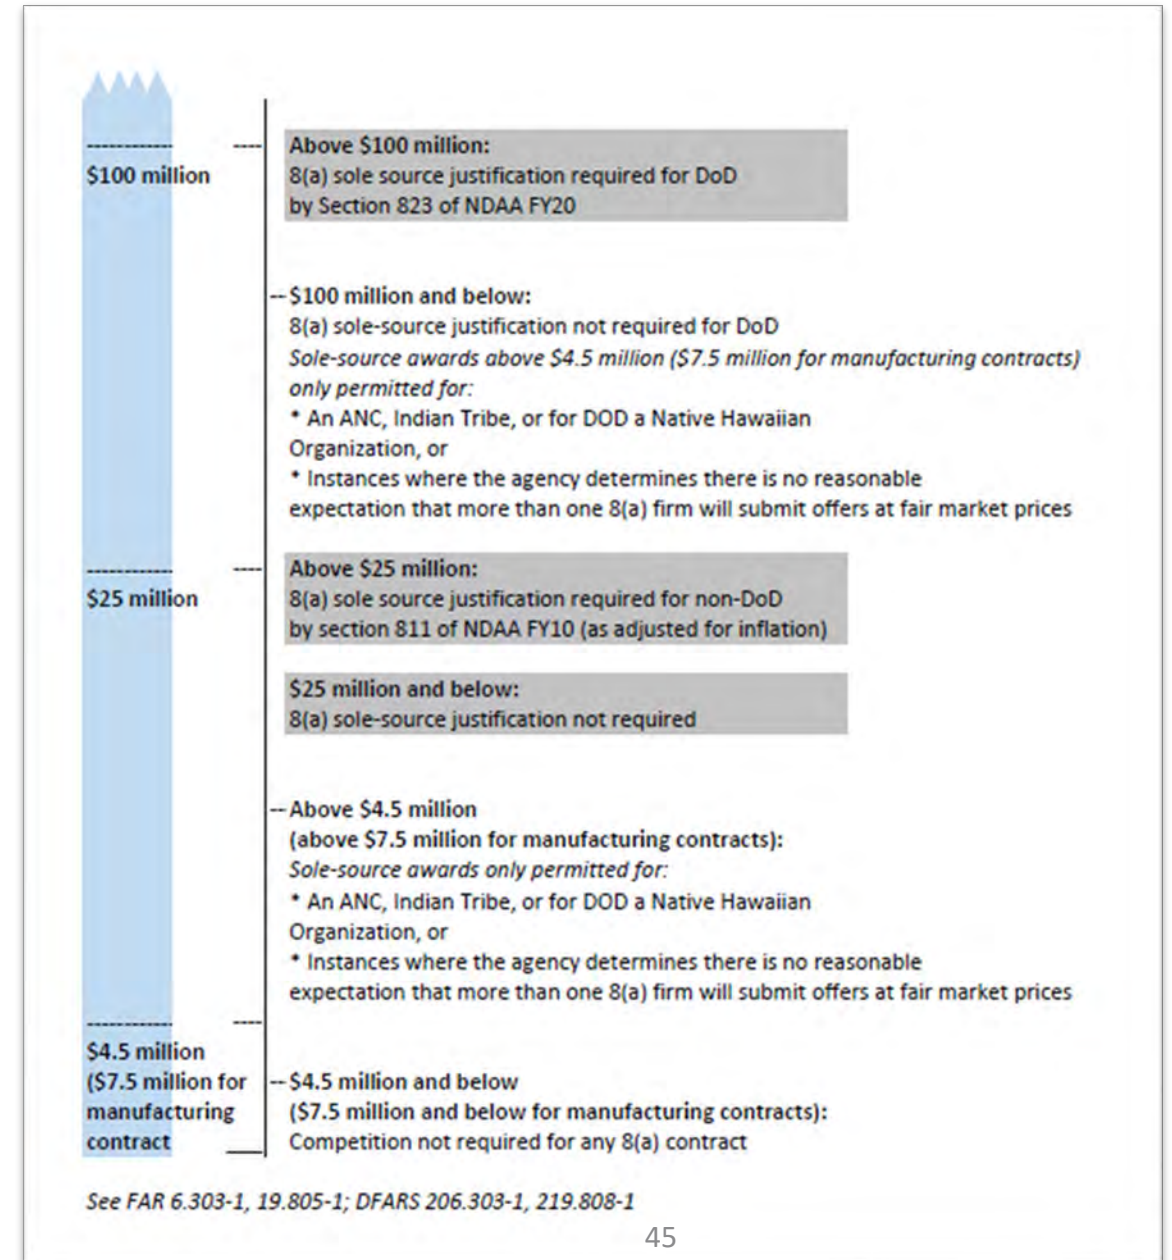

Protest that agency's issuance of a small business innovation research (SBIR) phase III sole-source task order was improper because the work required by the order did not derive from, extend, or complete a prior SBIR phase I or II agreement is denied where protester fails to show that the order's requirements do not incorporate any original concepts, findings, ideas, or research results generated through performance of a prior SBIR phase I or II contract.

**DECISION**

# 8(a) Sole-Source Authority

- At present, counted as SUM if part of an agency plan submitted to OMB
- Agencies can nominate an 8(a) firm, or submit an **open requirement**.
- SBA can conduct outreach to find 8(a) firms in needed industry categories—**But we have to know what those are**
