Emerging 200 Graduation

Come and join us to celebrate the graduation of the first 20 inner city businesses to have completed e200 in Boston!

Emerging 200, or e200, is an intensive training initiative geared to accelerate high-potential small business growth and job creation.

Economic Survival Expo

Twenty local inner city companies were selected to participate in e200 and attended regular sessions held at UMass Boston. These businesses come from a wide variety of industries including jewelry and clothing manufacturers, general contracting, IT consulting and tourism, have been in operation for at least three years and have annual revenues of about \$400,000.

Find out what resources are available to help you in these economically challenging times. Lenders, technical assistance providers and community organizations will be available to speak with you.
