2000 SMALL BUSINESS PROFILE:

South Carolina

Office of Advocacy

Small businesses in South Carolina are essential to the state's fiscal well-being. They provide business opportunities to their communities and to diverse groups, and they bring innovative products and services to the marketplace. Not only do they create a wide variety of jobs for the employment sector, but they also keep the economy churning. This year's *2000 Small Business Profile* assembled by the U.S. Small Business Administration's Office of Advocacy depicts the vital role of small businesses in the state's economy.

Number of Businesses. There were 86,924 employer businesses in 1999; roughly 97.2 percent were small businesses (fewer than 500 employees). The number of employer businesses increased by 2.4 percent, and the number of self-employed decreased by 9.3 percent in 1999. (Sources: U.S. Dept. of Labor, Employment and Training Administration; U.S. Dept. of Commerce, Bureau of the Census; U.S. Dept. of Labor, Bureau of Labor Statistics)

Women-Owned Businesses. Women owned 64,200 or 24.7 percent of businesses in 1997 and employed 100,284 people. (The data on women-owned firms are not comparable between 1997 and 1992, the previous year for which these data are available, since the 1997 data use a different receipt-size cutoff and include C corporations for the first time. Data on women-owned firms should not be aggregated across states as many firms are counted in more than one state. Firms were formerly classified as women-owned if women's share of ownership was 50 percent or more, but the 1997 data classify a firm as woman-owned if women's ownership share is 51 percent or more.) (Sources: U.S. Dept. of Labor, Bureau of Labor Statistics, U.S. Dept. of Commerce, Bureau of the Census)

Minority-Owned Businesses. Based on the latest available data from the Census Bureau, there were 2,000 Hispanic-owned firms; 23,200 Black-owned businesses; 3,500 Asian, Pacific Islander-owned firms; and 2,200 American Indian and Alaskan Native-owned businesses in 1997. (The data on minority-owned firms are not comparable between 1997 and 1992, the previous year for which these data are available, since the 1997 data use a different receipt-size cutoff and include C corporations for the first time. Data may not add to the total because an

owner may be a member of more than one minority group.) (Source: U.S. Dept. of Commerce, Bureau of the Census)

Business Turnover. There were 10,910 new employer firms in 1999, 5.7 percent less than the number created in 1998. In 1999, business bankruptcies totaled 191, a 24.8 percent decrease since 1998, while business terminations totaled 11,086, a decrease of 4.8 percent from 1998. (Sources: U.S. Dept. of Labor, Employment and Training Administration; Administrative Office of the U.S. Courts; U.S. Dept. of Commerce, Bureau of the Census)

Employment. Small businesses with fewer than 500 employees numbered 74,876 in 1998, and employed 711,547 of the state's 1,526,106 total non-farm private sector workers. Small business employment accounted for 46.6 percent of the state's total employment (Table 1). (Source: U.S. Dept. of Commerce, Bureau of the Census, Statistics of U.S. Businesses)

Small Business Income. A partial measure of small business income, non-farm proprietors' income totaled \$5.4 billion—an increase of 7.4 percent from 5.0 billion in 1998. (Source: U.S. Dept. of Commerce)

Finance. The SBA's Office of Advocacy banking studies ranked the 79 banks in the state that filed "call reports" with federal banking regulators on the basis of dollar value, number, and percentage of small commercial loans under \$1 million outstanding on June 30, 1999. (See Table 2 for the top-ranking small-business-friendly banks.) Small businesses seeking loans should also consider lenders that participate in the SBA's preferred or certified loan programs; for a list of these lenders, call the Small Business Answer Desk at (800) 827-5722. Small businesses looking for qualified investors can also turn to the Access to Capital Electronic Network (*ACE-Net*). Contact an *ACE-Net* operator at (907) 274-7232 or e-mail attac@arctic.net for more information.
