## **SBA's Deadline To Apply For Disaster Loans Is June 20**

**ATLANTA** – The U.S. Small Business Administration is reminding homeowners, renters, non-profit organizations and businesses that one month remains to submit disaster loan applications for damage caused by the severe storms and tornadoes February 5 through 6, 2008. **The deadline to file an application for physical damage is June 20.**

Disaster victims that sustained physical damage in Jackson, Lawrence and Walker counties and the adjacent counties of Blount, Colbert, Cullman, DeKalb, Fayette, Franklin, Jefferson, Lauderdale, Limestone, Madison, Marion, Marshall, Morgan, Tuscaloosa and Winston in the State of Alabama; Dade County in the State of Georgia; and Franklin and Marion in the State of Tennessee are eligible to apply.

The Small Business Administration offers loans up to \$200,000 to repair disaster damaged primary residences. Homeowners and renters are eligible for loans up to \$40,000 to replace personal property such as furniture, appliances and clothing. Loans to businesses of all sizes and non-profit organizations are available up to \$1.5 million to repair damage to real estate, machinery, equipment and inventory. Economic Injury Disaster Loans are also available to small businesses unable to pay bills or meet operating expenses because of the disaster.

Interest rates are as low as 2.750 percent for homeowners and renters and 4.000 percent for businesses with terms up to 30 years. Loan amounts and terms are set by the SBA and are based upon each applicant's financial condition.

Additionally, disaster victims with insurance should not wait for a settlement before applying to the SBA. If victims do not know how much of their loss will be covered by insurance or other sources, the SBA will consider making a loan for the total loss up to its loan limits, provided the borrower agrees to use insurance proceeds to reduce or repay their SBA loan.

The SBA also offers mitigation funds to disaster victims who have approved loans for real property. The funds are designed to help borrowers implement protective measures to prevent damages of the same kind in the future. Borrowers may request an additional 20 percent of their approved loan amount for the mitigation measures.
