## **SBA Economic Injury Disaster Loan Deadline For Private Non-Profit Organizations In Vermont Is May 15**

**ATLANTA** – The U.S. Small Business Administration reminds eligible Private Non-Profit Organizations (PNPs) that do not provide critical services of a governmental nature of the deadline to submit disaster loan applications for economic losses caused by severe storms, tornado and flooding that occurred on July 18, 2008. The deadline to file an application for an economic injury disaster loan is **May 15, 2009**.

Private Non-Profit Organizations (PNPs) located in Caledonia, Grand Isle, and Lamoille counties in the State of Vermont are eligible to apply to SBA. Examples of eligible non-critical PNP organizations include, but are not limited to, food kitchens, homeless shelters, museums, libraries, community centers, schools and colleges.

The SBA offers Economic Injury Disaster Loans up to \$2 million to help meet working capital needs, such as ongoing operating expenses for PNP organizations of all sizes. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.

Interest rates can be as low as 4 percent with terms up to 30 years. Loan amounts and terms are set by the SBA and are based on each applicant's financial condition.

"PNP organizations are urged to contact their county emergency managers to obtain information about local briefings. At the meeting, PNP representatives will need to provide information about their organization," said Frank Skaggs, Director of SBA Field Operations Center East.

This information will be used to submit a "Request for Public Assistance" which FEMA uses to determine if the PNP provides an essential governmental service and meets the definition of a "critical facility." Based upon that conclusion, FEMA will either refer the PNP to SBA for disaster loan assistance or possibly provide a "Public Assistance" reimbursement grant for eligible costs.
