## **Residents and Businesses Affected by Jesusita Fire Have Two Weeks Left to Apply for Federal Disaster Loans**

**Sacramento, CA** – Alberto G. Alvarado, Director of the U. S. Small Business Administration’s (SBA) Los Angeles District Office, announced today that individuals and businesses who have suffered property damage as a result of the Jesusita Fire have until **July 20, 2009** to apply for an SBA Federal disaster loan.

“Low-interest Federal disaster loans are available to homeowners, renters, businesses of all sizes and private, non-profit organizations whose property was damaged or destroyed by the disaster,” said Alvarado. “These loans are available in the SBA disaster declared counties of **Kern, San Luis Obispo, Santa Barbara and Ventura**,” he added. According to Alvarado, SBA has approved over \$2 million in Federal disaster loans for those affected by this disaster.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace damaged or destroyed personal property.

Businesses of all sizes and private, non-profit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. SBA can also lend additional funds to homeowners and businesses to help with the cost of making improvements that protect, prevent or minimize the same type of disaster damage from occurring in the future.

For small businesses and most private, non-profit organizations of any size, SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any property damage. The deadline to return economic injury applications is **February 22, 2010**.

Applicants may apply online using the Electronic Loan Application (ELA) via SBA’s secure Web site at <https://disasterloan.sba.gov/ela>.
