### **[www.Business.gov](http://www.Business.gov) Has New Search Features**

**Wyoming** - [www.Business.gov](http://www.Business.gov) has a new search engine to help you find information on Federal, State and Local small business programs, services and resources. You will find information to assist in starting, growing and managing your small business, all in one place! You don't have to search several different government websites for information. [www.Business.gov](http://www.Business.gov) has a unique service made for the needs of the small business community by reading and understanding the context of the keywords entered in the search box, and returns the most important results.

The following are some things you can do on the site:

- Search a government-wide index of regulatory agencies, and get results that help you meet government regulations.
- Search for financial and technical assistance programs that will help small businesses get started and expand.
- Search for information from your state government by entering in a topic and state name and get results specifically about doing business in your state.

If you were to choose Wyoming, you could find out how to get a professional license, register a business name, find tax registration requirements, incorporate a business, pay taxes and file forms, report new hires, find Worker's Comp requirements and much more.

[www.Business.gov](http://www.Business.gov) is the official business link to the U.S. Government [www.Business.gov](http://www.Business.gov) is managed by the U.S. Small Business Administration in a partnership with 21 other federal agencies. This partnership, known as Business Gateway, is a Presidential E-government initiative that provides a single access point to government services and information. So, just key in Wyoming and see what you find on [www.Business.gov](http://www.Business.gov).
